Deputy Inspectors of Schools, Sub-Inspectors of Schools, and *bonâ fide* school-masters of two years' standing, or of six months' standing in the case of those who have been admitted to a former examination of the same class, will be admitted to the above-mentioned examinations. These latter must serve for six months since the date of the examination *last held by the University, i.e.*, in the year previous to the examination to which they wish to be admitted, and they must complete six months' service *before* the submission of their applications to the Inspector for countersignature. The applications of school-masters should be accompanied by a certificate of length of service (with dates) from the Managers of the schools in which they are employed, together with Entrance or F.A. pass certificates, and in the case of plucked candidates the Registrar's receipt also for the last F.A. or B.A. examination, as the case may be, and should reach this office not later than the 16th January 1905.

Candidates should read carefully the certificate which this office is called upon to sign, and should be careful to supply all information and documents required, without which the Inspector must decline to sign the certificate.

The F.A. and B.A. examinations begin on the 22nd March 1905.

These applications with fees must be forwarded to the Registrar of the Calcutta University by the candidates themselves so as to reach him on or before the 7th February 1905.

BANKIPORE,
The 3rd August 1904.

W. BILLING,
Inspector of Schools, Patna Division.

N. B.—Rule 6 of the Junior Scholarship Rules reads as follows:—"No candidate shall be eligible for a scholarship who has not studied for the whole session previous to the examination in the school to which he belongs at the time of presenting himself at the Entrance examination unless he has been transferred within that period with the sanction of the Circle Inspector."

CHITTAGONG DIVISION.

Rules for the admission of Private Students to the University Examinations of 1905.

I.—ENTRANCE EXAMINATION.

1. Private students are those who do not appear from any school, or who have been transferred from one school to another after the 31st August without the consent of the Inspector of Schools.

2. The term "private students" includes school-masters.

3. Private students must attend the test-examination of one of the undermentioned schools on dates to be fixed by the Head Masters:—

(1) Comilla Zilla School.
(2) Brahmanbaria Annada High School.
(3) Chandpur High School.
(4) Noakhali Zilla School.
(5) Feni High School.
(6) Chittagong Collegiate School (with the Principal's permission).
(7) Chittagong Madrasah.
(8) Chittagong Municipal High School.
(9) Rangamati Government High School.

4. Applications for permission to appear at the test-examination should be made to the Inspector of Schools, and they must reach his office on or before the 15th November 1904.

5. Every private candidate shall state in his application whether he is an ordinary private candidate or a school-master, his age, residence and father's name, the school at which he desires to appear for the test-examination and his postal address.

6. Every private candidate who is not a school-master must satisfy the following conditions:—

(a) That he has not failed at the test-examination of any Entrance School during the current session.
(b) That he did not fail to get promotion to the first class of any Entrance School after the annual examination of the second class in the last session.
(c) That he left the school in which he last read with a transfer certificate, or (in case of a plucked student) he is in possession of the Registrar's receipt.

7. A school-master must file with his application a certificate from the Secretary or Proprietor of the school in which he is serving to the effect that he has been a *bonâ fide* paid teacher of the school for six months. In case he has served in more schools than one, he must produce the required certificates from all the schools.

8. If this office is satisfied that the necessary conditions have been fulfilled, the permission asked for will be granted and the candidate shall make arrangements to be identified to the satisfaction of the officer conducting the test-examination.

9. Each private student shall pay a fee of Rs. 2 to the Head Master of the school at which he appears for the test-examination and satisfy him as to his character.

10. The Head Masters of the abovenamed schools are requested to sign the application forms of candidates whom they recommend for presentation and to forward with the application forms the marks obtained by such candidates at the test-examination. Private candidates should make their own arrangements to remit their examination fees and application forms to the Registrar of the Calcutta University.

II.—F.A. and B.A. Examinations.

1. Deputy Inspectors of Schools, Sub-Inspectors of Schools, and *bonâ fide* teachers of recognised English schools, who have served as such for the full period of two academical years after passing the Entrance Examination, will be admitted to the F.A. Examination; and those who have served for the same period after passing the F.A. Examination will be admitted to the B.A. Examination. Candidates who once failed to pass the F.A. or B.A. Examination may be admitted to the same examination if they have served for a term of six months since the date of the last examination.

2. *Bonâ fide* teachers of English schools are those who hold regularly paid appointments in recognised English schools teaching at least the Middle English standard.

3. All applications from school-masters to the Inspector for permission to appear at the F.A. or B.A. Examination should be accompanied by certificates of length of service (with dates) from the Secretaries of the schools in which they are employed, and should reach this office not later than the 5th January 1905.

4. The application of a school-master for admission to the F.A. or B.A. Examination should be signed by him in the presence of the Secretary or a Member of the Managing Committee of the school in which he is employed. It should then be forwarded to the Inspector for his signature, accompanied by (a) a certificate from the Secretary or a Member of the Managing Committee to the effect that it has been signed by the candidate in his presence; (b) the University certificate of the candidate in proof of his having passed the Entrance or F.A. Examination, as the case may be; and (c) the Registrar's receipt to prove, if this be the case, that the candidate appeared at the examination held in any previous year.

5. After signature by the Inspector, the application, together with the documents that may accompany it, will be returned to the candidate, who will have to send the application and the examination fee to the Registrar of the Calcutta University, so as to reach his office on or before the date fixed for the purpose.

NOTICES TO MARINERS.

GOVERNMENT OF BENGAL—MARINE DEPARTMENT.

THE following Notices are published for general information.

D. B. HORN,
Secretary, Marine Department.

CALCUTTA, *the 5th August 1904.*

EASTERN ARCHIPELAGO—JAVA, EAST COAST—SURABAYA APPROACH.

Sembilangan light—Character altered—Light exhibited from Pilot vessel.

No. 269 (first publication).—The British Admiralty has given notice (No. 553 of 1904) that, on 17th May 1904, the white fixed light on Slimpil point, near Sembilangan, was altered to a *white flashing* light, showing a flash of one second duration *every three seconds.* The new light is of the 2nd order, the illuminant being acetylene.

Approximate position, lat. 7° 3¾′ S., long. 112° 40½′ E.

Also, that on the same date a *white fixed* light will be exhibited from the pilot vessel, moored at a distance of 4½ miles N. 4° W. from the beacon on the head of the breakwater extending from cape Piring. This light should not be considered as a navigational light.

Approximate position, lat. 6° 52′ S., long. 112° 43¾′ E.

(Variation 2° Easterly in 1904.)

This Notice affects the following Admiralty Charts :—Eastern Archipelago, No. 941b; Java, No. 1654; Surabaya strait on Chart No. 934 : Also, List of Lights, part VI, 1904, No. 498, and Remarks ; Eastern Archipelago, part II, 1893, page 141 ; and Supplement, 1899, page 13.

KOREA, WEST COAST—CHEMULPHO APPROACH.

Warren island—Light established.

No. 270 (first publication).—The British Admiralty has given notice (No. 558 of 1904) that the Korean Government has established on Warren island a *group flashing* light, showing groups of four flashes *every forty-two seconds.* This light shows *red* over Chasserian rock, between the bearings of N. 27° E. and N. 44° E., and *white* in other directions ; it is elevated 130 feet above high water, visible in clear weather from a distance of 12 miles, and shown from a building about 28 feet high. Each flash, and eclipse, in the group occupies about seven seconds ; and the groups of flashes are separated by an eclipse of fourteen seconds.

Approximate position, lat. 37° 9′ N., long. 126° 21′ E.

(Variation 5° Westerly in 1904.)

This Notice affects the following Admiralty Charts :—Approaches to Seoul, No. 1258 ; Chemulpho anchorage, No 1270 : Also, List of Lights, part VI, 1904, No. 830 ; and Sailing Directions for Japan, &c., 1904, page 56.

CHINA, EAST COAST—Mirs bay—Long harbour.

Warburg rock—Decreased depth over.

No. 271 (first publication).—The British Admiralty has given notice (No. 559 of 1904) that Warburg rock, in Long harbour, having recently been examined by divers, with a view to its removal, was found to consist of a number of boulders, on the shallowest of which the depth was only 3½ fathoms. This was a sharp egg-shaped pinnacle, on which the lead would not rest.

Approximate position, lat. 22° 28′ N., long. 114° 21′ E.

This Notice affects the following Admiralty Charts:—Macao to Pedro Blanco, No. 3026; Mirs bay, No. 1964; Long harbour, No. 3386: Also, China Sea Directory, vol. III, 1904, page 130.

PACIFIC OCEAN—THE PHILIPPINES—ROMBLON ISLAND.

Port Romblon—Lights and beacons established.

No. 253 (*third publication*).—The British Admiralty has given notice (No. 505 of 1904) that the undermentioned lights and beacons have been established in port Romblon:—

LIGHTS—

1. Two *red fixed* leading lights, each visible from a distance of 2 miles, have been established on two wooden beacons surmounted by white triangular top-marks; the front light stands in the water, and has been placed on the Charts at a distance of 1¾ cables N. 15° E. from port Romblon pier head; the rear light on the shore three-quarters of a cable S. 68° E. from the front light. These two lights in line S. 68° E. lead between the reefs into the harbour.

Approximate position of pier head, lat. 12° 35′ N., long. 122° 17′ E.

2. Sabang point. A *white fixed* light, elevated 116 feet above high water, and visible in clear weather from a distance of 10 miles, has been established in a small concrete tower, 18 feet high, and painted white, erected at a distance of 1½ cables within the extremity of Sabang point; it has been placed on the Chart at a distance of 10¼ cables N. 5° W. from the pier head.

BEACONS—

a. Binagon point. A pole beacon, surmounted by two six feet square shapes, the uppermost of which is painted white, with a red two feet square in the centre, has been erected on a concrete base in a depth of 5 feet at low water, at a distance of 1¼ cables N. 17° W. from Binagon point.

b. Agbatan point. An iron beacon, surmounted by a six feet square shape, painted white with a black two feet square in the centre, has been erected at a distance of 1¾ cables S. 86° W. from Agbatan point.

c. Sabang point. An iron beacon, surmounted by an eight feet square shape, painted white with a black two feet square in the centre, has been erected at a distance of 3¼ cables S. 37° W. from Sabang point.

RESOLUTION ON THE ANNUAL REPORT ON REFORMATORY SCHOOLS.

GENERAL DEPARTMENT—EDUCATION.

Calcutta, the 5th August 1904.

RESOLUTION—No. 2716.

READ—

The Annual Report on the Reformatory Schools at Alipore and Hazaribagh for the year 1903.

Admissions.—In the Resolution recorded by this Government on the Report for the year 1902, attention was drawn to the fact that there had been a noticeable increase in the annual number of admissions since the year 1899, when they amounted to 99 only. It is satisfactory, therefore, to observe that the number of admissions in the two schools fell from 156 in 1902 to 107 during the year under review, this being the lowest figure reached in the last four years. Government has often expressed a belief that many of the boys sent to the Reformatories might be more suitably dealt with under the provisions relating to youthful offenders in the Criminal Procedure Code and the Reformatory Schools Act; and the Lieutenant-Governor is, therefore,

gratified to observe that the Boards of Management have been careful to scrutinize the admissions with the object of ascertaining whether any of the boys sent to the Reformatories could not have been better treated under the provisions already referred to. As a result of this examination, 28 boys were released during the year as against 12 in 1902 and 4 in 1901.

It has been ascertained from the judicial returns for the year that 269 youthful offenders were discharged on probation of good conduct under section 562 of the Criminal Procedure Code, and that 30 boys were discharged after admonition or made over to their parents or guardians under section 31 of the Reformatory Schools Act.

2. *Health, discipline and education.*—The health of the boys was on the whole satisfactory in both the schools. There was a slight decrease in the number of offences and punishments in the Alipore School; but they were more numerous at Hazaribagh than in the preceding year. Proper attention was given to the education, moral discipline and physical exercise of the boys. The Lieutenant-Governor regrets to notice the case of suicide which occurred at the Alipore School and which is said to have been facilitated by the structural defects of the cubicles. Steps have been taken to prevent the recurrence of such cases.

3. A report on the arrangements for separating the boys at night in this school was submitted during the year. It was represented that these arrangements are a relic of the days when the building was a jail; that they are open to strong objections as prejudicial to the health and spirits of the inmates; and that they are unsuitable at any rate for the younger boys. On receipt of this report, the Lieutenant-Governor intimated that he would be prepared to consider any well-devised scheme which the Board might formulate for the purpose of improving the present arrangements. Subsequently, the Director of Public Instruction inspected the school, and reported that to put it on a really satisfactory footing it would be necessary to devise a comprehensive scheme of rebuilding and reorganization. He stated that, in spite of all improvements, the institution could, in his opinion, never be a school, but would always retain the character of a jail, unless a radical change was made in the structural condition of the old building. At the same time he pointed out that the area of the land is limited, the buildings unsuitable and the cubicles insanitary; and that, in these circumstances, it was undesirable either to enlarge or to rebuild the school on its present site. He was convinced, therefore, that the most satisfactory arrangement would be to remove the school to a short distance from Calcutta.

It appears to the Lieutenant-Governor that in the present state of the buildings it is difficult to give effect to the principles enunciated by the Government of India in their Resolution No. 374-79, dated the 2nd September 1899; that the present defects of the structure can only be removed by a large and expensive building scheme; and that it would be impolitic to carry out such a scheme on the area at present occupied by the school, if suitable arrangements can be made for its removal elsewhere. In these circumstances, Sir Andrew Fraser has directed that the question should be considered in all its bearings by a representative Committee, which will now be formed for the purpose.

4. *Industries.*—During the year the recognized policy of Government that all boys of the agricultural classes should be concentrated at Hazaribagh, and all boys of the industrial castes at Alipore, was given effect to. The plan of adapting the instruction given to the boys to their hereditary occupations also received careful attention; and with this object the number of industries in the Alipore School was increased from 9 to 13. The need of teaching the boys the trades of their castes has been frequently emphasised by Government and is again illustrated by the figures supplied for the year under review. Out of 161 boys released from the Alipore School during the three years preceding the year under report, only 22 were found to be following the industries taught them at the school; and out of 189 boys released from the Hazaribagh Reformatory during that period, only 75 were employed in the pursuits in which they had been trained. These figures are, it is true, not altogether conclusive, inasmuch as many of the boys released

could not be traced or had died, others were unemployed or with friends, while some were of bad character or had been reconvicted. The number thus accounted for was 89 in the case of the former, and 83 in the case of the latter, school. At the same time, the fact that 50 of the boys released from the Alipore Reformatory and 31 of those discharged from the Hazaribagh School were following occupations other than those taught to them appears to show that the efforts made to train the boys for their future careers have not been altogether successful. The Lieutenant-Governor is aware that the Board are alive to the importance of this matter; and trusts that they will continue to give it their careful attention.

5. *Licensing.*—The Lieutenant-Governor observes with pleasure that the system of licensing has been more extensively resorted to than has hitherto been the case. Besides the 46 boys already working under this system at the close of the year 1902, as many as 114 boys were licensed out as against 66 during the preceding year. Out of the 89 boys of the Alipore School under license, 19 escaped from their employers and 17 were returned to the school for bad conduct; while of the 71 boys licensed out from the Hazaribagh School, 13 boys were returned to the school. It is regrettable that this system proved a failure in so many cases. As observed in last year's Resolution, it is necessary that care should be exercised in the first instance in the selection of boys for such employment; but His Honour is also disposed to consider it possible that these failures may partially be due to the fact that some of the boys selected have not been trained specially for the occupation followed by them under license. In particular, this seems to be the case with boys licensed out for employment in jute mills and other similar institutions for which no special training has hitherto been provided in the reformatory. In last year's Resolution it was observed that a proposal for training boys for such employment was under consideration. The scheme referred to has since been approved by Government; and it has been decided to introduce a spinning and weaving department in the Alipore School. As a large number of the boys licensed out are employed in jute and silk mills, the Lieutenant-Governor hopes that the introduction of this industry in the School will tend to make this system more successful.

During the year, the Lieutenant-Governor approved, as an experimental measure, a proposal that boys of inferior castes should be licensed out as domestic servants to employers of labour who are private persons. It is trusted that this measure will lead to a further extension of the licensing system.

6. *Tracing of discharged boys.*—The percentage of failures to trace out the histories of boys for three years after their release was the same in 1903 as in the previous year; and the Lieutenant-Governor would again invite the attention of the officers of the Education Department to their duties in this respect. One of the chief objects which the Government of India had in view in transferring the management of the Reformatories from the Jail to the Education Department was to attain more complete and satisfactory information about boys who had left the schools than was possible under the old system. It was stated that it was desirable that the boys should not be left without help and guidance on leaving school, and that a watch should be kept over them, both in their own interests and also in order that the result of the working of the schools might be known. It is evident from the large number of cases in which the histories of boys after their release is unknown that this object has not yet been attained. The Lieutenant-Governor has recently sanctioned the appointment of an additional Sub-Inspector of Schools to assist in maintaining a watch over released boys in Calcutta; and as over one-third of the boys discharged from the Alipore School belong to that city, there should, His Honour considers, be a marked improvement, in future, in tracing out and finding employment for such boys.

Offg. Secretary to the Govt. of Bengal.

RESOLUTION ON THE ANNUAL REPORT OF THE CIVIL VETERINARY DEPARTMENT, BENGAL, AND OF THE BENGAL VETERINARY COLLEGE.

Letter No. 1926A., dated the 9th July, 1904, from the Director of the Department of Land Records and Agriculture, Bengal, submitting the above report with his remarks.

The Report was due on the 1st July 1904, but was not received by Government till the 25th idem.

2. *Veterinary Dispensaries and Veterinary Assistants.*—During the year under review two new dispensaries were opened, one at Noakhali and the other at Dinajpur; a third dispensary was established at Purnea, but could not be opened, as it was impossible to secure the services of a qualified Veterinary Assistant. The total number of dispensaries working at the close of the year was 22. The growing popularity of these institutions is again illustrated by the increase in the number of animals which received treatment, particularly in that of out-patients which was nearly doubled, during the year. The most marked feature in the work of the Department was the increase in the number of cases treated in the villages by itinerant Veterinary Assistants; 60,151 animals having received treatment from these officers as against 21,439 in the previous year and 7,346 in the year 1901-02. The Lieutenant-Governor is of opinion that in no way can the Department prove more useful to the people at large than by sending out officers of this stamp, to be constantly on tour in the interior, to inoculate freely for rinderpest and to report upon and deal with outbreaks of all kinds of epizootic diseases. His Honour regards the development of this work as one of the most important functions of the Department, and is pleased to observe the increasing extent to which the benefits of veterinary science are being brought home to the peasantry. At present, however, the number of qualified men is insufficient to fill the posts for which they are required; and during the year under review it was again found to be impossible to meet the demands of several districts. In order to overcome this difficulty, the Lieutenant-Governor has recently sanctioned the proposal of the Director of Land Records that, as a temporary measure, vacancies in the subordinate staff of the Department should be filled by veterinary graduates from Bombay and Lahore until a sufficient number of Bengal veterinary graduates are available for employment.

3. *Epidemic diseases.*—The number of animals (57) admitted into the Belgachia Contagious Diseases Hospital was the same as in the previous year. Of these, 43 were found to be suffering from Glanders and had to be destroyed, and one died of that disease. The Superintendent of the Veterinary Department observes, however, that these cases represent a mere fraction of those actually existing in Calcutta. The introduction of the Glanders and Farcy Act, XIII of 1899, into that city and its suburbs has long been contemplated by Government; but, as stated in last year's Resolution, it has hitherto been deferred, on financial grounds, pending the revision of the provincial settlement. The necessary provision has, however, now been made in the budget; and it is hoped that before the end of the current year it will be possible to give effect to this most salutary and necessary measure.

4. There was a slight increase in the total number of cases of cattle-disease reported from the districts during the year. There was a very marked increase in the number of animals attacked by foot-and-mouth disease, and a noticeable decrease in the number of those suffering from rinderpest. There were over 25,500 cases of the former disease as against 8,436 in the previous year; very severe outbreaks occurring in Backergunge and Palamau, from each of which districts over 9,000 cases were reported. The preventive measures

taken in the former district were most effective; practically every animal affected received treatment; and it is satisfactory to observe that the percentage of deaths was as low as ·04. On the other hand the number of animals attacked by rinderpest (15,266) was the lowest on record during the last four years; and it is clear that there has been a steady and general decrease in the number of such cases since the year 1900-01 when they reached the large total of nearly 64,000. As in the previous year, this disease was specially prevalent in the districts of Khulna and Palamau, nearly 3,000 animals being attacked in the former and over 4,500 in the latter district. Altogether 9,454 cattle were immunised, but unfortunately these operations had to be suspended owing to a deficiency in the supply of serum and partly also in consequence of the smallness of the staff available. This stoppage of the supply was the more regrettable, as it occurred at the beginning of the rinderpest season when, owing to the outbreaks which occurred in various places, the demand was at its greatest.

5. *Improvement of Stock.*—The question of establishing depôts for the rearing of bulls in this Province came under the consideration of Government shortly before the close of the year. The scheme which has been approved by the Lieutenant-Governor is that animals should, in the first instance, be selected for cattle-breeding operations from the farms at Pusa and Sripur, and that, where the conditions of climate vary, they should be sent away to be acclimatised before being used. For this purpose, it is proposed that the farms at Pusa and Sripur should be utilised for young bulls intended for service in Bihar and Bhagalpur, and that depôts for Central and Northern Bengal should be established at Belgachia and Rampur Boalia. The purchase of cattle for breeding operations at the Pusa farm has been entrusted to the Bengal Veterinary Department, and Major Raymond was engaged during the year in making arrangements for the purchase of suitable animals.

6. *The Veterinary College.*—Altogether 43 students were under instruction throughout the year. The results of the examinations of the three classes were extremely satisfactory; and the Lieutenant-Governor agrees with the Director of Land Records that they are highly creditable to the Principal and the teaching staff of the College.

7. *Belgachia Infirmary.*—There was an increase of 434 in the total number of cases treated in the infirmary during the year, which was mainly due to the large number of in-patients received. Altogether there were 2,819 patients of all classes; and 723 operations were performed as against 623 in the previous year. The Superintendent draws attention to the fact that though a large number of cruelty cases came before the Magistrates of Calcutta, comparatively few animals were sent by them to the Infirmary. There is reason to believe that cruelty would be more effectually prevented if, instead of fining the owners and allowing them to continue to work their animals, Magistrates were to send the latter to the hospital for treatment. The attention of Magistrates in Calcutta has been drawn to the matter.

8. *Financial.*—The Provincial cost of maintaining the Department exceeded that of last year by over Rs. 15,000. The increase was chiefly due to greater expenditure on account of the pay of lecturers, increased establishment, the feeding of animals and contingencies.

9. The Lieutenant-Governor has much pleasure in acknowledging the zeal and ability with which Veterinary-Major Raymond managed the Department during the year, and agrees with the Director of Land Records that he deserves great credit for the progress which has been made in its development.

By order of the Lieutenant-Governor of Bengal,

Offg. Secy. to the Govt. of Bengal.

PRELIMINARY FORECAST OF THE SUGARCANE CROP OF BENGAL, 1904.

The 3rd August 1904.—The following note is published for general information.

H. LEMESURIER,
Offg. Secy. to the Govt. of Bengal.

DEPARTMENT OF LAND RECORDS AND AGRICULTURE, BENGAL.

Preliminary Forecast of the Sugarcane Crop of Bengal, 1904.

Character of the season.—The success of the sugarcane crop depends a good deal on occasional showers being obtained during the dry season, viz., from January to June. It enables cultivators to do the sowing without artificial irrigation and to grow the coarser varieties of sugarcane afterwards, also without irrigation. These were very nearly the conditions that prevailed throughout the province during the dry season that has just passed. In January light showers were obtained in Bihar and in the districts of Dacca and Mymensingh; though little or no rain was obtained in the remaining districts. In February and March rainfall was of normal character throughout the province, except in the Burdwan and Chittagong Divisions, which received rain above the normal. In March rainfall in the Dacca and Rajshahi Divisions was below normal, but in the Chota Nagpur Division it was much above the normal. In April there was little rain in the Burdwan, Patna, and Chota Nagpur Divisions, though Dacca and Chittagong Divisions received nearly double the usual rainfall during this month. In May and June copious rainfall was obtained throughout the province. In the Chota Nagpur Division the rainfall in May was greatly in excess of the normal. Thus, on the whole, the season was very favourable during sowing and the first period of the growing stage of the crop.

2. *Area sown.*—The normal area under sugarcane in this province is now estimated at 690,300 acres, and the actual area sown this year at 645,100 acres, against 646,400 acres in the previous year. Notwithstanding the favourable character of the season, the tendency towards shrinkage of area under this crop which has been noticed for a few years seems to continue.

3. *Character of the crop.*—It will be seen from the summary of the district returns appended to this report, that in sixteen districts the outturn is expected to reach or to exceed the normal. Fifteen other districts anticipate an outturn of 90 to 99 per cent. For nine other districts the estimate varies from 80 to 89 per cent., and for the remaining five from 70 to 79 per cent.

4. *Outturn.*—The District Officers' returns work up to a general outturn of 92 per cent. for the whole province. Considering the specially favourable character of the season, I am inclined to raise this estimate to 95 per cent.

S. L. MADDOX,
Offg. Director of Land Records and Agriculture, Bengal.

The mean pressure, temperature, etc., are deduced from the traces of the Barograph and Thermograph, and from eye observations.

The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected to those of the standard, Newman's No. 86, formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV and V of the official tables computed in the Meteorological Office, and based on Regnault's modifications of August's formula.

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground. Rainfall reported on any day is for 24 hours preceding 8 A.M. of that day.

o, overcast; g, gloomy; d, drizzling rain; p, passing temporary showers; t, thunder.

NOTIFICATION.

WITH a view to give a further stimulus to the cause of female education, and to encourage girls to continue to read up to comparatively high standards, the following relaxation of the rules in favour of Hindu and Muhammadan girls obtaining Primary or Middle Scholarships has been sanctioned in Government orders No. 1074T.G., dated the 23rd June 1904:—

If a Hindu or Muhammadan girl obtains a Primary or Middle Scholarship and is unable to attend any recognised school, owing to the customs obtaining in Bengal or to the circumstances of the particular class to which the scholar belongs, or to distance from any suitable school, then, if the scholar still prosecutes her studies to a higher stage, the scholarship gained by her will be held to her credit subject to the following arrangements:—If before the expiration of the period for which the scholarship is to be held the girl-pupil in question submits to an examination to be held by an Inspectress of Schools, or by a female teacher for Zenana education, or by an Inspector of Schools, or by a Deputy Inspector of Schools, or by some officer specially selected by the Inspector of Schools for the purpose, and if the scholar is found on such examination to have attained the desired higher stage of education, then the scholarship money, which would under ordinary circumstances have been paid to her in the form of monthly stipends, may be paid to her as a prize.

Education Department Notice.

(a) The Primary and Middle Scholarship examinations from the year 1904 onwards will be held as private school examinations, and a few selected candidates only will be examined for the scholarships. The courses prescribed are intended for the candidates for scholarships. It is optional with schools not preparing such candidates to use the books included in this course, or other books from the list of books approved and published by Government. A combined list of all the books approved by Government under the new scheme is separately published (E). It is optional with private schools to introduce books approved under the new scheme and compete for scholarships.

(b) Authors and publishers of the books included in the courses above prescribed are informed that the price of the books is considered as part of the approval here given. Any unauthorised increase of the price of a book may result in the withdrawal of the book from the approved list. The books must also conform to the standard required by the Text-Book Committees as regards such matters as general get-up, printing, paper, binding and illustrations.

Orders by the Vice-Chancellor and Syndicate of the Calcutta University.

1. With reference to the dates announced for the M.A. Examination, 1904, it is hereby notified that, as regards candidates who take up Arabic or Persian, the Examination will commence on the 5th December and not on the 21st November.

2. In modification of the dates announced for the Entrance Examination, 1905, it is hereby notified that the Examination will commence on the 1st March and not on the 6th March, and will be held on the 1st, 2nd, 3rd, 4th and 6th March.

SENATE HOUSE,
The 15th August 1904.

K. C. BANURJI,
Registrar, Calcutta University.

Calcutta University.

NOTICE.

THE Senate will proceed in the month of August 1905 to the election of a Tagore Professor of Law for the term of one year, to commence on the 1st of August 1906.

The salary of the Professorship is Rs. 9,000 per annum, and the Professor will be expected to deliver a course of not less than twelve lectures on one of the following subjects:—

(1) The Law of Specific Relief in British India.
(2) The Principles of Muhammadan Jurisprudence according to the Hanifaite, Malikite, Shafeite, and Hanbalite Schools of Muhammadan Law.
(3) Customs and Customary Law in British India.

Candidates for the Professorship are requested to forward their applications to the Registrar on or before the 1st May 1905, stating on which of the abovenamed three subjects they are prepared to lecture. Each candidate will forward with his application one hundred copies of a brief synopsis of his proposed lectures; and, if he so pleases, the same number of copies of his Introductory Lecture.

The Professor will be expected to commence his lectures in August 1906, to complete the delivery thereof in the following January, and to hold an examination of the students who have attended his lectures. He will be further required to send to the Registrar a complete manuscript copy of his lectures before the commencement of the delivery thereof, failing which his appointment shall be liable to be cancelled by the Senate on the recommendation of the Faculty of Law.

SENATE HOUSE,
The 15th August 1904.

K. C. BANURJI,
Registrar, Calcutta University.

NOTIFICATION, 1904-1905.

IT is hereby notified that of the ten junior scholarships alloted to the Orissa Division, the four second grade scholarships will be awarded to the four most successful students of the division, irrespective of district or Tributary Mahal, on the result of the next Entrance Examination. The six third grade scholarships will be distributed as follows:—

Cuttack (including Dhenkanal)	3
Balasore (including Mourbhanj)	2
Puri	1
Total ...	6

2. Scholarships not taken up by the district to which they are allotted will be awarded to candidates from other districts standing next on the divisional list.

3. In accordance with Rule 3 of the revised Junior Scholarship Rules, the abovementioned scholarships may, with the sanction of the Director of Public Instruction, Bengal, be held at any of the affiliated Colleges, or at any Government Medical School in Bengal, which the holder may select.

CUTTACK, *the 10th August 1904.*

Office Memorandum of the Inspector of Schools, Chota Nagpur Division.

UNIVERSITY ENTRANCE EXAMINATION, 1905.

TEST-EXAMINATION OF PRIVATE STUDENTS.

1. A student who does not appear from any school, or who will have been transferred after the 31st August next without the consent of the Inspector to the school from which he appears, will be treated as a private student. The term "private student" includes *School Masters.*

2. All private students are required to appear at the test-examination of a zilla school. No private student will be admitted to the test-examination unless accompanied for the purpose of identification by some person known to the Head Master of the institution at which he appears.

3. The test-examination in all zilla schools in the Chota Nagpur Division will be held on the 13th December 1904 and following days.

4. Each private student will have to pay a fee of Rs. 2 for permission to appear at the test-examination to the head of the institution at which he appears. The balance of such fees, after payment of expenses (stationery, &c.), will go as remuneration to the Examiners.

5. Candidates for the test-examination should apply to this office not later than the 15th November 1904. They should forward the certificates granted to them under the transfer rules by the Head Master of the school in which they last read. In the case of a candidate who failed at a previous Entrance examination and has not joined a school afterwards, the Registrar's receipt, in original, will be accepted in lieu of the transfer certificate.

6. A student who failed to pass the annual examination for promotion to the first class at the end of Session 1903-1904 and then left his school will not, under any circumstances, be allowed to appear at the Entrance examination of 1905.

7. Each candidate should submit with his application a statement showing—

(1) Age.
(2) Residence.
(3) Father's name.
(4) Second language taken up, besides English.
(5) Whether he appeared at any previous Entrance examination.

8. *Bonâ fide* teachers employed in any of the recognised schools in the Chota Nagpur Division may be admitted to the test-examination on payment of the prescribed fee, provided they can produce certificates of service and good character from their employers or from the Deputy Inspectors of the districts concerned.

9. The forms of application for permission to appear at the Entrance examination will be signed by the Head Master of the zilla school at which the candidates have undergone the test, and will be forwarded by him to the Inspector for countersignature.

10. The applications and fees for admission to the Entrance examination must be forwarded to the Registrar of the Calcutta University by the private candidates themselves, so as to reach his office on or before the 24th January 1905.

11. The Entrance examination in 1905 will be held on the 6th March 1905 and following days.

F.A. AND B.A. EXAMINATIONS, 1905.

1. Deputy Inspectors of Schools, Sub-Inspectors of Schools, and *bonâ fide* teachers of recognised English schools in the Chota Nagpur Division of two years' standing, or of six months' standing in the case of those who were admitted to a former examination of the same class, will be admitted to the above examinations. These latter must have served for six months since the date of the last examination to which they were admitted. School Masters should produce certificates of character and length of service (with dates) from the Managers of the schools in which they are employed. Their applications must reach this office not later than the 16th January 1905.

2. Candidates for the B.A. examination must forward with the applications their F.A. certificates, and candidates for the F.A. examination their Entrance certificates. Candidates plucked at a previous F.A. or B.A. examination may forward, instead, the University Registrar's receipt, in original, for that examination.

3. Candidates should read carefully the form of the certificate which this office will have to sign, and supply all information and documents required, without which the Inspector will decline to sign it.

4. The F.A. and B.A. examinations in 1905 will be held on the 22nd March 1905 and following days.

5. Applications and fees for admission to the above examinations must be forwarded to the Registrar, Calcutta University, by the candidates themselves, so as to reach his office on or before the 7th February 1905.

PURULIA, SASIBHUSHAN DUTT,

The 12th August 1904. *Inspector of Schools, Chota Nagpur Division.*

DACCA DIVISION.

UNIVERSITY ENTRANCE EXAMINATION.

PRIVATE CANDIDATES.

1. A student who has not attended any H. E. School recognised by the University since the 1st September next preceding the Entrance Examination, or who has been transferred after the 1st September to the school from which he appears without the consent of the Divisional Inspector of Schools, will be treated as a private candidate.

2. School-teachers are classed as "Private Candidates."

3. Private candidates desirous of sitting at the ensuing University Entrance Examination must appear at a test examination in one of the undermentioned schools:—

(1) Dacca Collegiate School. (3) Faridpur Zilla School.
(2) Mymensingh Zilla School. (4) Barisal Zilla School.

4. The test examinations of the zilla schools will be held on the 14th December 1904 and the following days. The date of examination of the Collegiate School should be ascertained from the Head Master of that school.

5. Every private candidate must submit his application to the Head Master of one of the schools named above at least three weeks before the test examination, and satisfy the following conditions:—

(*a*) that he has not failed at the test examination of any Entrance school during the current session;

(*b*) that he has not left school from any class lower than the first; and

(*c*) that he has left the school in which he last read with a transfer certificate, or (in the case of a candidate who appeared at any previous examination) he is in possession of the Registrar's receipt.

A school-master is required to produce a certificate from the Secretary of the school in which he has served as a *bonâ fide* teacher for a period not less than six months, or if he has served in several schools, he must produce certificates from the Secretaries of each of them to prove that he has served as a *bonâ fide* teacher in all of them.

6. Every private candidate must pay a fee of Rs. 2 to the Head Master of the school at which he appears for examination. After payment of the necessary expenses, the balance of the fees will be paid to the examiners as remuneration.

7. He must be accompanied, for the purpose of identification, by some person known to the officer conducting the examination, and satisfy him as to his character, otherwise he will not be admitted to the test examination.

8. The head masters of the schools named above are requested to send to this office a statement showing the marks gained by each private candidate in each subject at the test examination within a fortnight from the date of the said examination, and are authorised to sign the application forms of eligible candidates, which should be forwarded to this office for countersignature and return in due time.

9. Private candidates should arrange to remit their examination fees, together with the application forms, direct to the Registrar, so as to reach him on or before the 24th January 1905.

10. The next Entrance Examination begins on the 6th March 1905.

F.A. AND B.A. EXAMINATIONS.

1. Deputy Inspectors of Schools, Sub-Inspectors of Schools, and *bonâ fide* teachers of recognised English schools will be admitted to the F.A. and B.A. Examinations as private candidates, provided they have served in their respective capacities for a period of two academical years.

Bonâ fide teachers are those who hold paid appointments in English schools, teaching up to at least the Middle English standard.

2. Exceptions to the above rule will be made in the case of those candidates who, after failure at a previous examination, have served for six months since the date of the last examination held by the University. If, however, a candidate has not completed six months' service at the time of submitting his application, he must give a written guarantee that he will remain in his post until he completes six months' service before the examination.

3. School-masters should submit, with their applications, certificates of character and length of service from the Secretaries of their respective schools, which will be retained, and also the University certificates, in proof of their having passed the Entrance or F.A. Examination, as the case may be. Candidates who have previously failed at the examination should produce the Registrar's receipt in addition.

4. Applications must reach this office on or before the 7th January 1905.

5. Fees should be remitted by the candidates direct to the Registrar of the University of Calcutta, together with the application forms countersigned by the Inspector of Schools, so as to reach the office of the Registrar on or before the 7th February 1905.

DACCA,
The 1st August 1904.

H. A. BAMFORD,
Inspector of Schools, Dacca Division.

PATNA DIVISION.

ENTRANCE TEST-EXAMINATION FOR PRIVATE STUDENTS.

1. By private students are meant those who do not appear from any school, or who have joined the schools from which they appear after the 1st September 1904, without the consent of the Inspector. "Private students" include school-masters.

2. All private students *without exception* are required to appear at the test-examination of a zilla school.

3. The first day of the test-examination in all the zilla schools will be the 13th December 1904.

4. Each private student will pay a fee of Rs. 2 for the test. The balance, after payment of expenses (stationery, etc.), will go as remuneration to the examiners.

5. Private candidates for the test-examination should apply to this office not later than the 14th November 1904. They should forward the certificate granted to them under the transfer rules by the head-master of the school in which they last read, together with a certificate of good character from a respectable person. If a candidate failed at a previous Entrance examination without again joining any school, the Registrar's receipt in original will be accepted in lieu of a transfer certificate.

6. A student who failed to pass the annual examination for promotion to the 1st class at the end of session 1903-1904, and then left the school, can under no circumstances be allowed to appear at the Entrance examination of 1905.

7. The application forms for permission to appear at the Entrance examination will be signed by the head-master of the zilla school at which the candidates have put in their tests, and will be forwarded by him to the Inspector for countersignature, on or before the 9th January 1905.

8. These applications (with the appointed fee) must be forwarded to the Registrar of the Calcutta University by the candidate, when all formalities are concluded, so as to reach him on or before the 24th January 1905.

9. The next Entrance examination begins on the 6th March 1905.

F.A. AND B.A. EXAMINATIONS.

Deputy Inspectors of Schools, Sub-Inspectors of Schools, and *bonâ fide* school-masters of two years' standing, or of six months' standing in the case of those who have been admitted to a former examination of the same class, will be admitted to the above-mentioned examinations. These latter must serve for six months since the date of the examination *last held by the University*, *i.e.*, in the year previous to the examination to which they wish to be admitted, and they must complete six months' service *before* the submission of their applications to the Inspector for countersignature. The applications of school-masters should be accompanied by a certificate of length of service (with dates) from the Managers of the schools in which they are employed, together with Entrance or F.A. pass certificates, and in the case of plucked candidates the Registrar's receipt also for the last F.A. or B.A. examination, as the case may be, and should reach this office not later than the 16th January 1905.

Candidates should read carefully the certificate which this office is called upon to sign, and should be careful to supply all information and documents required, without which the Inspector must decline to sign the certificate.

The F.A. and B.A. examinations begin on the 22nd March 1905.

These applications with fees must be forwarded to the Registrar of the Calcutta University by the candidates themselves so as to reach him on or before the 7th February 1905.

BANKIPORE, The 3rd August 1904.

W. BILLING, *Inspector of Schools, Patna Division.*

N. B—Rule 6 of the Junior Scholarship Rules reads as follows :—"No candidate shall be eligible for a scholarship who has not studied for the whole session previous to the examination in the school to which he belongs at the time of presenting himself at the Entrance examination unless he has been transferred within that period with the sanction of the Circle Inspector."

CHITTAGONG DIVISION.

Rules for the admission of Private Students to the University Examinations of 1905.

I.—ENTRANCE EXAMINATION.

1. Private students are those who do not appear from any school, or who have been transferred from one school to another after the 31st August without the consent of the Inspector of Schools.

2. The term "private students" includes school-masters.

3. Private students must attend the test-examination of one of the undermentioned schools on dates to be fixed by the Head Masters:—

(1) Comilla Zilla School.
(2) Brahmanbaria Annada High School.
(3) Chandpur High School.
(4) Noakhali Zilla School.
(5) Feni High School.
(6) Chittagong Collegiate School (with the Principal's permission).
(7) Chittagong Madrassah.
(8) Chittagong Municipal High School.
(9) Rangamati Government High School.

4. Applications for permission to appear at the test-examination should be made to the Inspector of Schools, and they must reach his office on or before the 15th November 1904.

5. Every private candidate shall state in his application whether he is an ordinary private candidate or a school-master, his age, residence and father's name, the school at which he desires to appear for the test-examination and his postal address.

6. Every private candidate who is not a school-master must satisfy the following conditions:—

(*a*) That he has not failed at the test-examination of any Entrance School during the current session.

(*b*) That he did not fail to get promotion to the first class of any Entrance School after the annual examination of the second class in the last session.

(*c*) That he left the school in which he last read with a transfer certificate, or (in case of a plucked student) he is in possession of the Registrar's receipt.

7. A school-master must file with his application a certificate from the Secretary or Proprietor of the school in which he is serving to the effect that he has been a *bonâ fide* paid teacher of the school for six months. In case he has served in more schools than one, he must produce the required certificates from all the schools.

8. If this office is satisfied that the necessary conditions have been fulfilled, the permission asked for will be granted and the candidate shall make arrangements to be identified to the satisfaction of the officer conducting the test-examination.

9. Each private student shall pay a fee of Rs. 2 to the Head Master of the school at which he appears for the test-examination and satisfy him as to his character.

10. The Head Masters of the abovenamed schools are requested to sign the application forms of candidates whom they recommend for presentation and to forward with the application forms the marks obtained by such candidates at the test-examination. Private candidates should make their own arrangements to remit their examination fees and application forms to the Registrar of the Calcutta University.

II.—F.A. AND B.A. EXAMINATIONS.

1. Deputy Inspectors of Schools, Sub-Inspectors of Schools, and *bonâ fide* teachers of recognised English schools, who have served as such for the full period of two academical years after passing the Entrance Examination, will be admitted to the F.A. Examination; and those who have served for the same period after passing the F.A. Examination, will be

admitted to the B.A. Examination. Candidates who once failed to pass the F A. or B.A. Examination may be admitted to the same examination if they have served for a term of six months since the date of the last examination.

2. *Bonâ fide* teachers of English schools are those who hold regularly paid appointments in recognised English schools teaching at least the Middle English standard.

3. All applications from school-masters to the Inspector for permission to appear at the F.A. or B.A. Examination should be accompanied by certificates of length of service (with dates) from the Secretaries of the schools in which they are employed, and should reach this office not later than the 5th January 1905

4. The application of a school-master for admission to the F.A. or B.A. Examination should be signed by him in the presence of the Secretary or a Member of the Managing Committee of the school in which he is employed. It should then be forwarded to the Inspector for his signature, accompanied by (*a*) a certificate from the Secretary or a Member of the Managing Committee to the effect that it has been signed by the candidate in his presence; (*b*) the University certificate of the candidate in proof of his having passed the Entrance or F.A. Examination, as the case may be; and (*c*) the Registrar's receipt to prove, if this be the case, that the candidate appeared at the examination held in any previous year.

5. After signature by the Inspector, the application, together with the documents that may accompany it, will be returned to the candidate, who will have to send the application and the examination fee to the Registrar of the Calcutta University, so as to reach his office on or before the date fixed for the purpose.

NOTIFICATION.

CUSTOMS.

THE HON'BLE MR. K. G. GUPTA, I.C.S.

Dated Calcutta, the 10th August 1904.

IN supersession of the Notification, dated the 12th July 1870, published in page 1355 of the *Calcutta Gazette* of the 13th July 1870, the following revised rules, framed under section 9 of the Sea Customs Act, VIII of 1878, for regulating the remuneration of Preventive Officers for overtime work on board ships loading or unloading in the port of Calcutta, are published for general information with the approval of the Lieutenant-Governor:—

(*i*) For all work done by the Preventive Officers before sunrise or after sunset, an overtime fee at the rate of Re. 1 per hour shall be levied from the merchants or ship-owners concerned. If, however, for the purpose of completing the discharge or intake of any particular lot of cargo, it is found necessary to work between sunset and sunrise for a period not exceeding 15 minutes, no fee shall be charged. Should the period of 15 minutes be exceeded, the full fee of one rupee will be charged for any broken period of the hour.

(*ii*) For every hour in excess of 9 on which an officer works between sunrise and sunset, Government will pay him an overtime fee of one rupee, provided that no such fee will be paid unless the officer has worked for a total of 54 hours in the week, or for a number of hours equal to nine times the number of days on which he has been at work during the week.

2. The new rules shall take effect from the 1st September 1904.

PART IB.

ORDERS BY THE LIEUT.-GOVERNOR OF BENGAL.

MUNICIPAL AND LOCAL.

NOTIFICATIONS.

No. 2697L.S.-G.—The 9th August 1904.—The following amendments which it is intended to submit to the Bengal Legislative Council when dealing with the Bengal Local Self-Government (Amendment) Bill, 1904, are published for general information, together with a note explaining their object:—

PROPOSED AMENDMENTS IN THE BENGAL LOCAL SELF-GOVERNMENT ACT OF 1885 (BEN. ACT III OF 1885).

Education Committees.

I.—The following words to be inserted after the words "under section 30" in section 33 of the Act, namely:—

"or by an Education Committee referred to in section 65A."

II.—The following section to be inserted after section 65, namely:—

Constitution and functions of Education Committees.

65A. (*1*) Every District Board shall appoint, to be members of an Education Committee,— Cf. s. 16, [illegible] of 1886

(*a*) three members of the District Board, and
(*b*) not more than three residents of the district not being members of the District Board.

(*2*) The Deputy Inspector of Schools also shall be a member of such Committee *ex-officio*.

(*3*) The appointment of any person referred to in clause (*b*) of sub-section (*1*) to be a member of an Education Committee shall be subject to the approval of the Commissioner.

(*4*) It shall be the duty of an Education Committee, subject to the control of the District Board and to any rules made by the Lieutenant-Governor under section 138,—

(*a*) to superintend all matters connected with the finances, accounts, maintenance and management of all schools maintained by the District Board, and
(*b*) to determine the conditions to be complied with when grants are made by the District Board in aid of other schools.

(*5*) Nothing in the foregoing sub-sections shall apply to schools referred to in section 64.

III.—The following clause to be inserted after clause (*j*) in section 138, namely:—

(*jj*) prescribing the powers and duties of Education Committees, and regulating the removal from office of members referred to in sub-section (*1*) of section 65A. [Cf. s. 34 (b [illegible] supplem[illegible] of secti[illegible] Act III

Grants-in-aid.

IV.—That, in section 65, for the words "the improvement of primary schools within the district under private management," the following be substituted, namely:—

(*a*) the improvement of any schools or class of schools within the district under private management, or

(*b*) the maintenance or improvement of any schools or class of schools maintained and managed by the District Board.

EXPLANATORY NOTE.

The objects of these amendments are (1) to provide for the appointment of Education Committees to assist District Boards in matters connected with education, and (2) to enable the Local Government to transfer funds to District Boards for all classes of schools, whether managed by private individuals or by District Boards.

2. The amendments under the first head are designed to introduce into Bengal the system of School Committees which in the Central Provinces has proved successful in encouraging and maintaining local interest in education. The Local Self-Government Act contains a section authorising the Local Government to make rules with regard to the work of Committees generally, but it does not contain any provision expressly recognising Education Committees. It has therefore been thought advisable to add a section to the Act, similar to section 55 (which authorises the appointment of a Finance Committee) authorising the appointment of an Education Committee.

3. Under the proposed section 65A (1) the Education Committee will consist of three members of the District Board and not more than three residents of the district, not being members of the District Board, while under section 65A (2) the Deputy Inspector of Schools will also be a member of such Committee *ex-officio*. The object of sub-clause (*b*) of section 65A (1) is to make provision for the representation of all classes of the community, including important minorities or associations or specialists, who should have a voice in the educational policy of the district. The elected members of the District Boards are interested, no doubt, in education no less than in all other matters entrusted to their care. It is thought desirable, however, to take advantage of the present occasion to offer additional representation to all sections of the public in respect of educational matters with the object of utilising all the public spirit which exists in the cause of education.

4. The object of the amendment which it is proposed to make in section 65 of the Local Self-Government Act is to empower Government to transfer funds to District Boards for expenditure on the improvement of all classes of schools. At present, Government is unable to transfer funds to the Boards for the purpose of subsidising middle schools, technical schools, tols (Sanskrit schools), muktabs (elementary Muhammadan schools) or madrasahs (secondary Muhammadan schools); and this has been a frequent source of complaint.

Darbhanga.

No. 2700L.S.-G.—The 10th August 1904.—It is hereby notified that, under section 19 of the Bengal Local Self-Government Act, III of 1885, the Lieutenant-Governor is pleased to appoint Mr. F. Rawlings to be a member of the District Board of Darbhanga, *vice* Mr. F. W. Needham, resigned.

The Calcutta Gazette.

WEDNESDAY, AUGUST 17, 1904.

NOTICES TO MARINERS.

GOVERNMENT OF BENGAL—MARINE DEPARTMENT.

THE following Notices are published for general information.

D. B. HORN,
Secretary, Marine Department.

CALCUTTA, *the 9th August 1904.*

CEYLON—SOUTH COAST.

Caution—Existence of an uncharted rock.

No. 272 (first publication).—The Master Attendant. Colombo, reports by telegram, dated 8th August, the existence of an uncharted rock in latitude 5° 55′ 15″ North, longitude 80° 27′ 15″ East.

Mariners are accordingly warned.

EASTERN ARCHIPELAGO—CELEBES, NORTH COAST.

Kwandang bay—Prohibited anchorage—Light.

No. 273 (first publication).—The British Admiralty has given notice (No. 561 of 1904) that the shore end of the telegraph cable has been laid in the eastern part of Kwandang bay, vessels are therefore prohibited from anchoring within a distance of $2\frac{7}{10}$ miles from the cable house in an area included between the bearings of S. 17° E., through south, and S. 6° W.

The cable house is situated at a distance of about 3 cables S. 66° E. from the Eastern end of Katialada, and a *red fixed* light has been established on it.

Approximate position, lat. 0° $51\frac{1}{2}$′ N., long. 122° 55′ E

(Variation 2° Easterly in 1904.)

This Notice affects the following Admiralty Chart:—Penang to Pulo Motuo, No. 3195: Also, List of Lights, part VI, 1904, page 94; and Eastern Archipelago, part II, 1893, page 383; and Supplement, 1899, page 60.

CHINA—MANCHURIA.

Yen toa bay—Rock reported.

No. 274 (first publication).—The British Admiralty has given notice (No. 563 of 1904) of the existence of a rock, which dries 11 feet at low water in Yen toa bay, to the northward of Terminal head, situated in a position from which Matsuoza (Matuoza) summit bears S. 36° W., distant about $1\frac{1}{2}$ miles, and Lump island summit S. 71° E.

Approximate position, lat. 39° $13\frac{1}{2}$′ N., long. 122° $11\frac{1}{4}$′ E.

There are two shoal heads which form part of this danger to the southward of the above rock.

(Variation 4° Westerly in 1904.)

This Notice affects the following Admiralty Charts:—Gulf of Pechili and Liau tung, No. 1256; Terminal head to Hai yung tau, No. 3388: Also, China Sea Directory, vol. III, 1904, page 584.

CHINA SEA—Cochin China.

Pulo Cecir de Terre—Shoal off—.

No. 275 (first publication).—The British Admiralty has given notice (No. 573 of 1904) that the Captain of the Messageries Maritimes S.S. *Ernest Simons* reports having obtained a sounding of 4¾ fathoms to the eastward of Pulo Cecir de Terre, in a position from which the north-east point of that island bore N. 76° W., distant about 2 miles, and Logan point S. 68° W.

Approximate position on Chart No. 1261, lat. 11° 13¼′ N., long. 108° 51¾′ E.

(Variation 2° Easterly in 1904.)

This Notice affects the following Admiralty Chart:—Saigon river to Kamranh bay, No. 1261: Also, China Sea Directory, vol. II, 1899, page 395.

AUSTRALIA, Ross creek.

Townsville.—The old channel closed to navigation.

No. 276 (first publication).—The Port Master, Brisbane, has given notice (No. 9 of 1904) that the old Channel marked by a floating Pontoon carrying a green light by night has been closed to navigation, and the Pontoon and Light removed until further notice.

Vessels navigating Ross Creek may use the cutting along the northern bank, the centre of which is marked by two V-shaped Beacons carrying two green lights by night, and has a minimum depth of 4′ 6″ at L. W. O. S.

Owing to the material lately blasted not having been removed yet, Mariners should exercise the utmost caution when using this cutting.

AUSTRALIA—Norman river bar.

Dredged cutting now open for navigation—Old channel closed.

No. 277 (first publication).—The Port Master, Brisbane, has given notice (No. 10 of 1904) that a new dredged channel through the Outer Banks of the Norman River Bar has been completed, and is now marked for navigation by a line of lights and leading beacons bearing South 62° East and by three (3) black buoys, one (1) red and two (2) black beacons.

The new channel lies two miles north-east of the old bar; the lights, buoys, and beacons of the latter are removed.

The Anchorage buoy (red) now lies in 16 feet at L. W. S. in line of the new lead, and the Fairway buoy in 12 feet, 300 feet east of the lead.

Vessels entering will, after making the Anchorage buoy, pass close to the westward of the Fairway buoy, bringing the new Bar Lead in line ahead and passing three (3) black buoys and two (2) black beacons on the port hand and one (1) red beacon on the starboard hand. The Bar lead is to be kept until the Elbow leading beacons are in line whence rounding another black buoy proceed as hitherto.

The depth in the cutting available for navigation is 10 feet at L. W. S.

Charts affected, Nos. 1807 and 3254; Australia Directory, Vol. II.

AUSTRALIA—Gulf of St. Vincent.

Entrance to Port Adelaide river—Certain alteration of lights, &c., to be noted by Masters and others.

No. 278 (first publication).—The President, Marine Board, Port Adelaide, has given notice (No 11 of 1904) that the following alterations, which have been found necessary, should be noted by Masters of vessels and others:—

The lights on the beacons which originally formed No. 1 lead have been discontinued. In lieu thereof, three beacons, showing green lights, have been placed on the north bank—the first one from sea on the S. W. corner of the bank, the second near the present reflecting beacon, and the third near the square-headed black beacon.

Two light beacons (both red) have been placed on the north bank, and these, when in line, will lead through the cutting to abreast of No. 2 light beacon, and will hereafter be termed No. 1 lead.

An improved white light has been placed on the remaining portion of the structure of the old lighthouse at a height of forty-five (45) feet, showing all round the horizon for a distance of ten (10) miles

The positions of all the above lights, as well as of those supplied by the Light's Passage harbour contractors, are shown on a revised chart recently issued, copies of which may be obtained at this office free of cost.

Sailing Directions.—To enter the river, pass the occulting buoy light at a distance of 50 feet, and steer between the white light on a pile abreast of the old lighthouse and the first green light which is placed on S. W. corner of the north bank, on a N. E. by E. course, passing the second and third green lights at a similar distance, until the new lead on the north bank (now termed No. 1 lead) comes in line. Keep them in line until abreast of No. 2, then steer for No. 3 as before.

This affects Admiralty charts Nos. 1750 and 2389 A *and* B.

During the progress of the work at the Light's Passage harbour works Masters of vessels exempt from pilotage may, if they so desire, avail themselves of the services of a Pilot to assist them in passing such works, either in or out, at one-half the usual rates.

If the usual exemption flag is not hoisted, it will be taken as a signal that a Pilot is required. At night, if a Pilot is required, the usual signal for a Pilot should be shown.

N.B.—Owing to the nature of the work in progress, this notice may require to be amended from time to time, and therefore should be treated as tentative only.

INDIA, WEST—Bombay coast.

Bombay harbour approaches—Outer light-vessel—Intended alteration in character and replacement of light.

No. 279 (first publication).—With reference to Notice to Mariners No. 91, dated 18th March last, issued by this office, the Bombay Government has given further notice (No. 86 of 1904) that on or about the 1st of November 1904 the present light-vessel *Bombay* will be removed and a new unattended Light-vessel of *Otter* Rock Type illuminated by the means of Pintsh's gas of about 1,400 candle-power will be placed instead.

The lantern will be fixed to the mast and will exhibit a white occulting light every 15 seconds thus:—10½ seconds light, 4½ seconds eclipse, and will be visible in clear weather at a distance of 11 miles.

The Light-vessel will be fitted with a six cwt. bell which will be rung by an automatic gas ringing arrangement which will actuate the clappers about every 20 seconds; besides this the bell is provided with four swinging clappers which are rung more or less continuously by the rolling of the vessel.

The vessel will be painted red with the words 'Bombay Floating Light' in white on her sides.

This Notice affects the following Admiralty Charts:—Bombay Harbour, No. 2621; Arnala Island to Kundari, No. 737; Kundari to Boria Pagoda, No. 738; Gulf of Kutch to Visiadurg, No. 2736; Karachi to Vengurla, No. 826; and Arabian Sea, No. 1012: Also, west coast of Hindustan Pilot, 1898, page 197, and List of Lights, part VI, 1904, No. 237.

AFRICA, NORTH-EAST—Gulf of Aden.

Ras Marshag (Aden) light—Visibility of.

No. 280 (first publication).—With reference to Notice to Mariners No. 126, dated 5th April last, issued by this office, the Bombay Government has given further notice (No. 87 of 1904) that the light at Ras Marshag is visible in clear weather 20 miles.

EASTERN ARCHIPELAGO—Java, east coast—Surabaya approach.

Sembilangan light—Character altered—Light exhibited from Pilot vessel.

No. 269 (second publication).—The British Admiralty has given notice (No. 553 of 1904) that, on 17th May 1904, the white fixed light on Slimpil point, near Sembilangan, was altered to a *white flashing* light, showing a flash of one second duration *every three seconds.* The new light is of the 2nd order, the illuminant being acetylene

Approximate position, lat. 7° 3¾′ S., long. 112° 40¼′ E.

Also, that on the same date a *white fixed* light will be exhibited from the pilot vessel, moored at a distance of 4½ miles N. 4° W. from the beacon on the head of the breakwater extending from cape Piring. This light should not be considered as a navigational light.

Approximate position, lat. 6° 52′ S., long. 112° 43¾′ E.

(Variation 2° Easterly in 1904.)

This Notice affects the following Admiralty Charts:—Eastern Archipelago, No. 941b; Java, No. 1654; Surabaya strait on Chart No. 934: Also, List of Lights, part VI, 1904, No. 493, and Remarks; Eastern Archipelago, part II, 1893, page 141; and Supplement, 1899, page 13.

KOREA, WEST COAST—CHEMULPHO APPROACH.

Warren island—Light established.

No. 270 (second publication).—The British Admiralty has given notice (No. 558 of 1904) that the Korean Government has established on Warren island a *group flashing* light, showing groups of four flashes *every forty-two seconds.* This light shows *red* over Chasserian rock, between the bearings of N. 27° E. and N. 44° E., and *white* in other directions; it is elevated 120 feet above high water, visible in clear weather from a distance of 12 miles, and shown from a building about 28 feet high. Each flash, and eclipse, in the group occupies about seven seconds; and the groups of flashes are separated by an eclipse of fourteen seconds.

Approximate position, lat. 37° 9′ N., long. 126° 21′ E.

(Variation 5° Westerly in 1904.)

This Notice affects the following Admiralty Charts:—Approaches to Seoul, No. 1258; Chemulpho anchorage, No. 1270: Also, List of Lights, part VI, 1904, No. 830; and Sailing Directions for Japan, &c., 1904, page 56.

CHINA, EAST COAST—MIRS BAY—LONG HARBOUR.

Warburg rock—Decreased depth over.

No. 271 (second publication).—The British Admiralty has given notice (No. 559 of 1904) that Warburg rock, in Long harbour, having recently been examined by divers, with a view to its removal, was found to consist of a number of boulders, on the shallowest of which the depth was only 3½ fathoms. This was a sharp egg-shaped pinnacle, on which the lead would not rest.

Approximate position, lat. 22° 28′ N., long. 114° 21′ E.

This Notice affects the following Admiralty Charts:—Macao to Pedro Blanco, No. 3026; Mirs bay, No. 1964; Long harbour, No. 3386: Also, China Sea Directory, vol. III, 1904, page 130.

PACIFIC OCEAN—THE PHILIPPINES—LEYTE ISLAND, WEST COAST.

Ormok—Light established.

No. 254 (third publication).—The British Admiralty has given notice (No. 508 of 1904) that a *red fixed* light, elevated 49 feet above high water, and visible in clear weather from a distance of 6 miles, has been established on a pole, 45 feet high, erected near the south-western corner of the Custom house at Ormok.

Approximate position on Chart No. 2578, lat. 11° 0¼′ N., long. 124° 33½′ E.

This Notice affects the following Admiralty Chart:—Sulu or Mindoro sea, No. 2578: Also, List of Lights, part VI, 1904, page 103; and Eastern Archipelago, part I, 1902, page 299.

PACIFIC OCEAN—THE PHILIPPINE ISLANDS—MINDORO, NORTH COAST.

Kalapan—Lights altered.

No. 255 (third publication).—The British Admiralty has given notice (No. 509 of 1904) that the two red and white lights, formerly exhibited on the rocky point in the front of the town of Kalapan, have been replaced by a *red fixed* light, elevated 40 feet above high water, and visible in clear weather from a distance of 7 miles.

Approximate position, lat. 13° 24′ N., long. 121° 10′ E.

This Notice affects the following Admiralty Chart:—St. Bernardino and Mindoro straits, No. 2577: Also, List of Lights, part VI, 1904, No. 618; and Eastern Archipelago, part I, 1902, page 230.

AUSTRALIA, NORTH—ARAFURA SEA.

Shoal in north-eastern part.

No. 256 (third publication).—The British Admiralty has given notice (No. 511 of 1904), that Mr. R. H. Harvey, Master of the steam yacht *Merrie England*, reports that his vessel on 29th January 1904, passed from the northward to the southward over an extensive coral reef in the western approach to Torres Strait, on which soundings of from 2¾ to 5 fathoms were obtained, in approximately lat. 9° 52′ S., long. 140° 50′ E.

This Notice affects the following Admiralty Chart:—Torres strait, No. 447: Also, Australia Directory, vol. III, 1895, page 48.

PACIFIC OCEAN—THE PHILIPPINE ISLANDS—LUZON, SOUTH COAST.

Port Sorsogon—Character of light altered.

No. 257 (third publication).—With reference to Notice to Mariners No. 140, dated 30th April 1904, issued by this office, the British Admiralty has given further notice (No. 512 of 1904) that on 15th May 1904, the white fixed lantern light, exhibited on a tree situated on the north-western extremity of Bagatao island, port Sorsogon entrance, would be replaced by a *white occulting* light *every second*, elevated 135 feet above high water, and visible in clear weather from a distance of 18 miles; it would be established in an iron cylindrical tower, 29 feet high, coloured white, erected on the rocky point forming the western extremity of the island.

Approximate position on Chart No. 2395, lat. 12° 49¾′ N., long. 123° 47¾′ E.

PACIFIC OCEAN—THE PHILIPPINES—MINDORO ISLAND, NORTH COAST.

Port Misamis—Buoys established.

No. 258 (third publication).—The British Admiralty has given notice (No. 513 of 1904) that buoys have been established in port Misamis in the following positions:—

a. A red can buoy has been moored in a depth of 11 feet on the southernmost of Lokulan shoals, in a position from which Misamis fort bears S. 52° W., distant 3¼ miles, and Lokulan point N. 44° W.

b. A black can buoy has been moored in a depth of 29 feet on the northern end of Pasil shoal, in a position from which Misamis fort bears S. 65° W., distant 2¼ miles, and Loculan point N. 18° W.

c. A red conical buoy has been moored in a depth of 24 feet on the edge of the shoals extending from Opol point in a position from which Misamis fort bears S. 74° W., distant 1¼ miles, and Micaniguin point S. 31° E.

Approximate position of Fort, lat. 8° 8½′ N., long. 123° 50¼′ E.

The above positions refer to Chart No. 3426.

(Variation 1° Easterly in 1904.)

This Notice affects the following Admiralty Chart:—Port Misamis, No. 3426: Also, Eastern Archipelago, part I, 1902, pages 317, 318.

JAPAN, SOUTH COAST—GULF OF TOKYO.

Kawasaki—Wreck to the south-westward.

No. 259 (third publication).—The British Admiralty has given notice (No. 516 of 1904) that the wreck of the schooner *Shin un Maru*, showing 2 feet above low water, lies sunk in a depth of 7 fathoms, about 6 cables south-westward of Haneda or Kawasaki buoy, situated at a distance of 3 miles S. 27° W. from Kawasaki lighthouse. A boat has been temporarily placed to mark the wreck.

Approximate position, lat. 35° 29′ N., long. 139° 45½′ E.

(Variation 4° Westerly in 1904.)

This Notice affects the following Admiralty Chart:—Gulf of Tokyo, No. 2657: Also, Sailing Directions for Japan, &c., 1904, page 373.

CHINA, SOUTH-EAST COAST.

Kupchi point—Wreck to the south-westward.

No. 260 (third publication).—The British Admiralty has given notice (No. 519 of 1904) that information, dated 2nd May 1904, has been received from Commander R. Nugent, H.M.S. *Algerine*, that the wreck of a junk, with one mast above water, lies sunk in a depth of 13 fathoms in a position from which Kupchi point bears N. 20° E., distant 5¾ miles, and Black rock N. 69° W.

Approximate position, lat. 22° 43¾′ N., long. 116° 3½′ E.

(Variation Nil in 1904.)

This Notice affects the following Admiralty Chart:—Hong kong to the Brothers, No. 1962: Also, China Sea Directory, vol. III, 1904, page 143.

EASTERN ARCHIPELAGO—CELEBES, SOUTH COAST.

Bulekomba—Intended light.

No. 261 (third publication).—The British Admiralty has given notice (No. 525 of 1904) that it is intended to establish a *white group occulting* light showing groups of three occultations *every thirty seconds*, thus:—light, *fifteen seconds; eclipse, three seconds;* light, *three seconds;* eclipse, *three seconds;* light, *three seconds;* eclipse, *three seconds;* at Bulekomba; it will be elevated 49 feet above high water, visible in clear weather from a distance of 12 miles, and shown from an open ironwork support, 42 feet high, painted white.

Approximate position of Bulekomba on Chart No. 941*b*, lat. 5° 32′ S, long. 120° 12′ E.

Further Notice will be given when this light has been established.

This Notice affects the following Admiralty Chart:—Eastern Archipelago, 941b: Also, List of Lights, part VI, 1904, page 93; and Eastern Archipelago, part II, 1893, page 345.

RESOLUTION ON THE FINAL REPORT ON THE SURVEY AND SETTLEMENT OPERATIONS IN THE SARAN DISTRICT.

No. 3458.—The 11th August 1904.—The following is published for general information.

H. LEMESURIER,
Offg. Secy. to the Govt. of Bengal.

REVENUE DEPARTMENT—LAND REVENUE.

Darjeeling, the 11th April 1904.

RESOLUTION—No. 107T.—R.

READ—

The Final Report on the survey and settlement operations in the district of Saran.

Letter No. 9611A., dated the 23rd November, 1903, from the Board of Revenue, Lower Provinces, and letter No. 2443S., dated the 31st October, 1903, from the Director of the Department of Land Records and Agriculture, submitting the report.

The report on the survey and settlement operations in the district of Saran has been submitted by Mr. J. H. Kerr, I.C.S., who succeeded Mr. C. J. Stevenson-Moore, I.C.S., as Settlement Officer of North Bihar in July, 1899, when

the preliminary record-writing had been completed. It is modelled upon Mr. Stevenson-Moore's previous report on the operations in Champaran. Part I contains an early history of the district, an account of its topography and population, and a sketch of its land revenue administration from early times down to the present day. To the general reader, the points of salient interest in this Part will be the extreme fertility of the soil, the phenomenal density of the population, and the resourcefulness, independence and intelligence of the peasantry. Part II deals with the operations which have recently been brought to completion.

Reasons for undertaking the operations.

2. It is unnecessary to recapitulate the reasons which led Government to undertake operations in North Bihar, because these have already been set forth in the Resolution of this Government, No. 1536L.R., dated the 19th March, 1903, in which the reports relating to the districts of Muzaffarpur and Champaran were reviewed.

Procedure.

3. The procedure followed in the district of Saran was generally the same as that adopted in Muzaffarpur and Champaran. The policy of employing a cheap agency, such as that of men of the kanungo type, for the purpose of deciding petty disputes regarding the possession of individual plots of land during preliminary record-writing, was fully discussed by Mr. Stevenson-Moore in his Muzaffarpur report; and it will suffice here to say that further experience in Saran has fully justified the experiment. There are obvious advantages in disposing of these disputes as early as possible in the course of the proceedings; and the fact that 80 *per cent.* of the cases decided by the kanungos were never reopened at a later period proves the value of the work which they did. The Settlement Officer's report affords further testimony to the improvements effected in the settlement procedure by the Bengal Tenancy (Amending) Act, III (B.C.) of 1898. Draft publication of the record is now made immediately after attestation; and, as a result, parties bring to notice small mistakes and omissions which they would not take the trouble to report at a later stage of the operations. The fact that 45 *per cent.* of the objections raised were allowed to be valid proves that genuine grievances were in this way redressed.

Draft publication.

4. In paragraph 250 of his report, the Settlement Officer discusses the question whether draft publication should take place as at present in the village, or in the attestation camp under the eye of the Assistant Settlement Officer. On the whole, he supports the present system, provided that the work of the subordinate agency can be better supervised than it is at present by the Assistant Settlement Officer. The Director of Land Records, in commenting upon this matter, observes that, if the existing procedure is to be improved, a substantial increase of expenditure will have to be incurred. A special report on this subject will be called for from the Board of Revenue; and the question raised will then receive the careful attention of the Lieutenant-Governor.

General statistics.

5. According to the recent survey, the total area of the district, inclusive of riverain tracts and municipal areas which were not cadastrally surveyed, is 2,674 square miles; while the total population, according to the census of 1901, is 2,409,509 persons. The density of the population thus reaches the very high figure of 901 persons to the square mile.

As much as 78·6 *per cent.* of the area cadastrally surveyed was found to be under cultivation. Of the remaining 21·4 *per cent.*, 9·1 *per cent.* consisted of land not available for cultivation; while of the balance of 12·3 *per cent.* (or 313 square miles) more than one-third was found to be covered with mango groves, and the rest to be required chiefly for pasturage. These figures, combined with the facts that the recent census shows a decline of 2·2 *per cent.* in the population, and that a large amount of emigration takes place, tend to show that the population has reached the extreme limit which the district, in its present state of development, is capable of supporting.

As might be expected from what has just been said, the settlement staff had to deal with much smaller villages, holdings and plots in this district than in Muzaffarpur or Champaran. The average size of the village was found to

be 0·55 of a square mile, of the holding to be 1·82 of an acre, and of the plot to be 0·35 of an acre.

The extraordinary subdivision of proprietary rights in this district is exemplified by the Settlement Officer in a striking manner in paragraphs 136 and 212 of his report. In the area for which preliminary records were written in the season 1895-96, it was found necessary in many cases to employ minute fractions, representing the value of a *til*, or $\frac{1}{9,216,000,000}$ of 16 annas, in order to express the interests to be recorded; in the area dealt with in the attestation season of 1896-97, still smaller fractions, representing the value of a *ken*, or $\frac{1}{73,728,000,000,000}$ of 16 annas, had to be employed; while resort was had to even more minute fractions in dealing with the interests to be recorded in a few villages settled in later years. These facts, and the smallness of the plots to be treated, made work in Saran a much more difficult and complicated task than in either Muzaffarpur or Champaran.

The status of tenants.

6. The total number of holdings found in the area dealt with was 870,579. Of these, 84·57 *per cent.* are in the possession of settled and occupancy raiyats, as against 82 *per cent.* in Muzaffarpur and 86 *per cent.* in Champaran; while the percentage of tenancies held by non-occupancy raiyats is only 1·48, as against 2 in Muzaffarpur and 6 in Champaran. The cultivating classes of Saran in this way occupy an exceptionally strong position; and, with the aid of the record-of-rights, they will henceforth be fully able to protect their interests.

Incidence of rent and revenue.

7. The incidence of rent is high, occupancy raiyats paying Rs. 4-5-4 per acre—a sum which represents about 14·5 *per cent.* of the gross yield. This is a higher average rate than that prevailing in the neighbouring districts of the United Provinces of Agra and Oudh, and higher than that of any other district in Bihar which has hitherto been surveyed. The land revenue assessment payable by the landlords is extremely light in comparison with the assets which they receive; the incidence of revenue being annas 14-2, as against assets amounting to Rs. 4-2-10, per acre of the occupied area.

Settlement of rents.

8. Owing to the fact that it was in possession of accurate land records, the Hatwa Raj was in an exceptionally advantageous position for proving the existence of excess areas and for pressing for enhancements of rents. Full advantage of this circumstance was taken by it; and the rent-roll of the estate was increased by nearly Rs. 68,000. It now appears that these enhancements were not in all cases sustainable, and that some reductions have lately been made. The subject is now under the consideration of the Board of Revenue; and the matter will in due course be reported to Government for orders. But few applications by other landlords in the district were made for the settlement of fair rents; and the total increase of rent secured by such persons amounted to less than Rs. 6,000.

Material condition of the agricultural classes.

9. In Chapter IV of Part II of the report, the Settlement Officer has given an interesting account of the material condition of the agricultural classes of the district. Eighty-four *per cent.* of the population, or about two millions of persons, depend entirely on agriculture. Of these, a quarter of a million are practically landless labourers; while another quarter of a million have holdings which are too small to support them, and are obliged to eke out a livelihood by working for other cultivators. The present situation is summed up in the following remarks made by the Settlement Officer:—

"Apart from the landless labourers, whose condition must always be precarious, the rest of the agricultural community as a whole enjoy a moderate degree of comfort, and can withstand a season of scarcity without turning to Government for relief. Their indebtedness is relatively small, and their lands are not passing into the hands of professional money-lenders to any appreciable extent. The census figures and the conduct of the people in the last famine (of 1896-97) show that they would rather emigrate than submit to a reduction of their standard of comfort or to further subdivision of their holdings. If this spirit continues to prevail, there should be no fear of any deterioration in the material condition of the Saran agricultural community."

Cost of the operations.

10. The net cost of the operations amounted to Rs. 11,14,491; the incidence on the area in respect of which a record-of-rights was framed being Rs. 449-6-3 per square mile, or about annas 11-3 per acre. The cost of the proceedings was thus considerably higher than in Muzaffarpur and Champaran, where the rates worked out to annas 8-8 and annas 6-6, respectively, per acre. The main reasons for the increased expenditure will have been gathered from what has been said in preceding paragraphs. In almost all departments, work was considerably heavier. Owing to the large *diara* area which had to be dealt with, the traverse survey was more difficult and more expensive. There were more disputes in respect of the possession of plots of land to be decided at the time of record-writing and attestation, on account of the greater subdivision of proprietary rights. The number of objections filed after draft publication was considerably larger. Rents had to be settled for a much greater number of holdings. Lastly, the area for which a record-of-rights was prepared was only 2,480 square miles, as against 3,002 in Muzaffarpur and 3,250 in Champaran. The volume of work being much greater in Saran, the cost rate per square mile necessarily shows a considerable increase.

Recovery of costs and popularity of the record.

11. The success achieved in the recovery work was as great as in the other districts of North Bihar previously dealt with. The raiyats flocked to the recovery camps in order to obtain copies of the records of their holdings; and 99 *per cent.* of the demand realisable from them was paid by them voluntarily. Equally popular was the record with the land-owning classes; the large amount realised as copying fees bearing eloquent testimony to the value which they placed upon it. This Government has already submitted to the Government of India proposals regarding the maintenance of the records in North Bihar and it will be sufficient to notice here that, in paragraph 650 of his report, the Settlement Officer states that popular opinion is in favour of periodical revision by highly-paid officers in preference to annual revision by a subordinate agency.

Increase in litigation.

12. In paragraph 651 of his report, the Settlement Officer has referred to the large increase in the number of suits for the recovery of arrears of rent which has occurred in every district in which settlement operations have been completed. In paragraph 17 of the Resolution of this Government reviewing the final settlement reports of Muzaffarpur and Champaran, it was observed, with reference to the statistics for the year 1901, that there were indications that the increase in the number of such suits in the surveyed districts had reached its maximum. The statistics for the year 1902 having, however, shown a further increase in all the North Bihar districts, special enquiries on the subject were made last year. It was held, however, that a sufficient time had not yet elapsed, since the completion of the survey and settlement proceedings, to allow of any definite conclusions to be drawn. The subject is one which will continue to receive the careful attention of this Government; and it will be further noticed in the review of the Darbhanga report, which will shortly be submitted to the Government of India.

Length of the report.

13. In commenting upon the Muzaffarpur and Champaran reports, the Government of India observed that these reports were longer than similar reports submitted from other provinces. They, however, recognised the fact that they were the first reports upon permanently-settled districts, and that the conditions of Bengal were special. They added that they were aware that the opportunities for collecting detailed information about the people were much less common in this province than in provinces in which a temporary settlement and its attendant revenue machinery existed. As regards the Muzaffarpur report, they remarked that it would be of great value as a book of reference, and that there was much in it which was of general application, and which it would not be necessary to repeat in future reports, at any rate on Bihar districts. The present report is much shorter than the Muzaffarpur report; but is slightly longer than the Champaran report, upon which it is modelled. Now that it is probable that there will be a large extension of survey and settlement proceedings in this

province, it seems desirable to consider carefully the lines on which these reports should be written, and whether it would be possible to abbreviate them without impairing their value. The subject is under the consideration of the Lieutenant-Governor; and the decision at which he arrives in regard to it will be communicated hereafter to the Government of India.

14. In forwarding the Settlement Officer's report, the Board of Revenue have touched upon several subjects of importance suggested by the operations under review. None of them, however, appear to require notice in this Resolution. Each subject will be separately considered after reference to the Board; and such orders as may appear to be necessary will be passed in regard to them in due course.

Services of officers.

15. In concluding this notice of an excellent report, the Lieutenant-Governor desires to express his high appreciation of the valuable services rendered by the officers who brought these operations to a successful issue. During the time that these proceedings were in progress, the Settlement Department was under the direction of Messrs. W. C. Macpherson and P. C. Lyon, and the Survey Department under that of Colonel Sandeman and Major Crichton. The success of the operations was largely due to the energy and ability displayed by these officers. The Settlement Officers in Saran were Messrs. E. G. Colvin, P. C. Lyon and J. H. Kerr. All these officers rendered admirable service; and they were ably assisted by Messrs. Gauntlett and Coupland as Assistant Settlement Officers in charge. A word of praise is also due to Messrs. F. A. Slacke and W. C. Macpherson for the ready help afforded by them in their capacity of District Officer at various stages of the proceedings. Of Native Assistant Settlement Officers, Babu Hem Chandra Chatterji, Maulvis Ghalam Ghous and Ashfaq Hossein, and Babus Suresh Chandra Chakravati, Jagadis Chandra Lahiri, and Probodh Chandra Chatterji have been specially mentioned by the Settlement Officer, and merit the thanks of the Lieutenant-Governor.

ORDER.—Ordered that a copy of this Resolution, with copies of the report and of the letters of the Board of Revenue and the Director of Land Records, be submitted to the Government of India.

RESOLUTION ON THE REPORT OF THE AGRICULTURAL BRANCH OF THE DEPARTMENT OF LAND RECORDS AND AGRICULTURE, BENGAL, FOR THE YEAR 1903-1904.

REVENUE DEPARTMENT—AGRICULTURE.

Calcutta, the 15th August 1904.

RESOLUTION—No. 3490.

The Report of the Agricultural Branch of the Department of Land Records and Agriculture, Bengal, for the year 1903-04.
Letter No. 5257A., dated the 6th July 1904, from the Board of Revenue, submitting the report with their remarks.

Resolution on the same report for the year 1902-03.

The Department was in charge of Mr. S. L. Maddox throughout the year. Altogether 184 days were spent by him on tour in connection with settlements, agricultural work and sericultural operations.

2. *Scientific enquiries.*—Considerable progress was made during the year in the enquiry into the alleged deterioration of jute; and special investigations were made into the practice of fraudulently watering the fibre. The Department had the advantage of receiving expert advice in the course of these enquiries from the Inspector-General of Agriculture, the Superintendent of the Royal Botanic Garden, the Reporter on Economic Products, and the Agricultural Chemist; and the Lieutenant-Governor desires to thank these officers for the valuable assistance they rendered. Experiments with jute were conducted at the Burdwan farm and at Faridpur and Jalpaiguri; and endeavours were made to demonstrate the growing of varieties under expert supervision. Special attention was paid during the year under review to the subject of cotton cultivation. Experiments were undertaken with the object of ascertaining what varieties are adaptable to local conditions and what is the best method of production; seeds were widely distributed; and efforts were made to extend local cultivation. The Lieutenant-Governor regrets, however, to notice that the results obtained from the seeds distributed by the Department were on the whole discouraging. There is, in the opinion of the Inspector-General of Agriculture, great scope for extending the cultivation of superior cotton in Bihar; and it is proposed to arrange for extensive experiments at Pusa in comparing varieties, testing methods of cultivation and improving varieties by selection and cross-breeding.

3. *Experimental farms and experiments in Government estates and Wards' estates.*—An experimental farm was started during the year at Cuttack, in accordance with the suggestion of the Government of India that it might be possible to hasten the development of improved agricultural methods in Orissa by the establishment of an experimental farm which would show the cultivators what can be done with water always at command. A scheme of experiments in irrigation which has been approved by the Lieutenant-Governor will now be undertaken at this farm and at the Dumraon and Burdwan experimental farms. The results of the experiments made at the Sibpur farm were of especial value as showing that certain varieties of *aus* paddy are drought-resisting and prolific: the Lieutenant-Governor will await with interest the results of the experiments which it is proposed to make under different conditions of soil and climate.

4. Sir Andrew Fraser is gratified to observe the growing interest in agricultural progress which is being displayed in various parts of the Province. A society has been formed in Orissa with the object of developing the resources of that Province by private enterprise; the District Board of Rajshahi has offered to give land free for a divisional farm; a gentleman of Mymensingh, Babu Brajendra Kishore Acharji Choudhuri, has already placed a farm under the direction of the Department, and is bearing all the expenses of its management; and, as the Director notices in paragraph 35 of his report, excellent work is being done by private gentlemen in advancing improved methods in their own districts. It is observed, however, that the experiments conducted through the tenants of Government and wards' estates and other private individuals gave, on the whole, unsatisfactory results; and that it was only where they were under the personal supervision of District Officers or other responsible persons that they proved successful. To remedy this state of affairs, the employment of four travelling overseers has been sanctioned by Government,

and a closer supervision of experimental work in the Province is now being exercised. The Lieutenant-Governor is firmly convinced, however, that very much more requires to be done. The Agricultural Department has admittedly failed hitherto to make known among the people the results which have been attained by experiment. Accounts of the various operations undertaken are published annually, but they have not reached the cultivating classes; and even in the vicinity of the various agricultural farms improved methods of cultivation have not been adopted. There are many zamindars and merchants keenly interested in agriculture, but their sympathy and co-operation have not been enlisted. In these circumstances, the Lieutenant-Governor is of opinion that an agency is wanted to disseminate agricultural knowledge, and to awaken further interest in, and discussion of, the agricultural development of the Province. Experience in the Central Provinces has shown what immense advantage has followed the creation of advisory Agricultural Associations; and it appears to His Honour that there is a great field of work open to such Associations in Bengal. Sir Andrew Fraser has, therefore, decided, as a first step, to establish a Provincial Agricultural Association at Calcutta to co-operate with the Director in his work in this Province. Its chief work will be in connection with agricultural experiments and the dissemination of the results of such experiments; but it will also advise Government as regards the programme of work of the Agricultural Department, as well as concerning all matters affecting the improvement of agriculture and the best method of reclaiming waste lands. Sir Andrew Fraser hopes that if such an Association proves successful, it will be possible to form, in the interior, Branch Associations composed of members keenly interested in the advancement of agriculture and ready to push improved methods and to carry out in their own villages any practical experimental work which may be entrusted to them.

5. *Sericulture.*—The Bengal Silk Committee continued to carry on its useful work in popularising the use of healthy seed and extending mulberry plantations. The Lieutenant-Governor is pleased to observe the progress made in extending the silk industry in Midnapore and the Tributary States of Orissa. In Midnapore a school has been established by local efforts with the object of reviving the silk industry in the district and of improving the agricultural condition of the people by giving instruction in agriculture and sericulture. In the Keonjhar State a trained sericulturist was employed to supervise the development of sericultural operations; and in Mourbhanj, mulberry plantations were established and cocoon-rearing and reeling was introduced.

6. *The Sibpur Agricultural Class.*—The results of the examinations were satisfactory. The Director observes, however, that the supply of qualified scholars is not equal to the demand for their services, and that the scheme of divisional farms must necessarily proceed slowly for want of expert officers in whose charge they can be placed. The Lieutenant-Governor trusts that the establishment of the Pusa Research Station and College will lead to a greater number of students coming forward, and looks to that college for valuable assistance in respect of the trained managers and fieldmen who will be available for the local farms. His Honour welcomes the offer of a scholarship to be held at the Pusa College, which has been made by the Maharani of Dumraon, and shares the hope of the Director that District Boards will come forward to support promising boys who have attended agricultural classes in their own districts.

7. *Spread of Agricultural Education.*—The Director of Public Instruction has been directed to submit a report showing what measures he would recommend both to develop rural primary schools in Bengal and to supply courses of training specially suited for the teachers of such schools. He will now be asked, in submitting his proposals to consider the suggestions made by Mr. Maddox in paragraph 43 of his report. The divisional farms will afford suitable centres for the purpose.

8. The thanks of the Lieutenant-Governor are given to Mr. S. L. Maddox for the ability and zeal with which he has conducted the administration of the Department under his control. His commendations of the Assistant Directors, Mr. D. N. Mukherji and Mr. N. G. Mukherji, and of the travelling overseers under him have been noted.

RESOLUTION ON THE ADMINISTRATION REPORT OF THE ORISSA PORTS FOR 1903-1904.

No. 1362Marine.

Government of Bengal.

MARINE DEPARTMENT.

Dated Calcutta, the 9th August 1904.

RESOLUTION.

Administration Report of the Orissa Ports for 1903-1904.

READ—

Letter No. 672C., dated the 2nd July 1904, from the Commissioner of the Orissa Division, submitting the Report on the Administration of the Orissa Ports for the year 1903-1904.

THE receipts during the year 1903-1904 amounted to Rs. 15,582 against Rs. 21,242 in 1902-1903, showing a decrease of Rs. 5,660. The decrease is specially marked in Balasore, and is due partly to the decline of the foreign export trade and partly to the fact that the sale-proceeds of Shortt's Island old light, amounting to Rs. 7,679, were included in the receipts for 1902-1903.

2. The expenditure amounted to Rs. 14,616 against Rs. 17,122 in the previous year, thus showing a decrease of Rs. 2,506. This decrease again is considerably marked in the port of Balasore, and is due to the fact that there was no special charge, such as had been incurred for repairs to the Port Row Boat and Pilot Cutter in the preceding year.

3. The receipts, with the opening balance of Rs. 12,121, after covering the expenditure, left a surplus of Rs. 13,087 and no contribution from Government was required.

4. The value of trade was Rs. 82,75,513 in 1903-1904, against Rs. 84,39,316 in the preceding year. The decrease was due to reductions in the free import and export trades of Balasore, and in some measure to the diversion of the trade to the Railway. It was partially compensated for by a rise in the value of the export trade, due to larger shipments of rice to foreign ports from all the districts as well as to the coasting ports from Cuttack and Puri.

5. There was a slight decrease in the number, but increase in the tonnage of vessels visiting the ports; 225 vessels of 156,589 tons entered during 1903-1904 against 237 vessels of 131,050 tons in the year before.

6. No remarks are necessary on the passenger traffic of the Orissa ports, as the subject has been dealt with, in detail, in the "Annual Report on the working of the Native Passenger Ships Act, X of 1887, for the year 1903-1904."

7. The erosion of Shortt's Island on the seaward side continues, the greatest erosion being to the south-east and the least to the north-east, but as the erosion continues to seaward, so is the island gradually building up to the south-west and west. The lantern mast is now 675 feet from high water line on the seaward side of the island. It may be soon necessary to remove the mast and the lantern from it, and to have a buoy exhibiting a light at the entrance of the river.

8. The state of health of the ports, on the whole, was satisfactory. There was no case of plague during the year at any port. Only 11 cholera cases were landed at Chandbali from the steamers *Curlew* and *Jatra* from Calcutta.

RESOLUTION ON THE SURVEY AND SETTLEM. OF THE DISTRICT OF DARBHANGA.

No. 3486.—The 15th August, 1904.—The following is published for g. information.

REVENUE DEPARTMENT—LAND REVENUE.

Darjeeling, the 20th June, 1904.

RESOLUTION No. 1472T.—R.

READ—

The Final Report on the Survey and Settlement Operations in the District of Darbhanga.

Letter No 2511A., dated the 21st March, 1904, from the Board of Revenue, Lower Provinces, and letter No. 2478., dated the 1st February, 1904, from the Director of the Department of Land Records and Agriculture, submitting the report.

The Report on the Survey and Settlement operations in the district of Darbhanga has been submitted by Mr. J. H. Kerr, I.C.S., who succeeded Mr. C. J. Stevenson-Moore, I.C.S., as Settlement Officer of North Bihar in July 1899. In form, it closely follows the report on the district of Saran, upon which a Resolution has recently been recorded by Government; and it is the last of the series of reports in which the proceedings, which were initiated in the year 1891 in respect of the northern districts of the Patna Division, have been described and discussed.

Justification of the operations.

2. Nothing could be more convincing than the present report as to the need that existed for the proceedings which have been completed in the Darbhanga district. Illegal enhancement of rent, oppression by the landlords and consequent discontent among the tenantry were found to be prevalent to a greater or less degree in nearly all parts of the district. In one large village, the property of the Madhubani Babus, the misconduct and oppression of the landlords' agents had driven the tenants into open revolt. In the large estates of Rai Ganga Pershad Singh Bahadur, the tenants to whom no proper rent receipts were given were reduced to the verge of despair by confused accounts, which showed them as hopelessly indebted to the landlord. And in pargana Padri the landlord, Babu Ganeshwar Singh, had not merely enhanced rents illegally, but had obtained from the raiyats agreements to surrender their land at the end of five years, and thus rob themselves of their most cherished rights of occupancy.

Even in the estates of the Maharaja of Darbhanga, the wealthiest zamindar in Behar, which cover two-fifths of the district, the Lieutenant-Governor regrets to note the facts brought to light are far from creditable to the management. Except in pargana Alapur in which a record-of-rights was made by Mr. Finucane in 1876-78, illegal enhancements have been numerous in all circles of the estate since 1884, when the management passed from the Court of Wards into the hands of the late Maharaja. The raiyats complained not so much that the rates arbitrarily fixed by the Raj officials were more than they could afford to pay, but that constant changes in the rent-rolls had destroyed all sense of security. The various ways in which enhancements were effected are described in paragraphs 197 to 202 of the Settlement Officer's report. In numerous cases, the rents collected by the Raj were considerably less than the nominal demand. In all cases in which the enhancements made exceeded the limits allowed by the Tenancy Act, the Settlement Department recorded the rents which were paid by the raiyats prior to the enhancements, the Raj being left to apply for the settlement of fair rents under section 105 of the Act, if it considered such a course to be advisable. Large accumulations of arrears of rent and

discontent among the tenantry were the inevitable result of frequent tamperings with the rent-rolls in some of the circles. In the Alapur pargana, on the other hand, where no attempt has been made to enhance the rents, as fixed by Mr. Finucane, collections have been practically made in full, and freedom from agrarian trouble of all kinds has prevailed. The lesson to be learned from these facts is that a good landlord will prefer the collection in full of a moderate demand to an inflated rent-roll, heavy outstandings and a discontented peasantry. It is to be hoped that this lesson will not be lost sight of.

Procedure.

3. The procedure followed in Darbhanga was generally the same as that adopted in Saran. The subject was discussed in paragraph 3 of the Resolution on the report concerning that district, and does not call for separate notice upon the present occasion.

General Statistics.

4. The area of the district is 3,348 square miles; while the population, according to the Census of 1901, is 2,912,611 persons. The density of the population thus reaches the high figure of 870 persons to the square mile. Nearly 80 *per cent.* of the total area of the district is under cultivation. Of the remaining 20 *per cent.*, nearly half is not available for cultivation, being occupied by roads, rivers, sites of houses, tanks, etc ; while it is doubtful if any considerable portion of the balance, which is at present reserved for mango groves and pasturage, could be made available for cultivation. The district is dependent to a remarkable degree on its winter rice harvest, no less than 63 *per cent.* of the cultivated area being occupied by this crop. Over four-fifths of the population of the district being dependent on agriculture, it is not surprising that, when this crop fails, the stress of famine is keenly felt.

5. The record-of-rights was prepared for 3,387 villages, varying in size from 15 square miles to 2 acres, and with an average area of a little less than a square mile. Over a million separate holdings were found with an average area of just over 2 acres; while over 5½ millions of plots were recorded with an average area of two-fifths of an acre. The subdivision of proprietary rights was great, it having been found necessary in some cases to employ minute fractions, representing the value of a *kanwa*, or $\frac{1}{59,000,000}$ of 16 annas, in order to express the interests to be recorded.

Status.

6. Few difficulties were met with in recording status. Ninety *per cent.* of the total number of holdings in the district are held by settled raiyats who have lived in their villages for generations. The percentage of the total occupied area in the possession of raiyats holding at fixed rates and occupancy raiyats is 85; the district comparing favourably in this respect with Muzaffarpur (79) and the United Provinces (from 54 to 73), but being slightly behind Saran (89) and Champaran (88). The low percentage of the area occupied by raiyats holding at fixed rates (0·6) is accounted for by the large number of enhancements which were found to have taken place, and of which mention has been made in paragraph 2 of this Resolution The percentage of tenancies held by non-occupancy raiyats (·6) is considerably smaller than in Muzaffarpur (2), Champaran (6) and Saran (1·48).

7. In paragraph 364 of his report, the Settlement Officer estimates the probable effect of the record-of-rights on the position of petty proprietors. The increasing subdivision of proprietary rights has made it necessary for them to resort more and more to direct cultivation ; and mention is made of certain villages in which the area in the occupation of landlords has increased by 180 *per cent.* within the last sixty years. Hitherto, these men have been able to maintain themselves and their families by ousting raiyats from their lands, and by making enhancements of rents. In future, owing to the existence of the record-of-rights, they will be unable to resort to either of these expedients; and the Settlement Officer anticipates that they will be forced to take to other pursuits.

Incidence of rent and revenue.

8. The average incidence of rent paid by occupancy raiyats is Rs. 3-12-6, as against Rs. 3-12-3, Rs. 1-14-11 and Rs. 4-5-4 in Muzaffarpur, Champaran and Saran, respectively.

The land revenue assessment payable by the landlords is annas 6-2 per acre as against annas 9-11 in Muzaffarpur, annas 14-2 in Saran and annas 4 in Champaran; while their assets average Rs. 3-7-8, as against Rs. 3-14-8, Rs. 4-2-10 and Rs. 1-13-9, respectively, in those districts. The result, as regards the district of Darbhanga, is that the zamindars retain 88 *per cent.* of the assets, as against 10 *per cent.*, which was the share of the gross produce to which they were considered to be entitled at the time of the Permanent Settlement. It is interesting to notice, in this connection, that the Darbhanga Raj pays Government revenue amounting to Rs. 1,05,105 in respect of lands situated in the Darbhanga district; while the gross rental derived from such lands according to the Road Cess valuation papers amounts to Rs. 28,99,424.

Settlement of rents.

9. Rents were settled for only a little over 5 *per cent.* of the raiyati holdings of the district, the resulting increase in the rental being 12 *per cent.* Of the amount decreed, 86 *per cent.* was due to the assessment of excess area and only 14 *per cent.* to actual enhancements of rates.

Material condition of the agricultural classes.

10. In Chapter IV, Part II, of the report, the Settlement Officer has given a full and interesting account of the material resources of the agricultural classes. The average size of the cultivator's holding (3·6 acres) is well above the subsistence limit (2½ acres). The conditions of the district are, however, special. As noticed above, it is dependent on a single crop; and, though, in ordinary years, it might support a slightly larger population than at present, a reduction in the average size of the holdings would probably involve disastrous results in the event of a general failure of the winter rice. Apart from occasional failures of this crop, the chief hindrance to progress and prosperity has, as indicated in paragraph 2 of this Resolution, been the uncertainty that has hitherto existed as to the rent demand.

Cost of the operations

11. The net cost of the operations amounted to Rs. 14,17,136; the incidence being Rs. 429 per square mile, or about annas 10·8 per acre. The cost of the proceedings was thus lower than in Saran, where the rate worked out to annas 11·3 per acre, but considerably higher than in Muzaffarpur and Champaran, where it amounted to annas 8-8 and annas 6-6, respectively, per acre. The heavy expenditure in Darbhanga is explained by the Settlement Officer in paragraphs 148 and 271 of the report, and was mainly due to an unavoidable curtailment of the programme of 1899-1900.

Recovery of costs, and popularity of the records.

12. The conspicuous success which has attended recovery operations in North Bihar has been surpassed in Darbhanga, where the entire demand was collected, and practically the whole of the amount due from the raiyats was paid by them voluntarily. In paragraph 11 of the Resolution on the Saran report, it was mentioned that popular opinion was in favour of periodical revision by highly-paid officers in preference to annual revision by a subordinate agency. Paragraphs 509 and 510 of the present report show that the same views prevail in Darbhanga. This question is, at the present time, under the consideration of the Government of India, and it will suffice here merely to draw attention to the remarks of the Settlement Officer.

Increase in litigation.

13. A noticeable result of the operations has been the increase in the number of suits for arrears of rent, which amounted to 15,243 in 1902, as against an average of between 3,000 and 4,000 *per annum* prior to the year 1900. A special enquiry was made on the subject by the Special Judge appointed under the Tenancy Act; and the conclusions arrived at by him were that, although there had been some dissatisfaction on the part of the landlords with the rates of rent fixed by the Settlement Department, the increase was due chiefly to other facts, *viz.*, (1) that raiyats withheld rent while the operations were in progress in order to ascertain what rates would be settled, and (2) that the landlords now have a record on which they can safely rely in order to prove the relationship of landlord and tenant, whereas previously they were deterred from litigation by the fear that

the papers filed by them would not be accepted as trustworthy by the courts. As indicated in paragraph 12 of the Resolution on the Saran report, the question of the increase in the number of rent suits in the surveyed districts will continue to engage the careful attention of Government.

Miscellaneous questions.

14. Several very important questions, which have been raised in the report of the Settlement Officer, remain to be considered. The first of them relates to the attempts which have been made by several landlords of the district to annul the effect of the record-of-rights in respect of rents payable and the status of tenants by the filing of deeds of compromise in cases under sections 105 and 106 of the Bengal Tenancy Act. This matter is discussed in paragraphs 261 to 267 of the Settlement Officer's report. Hitherto, the action of the Settlement Department in refusing to recognise such deeds, where they appeared to contravene the spirit of the Act, has been upheld by the superior courts. The subject is one, however, which will require close and constant attention. Other and more insidious methods of evading the provisions of the Act are those described in paragraphs 511 and 512 of the report, *viz.*, (1) the taking of agreements from the raiyats at rates in excess of those allowed by the law, and (2) the securing of decrees in rent suits, either *ex parte* in the absence of the raiyats concerned, or on their admission, or on compromise. Government has already used its influence to secure the cancellation of a large number of illegally executed agreements; but the subject is one which will require continued attention. The question as to what, if any, remedy is called for in cases of the second class is at present under the consideration of the Board, and will shortly be referred by them to Government.

Services of officers.

15. It remains for the Lieutenant-Governor to express his high appreciation of the services rendered by the officers who brought these operations to a successful conclusion. His Honour's thanks are specially due to Messrs. Lyon and Allen, who were in charge of the Settlement Department, and to Major Crichton, who was Superintendent of Provincial Surveys, during the progress of the proceedings. Much assistance also was afforded by Messrs. Carlyle, Maddox and Wheeler, who, in their capacity of District Officer, cordially co-operated with the Settlement and Survey Departments. The Settlement Officers were Messrs. Stevenson-Moore and Kerr. Both these officers worked with marked zeal and ability; and they were ably supported by Messrs. Hughes-Buller and Gourlay, Assistant Settlement Officers in charge.

16. His Honour has noticed with pleasure the long list of Native officers to whom the Settlement Officer ascribes a large share of the success of the operations. Of Assistant Settlement Officers, Maulvi Mohiuddin Ahmad, Maulvi Ashfaq Hosain, Babu Atul Chandra Kerr, Babu Charu Chandra Kumar, Babu Bepin Behari Banerji, Pandit Ram Ballabh Misra, Maulvi Syed Ahmad Ali Khan, Babu Probodh Chandra Chatterjee, Mr. S. S. Lay, Babu Romesh Chandra Dutt, Babu Nilmoni De, Babu Khetra Busan Prasad and Babu Jagdish Chandra Lahiri are noticed as deserving of special commendation; while Babu Suresh Chundra Deb and Maulvi Zahurul Hussain are mentioned as having done excellent work as Khanapuri Kanungos.

By order of the Lieutenant-Governor of Bengal,

A. EARLE,

Secretary to the Govt. of Bengal.

WEATHER AND CROP REPORT.

For the week ending the 15th August 1904.

Burdwan.—Rainfall at Sadar 2·32, Kalna 2·50, Katwa 2·12, Raniganj 2·25. Transplantation continues. Standing crops doing well. Harvesting of jute going on. Fodder and water sufficient. Cattle-disease reported from Manteshwar thana in Kalna subdivision. Common rice sells as follows:—

	Srs.	ch.	
Sadar	13	0	per rupee.
Kalna	11	5	
Katwa	12	7	
Raniganj	13	0	

Birbhum.—Rainfall at Sadar 5·82, Rampur Hât 5·43. Weather seasonable. Transplantation nearly finished. Prospect of sugarcane good. Fodder dear. Water sufficient. Common rice sells as follows:—

	Srs	ch.

The mean pressure, temperature, etc., are deduced from the traces of the Barograph and Thermograph, and from eye observations.

The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected to those of the standard, Newman's No. 86, formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV and V of the official tables computed in the Meteorological Office, and based on Regnault's modifications of August's formula.

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground. Rainfall reported on any day is for 24 hours preceding 8 A.M. of that day.

o, overcast; g, gloomy; d, drizzling rain; p, passing temporary showers; t, thunder.

NOTIFICATION.

No. 3600—The 18th August 1904.—The following is republished for general information.

H. LEMESURIER,
Offg. Secy. to the Govt. of Bengal.

No. 13, dated Simla, the 11th August 1904.

NOTIFICATION—By the Government of India, Legislative Department.

WHEREAS by resolution passed by the Secretary of State for India in Council on the 29th day of February 1872, the provisions of section 1 of the Government of India Act, 1870, were declared applicable to the Sonthal Parganas;

And whereas the Lieutenant-Governor of Bengal has proposed to the Governor-General in Council a draft of the following Regulation, together with the reasons for proposing the same;

And whereas the Governor-General in Council has taken the draft and reasons into consideration, and has approved of the draft and the same has received the assent of the Governor-General on the 8th day of Agust 1904;

In pursuance of the direction contained in the said section, the said Regulation is now published in the *Gazette of India*:—

REGULATION No. II OF 1904.

A

REGULATION

TO

Provide for the apportionment and recovery of expenses incurred by the Government in certain settlement proceedings taken under section 9 of the Sonthal Parganas Settlement Regulation.

III of 1872.

WHEREAS, under section 9 of the Sonthal Parganas Settlement Regulation, the Lieutenant-Governor of Bengal may declare that a settlement shall be made of the whole or any part of the Sonthal Parganas for the purpose of ascertaining and recording the various interests and rights in the land to be so brought under settlement, but no provision has been made for the recovery of expenses incurred by the Government in respect of such settlement; It is hereby enacted as follows:—

Short title and construction.

1. (*1*) This Regulation may be called the Sonthal Parganas Settlement Regulation, 1904; and

(*2*) It shall be read with, and taken as part of, the Sonthal Parganas Settlement Regulation.

III of 1872.

III of 1872.

Apportionment of expenses.

2. When under section 9 of the Sonthal Parganas Settlement Regulation, the Lieutenant-Governor declares that a settlement shall be made of the whole or any part of the Sonthal Parganas for the purpose of ascertaining and recording the various interests and rights in the land so to be brought under settlement, he may, save when a settlement of land-revenue is about to be made in respect of such land, order that the whole or any part of the expenses incurred by the Government in connection with such settlement, including the expenses of and incidental to any surveys that may have been necessary, as also the expenses that may be incurred from time to time in the maintenance of boundary and other survey marks erected for the purposes of such settlement, shall be borne by the owners, occupiers and village headmen of the land so brought under settlement, or by any one or more of them to the exclusion of the others or other of them, in such manner and in such shares or proportions as he may, having regard to all the circumstances of the case, deem just and equitable.

Provision in case of devolution or transfer of interest in land settled.

3. Where any such owner, occupier or village headman dies or transfers his interest in the land so brought under settlement, or any part thereof, before payment of the expenses ordered under section 2 to be borne by him, the Deputy Commissioner may recover the same from the representatives of the deceased person or from the transferor, as the case may be, or from the person in possession of the interest of the deceased person or transferor or of any part thereof, or from any of them, without prejudice to any agreement as to how or in what proportion such expenses are to be ultimately borne.

Mode of recovery.

4. Every sum of money due from any person under the provisions of this Regulation shall be recoverable from him as an arrear of land-revenue.

Regulation to have retrospective effect.

III of 1872.

5. This Regulation shall be deemed to apply also in the case of any settlement under section 9 of the Sonthal Parganas Settlement Regulation, which, though begun, has not been completed before the commencement of this Regulation.

W. C. MACPHERSON,
Offg. Chief Secy. to the Govt. of Bengal.

Rules for the appointment of Sub-Inspectors of Police.

No. 3992J.—The 16th August 1904.—The recruitment of Sub-Inspectors for the investigating staff of the Bengal Police is at present made (1) by competition in accordance with the printed rules which follow; (2) by promotion from the rank and file of the Police Force; and (3) by nomination of approved candidates by the Inspector-General of Police.

2. All candidates, however selected, will have to undergo a course of training in the Bhagalpur Police Training School.

3. In order that candidates who do not know English, but are otherwise eligible as investigating officers, may be taught in the Police Training School, the curriculum at that institution shall be either in English or in the vernacular.

4. Examinations will be held at any one or more of the following centres in accordance with a Government notification which will be published in the *Calcutta* and *Police Gazettes*, and will determine and specify the centres at which examinations will be held and the number of appointments to be competed for at each—

At Calcutta (Senate Hall) for the Presidency, Rajshahi, Burdwan, Dacca, and Chittagong Divisions, and at Bankipore for the Patna, Bhagalpur, and Chota Nagpur Divisions.

Information as to the hour and place of examination can be obtained 15 days before the examination by applying to the District Magistrates of the 24-Parganas and Patna.

5. The following classes of candidates, who are qualified under the next succeeding rule, will be admissible to the examination by (*1*) competition:—

(*a*) Persons who have passed the Entrance examination of the Calcutta, Allahabad or Punjab University, or who have passed the final examinations of the "B" and "C" classes of the Calcutta University, and are permanent residents and natives of one of the Divisions allotted to the Examination Centre at which they propose to be examined, provided they are not less than 21 nor more than 25 years of age on the date fixed for the examination.

(*b*) Persons now serving as head-constables and writer-constables in the Police who have obtained the permission of the District Magistrate to appear at the examination, provided that they are not more than 30 years of age and are of not less than four years' standing in the Department. This permission will only be given to persons who satisfy the conditions laid down in Rule 6.

NOTE.—No certificate signed by any officer in charge during the temporary absence of the District Magistrate or District Superintendent of Police from head-quarters will be accepted. It is essentially necessary that the signature should be that of the District Magistrate and District Superintendent of Police themselves.

6. No person will be deemed qualified who does not satisfy the following conditions:—

I.—That he has no disease, constitutional affection or bodily infirmity unfitting him, or likely to unfit him, for police duties, and that he is not less than 5 feet 3 inches in height and 30 inches round the chest (*Government Circular No. 4436J., dated the 7th December 1892*).

NOTE.—"Stuttering or Stammering" is a constitutional defect, and represents a physical disqualification.

II.—That he is of good moral character.

III.—That he belongs to a respectable family and is of good social standing.

IV.—That he produces a certificate of ability to ride signed by a District Officer.

7. Printed forms of applications for permission to appear at the examination are obtainable in the office of the District Superintendent of Police. In the case of (*a*) class candidates they should be submitted accompanied by a fee of Rs. 5 to the Magistrate of the district in which the intending candidate permanently resides, and in the case of (*b*) class candidates they should be submitted to the Magistrate of the district within which the intending candidate is serving. In each case the application must be submitted not later than one month before the date fixed for the examination.

BENGAL POLICE.

* I hereby certify that I have known for years, and from my own personal knowledge of his character and disposition I am of opinion that he is a steady, well-behaved young man, and I know him to be of good moral character. His parentage and antecedents are reputable, and he is of good social standing.

8. In the case of candidates of class (*a*) the Magistrate shall require a personal identification of each candidate by some responsible and competent person, whose opinion can be trusted and whose name should be recorded, and satisfy himself that the certificate* of respectability, moral character and social standing refers to the individual applying for permission to appear at the examination. It is particularly important that candidates be of *reputable parentage, antecedents*, and social standing. Old certificates or certificates granted by irresponsible persons should not be accepted. In the case of each candidate of class (*b*) the application must be accompanied by the certificate of the District Superintendent of Police in the form given on the form of application. The candidates shall then be sent to the District Superintendent, who will then take the necessary steps to fill in the certificate as to measurement, etc., and will take the thumb-impressions, etc., as noted on the form of application. If the District Superintendent of Police finds that the candidate is of the prescribed height and chest measurement and is free from the defect of stammering or stuttering, the candidate shall then be sent by him to the Civil Surgeon or Civil Medical Officer for the prescribed certificate as to physical fitness, the fee for which will be Rs. 4 in case of (*a*) class candidates only. In case of (*b*) class candidates no such fee is required.

9. In the case of (*a*) class candidates, the District Superintendent of Police will, after seeing that all the certificates are in order, issue a verification roll in the form prescribed in the Bengal Police Code, and inform the candidate that his appointment will be contingent on the enquiry into his parentage, antecedents and social standing proving satisfactory. In the case of (*b*) class candidates these verification rolls are not required. The District Superintendent will then send the applicant with his certificates to the Magistrate, who, after subjecting the candidate to an examination in riding, and if he pass the examination, noting the fact on the form of application, will grant him a written permission to appear at the examination.

10. When permission has been given to any applicant to appear at an examination, the above papers with the Treasury receipt for the examination fee, which should be paid into the Treasury, will then be forwarded without delay by the Magistrate of the district in which the candidate resides to the Magistrate of the centre at which the candidate is to be examined.

11. Candidates who have been permitted to appear will attend before the Examination Committee on the day preceding the examination. The Examination Committee will compare the descriptions, thumb-impressions (duplicate impressions being taken for the purpose, if necessary), and signatures, and satisfy itself as to the identity of the person appearing. The Committee will also satisfy itself as to the physical and other qualifications of any candidate concerning whom it may entertain doubt and reject such candidate, should he, on re-examination, be found below the required physical standard or be otherwise unsuitable.

12. At the examination a candidate will be required to sign the papers in every subject, writing his father's name and his own address on them to avoid confusion arising out of a similarity of names.

13. After the results of the examination have been ascertained, the certificates and verification rolls of passed candidates will be forwarded to the Principal of the Police Training School, Bhagalpur, and will be treated as verification rolls.

The certificates of unsuccessful candidates will be returned, if asked for, within two months, or destroyed at the end of that period.

14. The subjects of examination will be as follows:—

I.—Dictation, Letter-drafting, Précis-writing, and a short translation from Bengali or Hindi (Kaithi) into English. Europeans and Eurasians will be allowed to choose one out of these two languages to be examined in. No candidate failing to obtain half marks in this paper will be considered qualified for appointment.

II.—Paper on general knowledge. The questions will be set so as to test the general information and intelligence of candidates.

III.—Mathematics, including Euclid, Books I—IV, Arithmetic and Algebra, and Account-keeping.

IV.—Law, including the Penal Code, the Criminal Procedure Code, and the Evidence Act.

N.B.—Class (*b*) candidates will be exempted from passing in Euclid and Algebra, alternative questions in Arithmetic being given.

15. The marks will be given on the following scale:—

(1) Dictation and language ...	200	(3) Mathematics ...	200
(2) General knowledge ...	200	(4) Law ...	200

Those who have not obtained half marks in dictation and language and one-third marks in the aggregate of the remaining papers are to be struck out as ineligible for appointment. Of the remaining candidates, a list will be made as follows:—(*i*) two-thirds of the appointments obtainable by competition to be given to (*a*) class candidates who stand highest on the list in order of merit; (*ii*) one-third of the appointments obtainable by competition to be given to (*b*) class candidates selected from among those candidates who have obtained not less than one-third of the marks.

16. Natives of Bengal Proper will be eligible for appointments in all districts where Bengali is the vernacular of the district, and natives of Bihar will be eligible for appointments in districts where Hindi is the vernacular. They will, however, be liable to be transferred to any district in the Province.

17. Selected candidates, whose verification rolls have been returned as satisfactory, will undergo a 42 weeks' course of instruction at the Bhagalpur Police Training School. This course will include drill, elementary surveying, anthropometry, and instruction in prosecuting cases in Magistrates' Courts and other practical duties of an investigating officer.

18. At the end of the 42 weeks candidates obtaining a certificate of proficiency will be posted to districts as probationers for two years. If at the end of that period they are pronounced competent and fit, they will receive appointments in due course as fifth-grade Sub-Inspectors. During the period of instruction they will be subject to the rules and regulations of the Training School and will receive Rs. 20 a month as salary. On being passed out of the Training School, they will receive Rs. 30 a month as Probationary Sub-Inspectors.

19. The position of selected candidates in the Range lists from which promotions are made will be determined, firstly, in the case of (*b*) class candidates by seniority, and, secondly, in the case of (*a*) class candidates by the places obtained at the final examination held at the conclusion of the Traning School term.

Coomar Ray, Jote Dino Bhuia, on the west by mal lands of Surjya Coomar Ray, which are not to be acquired, and on the south by mal lands of Ramchand Chakravarti and Surjya Coomar Ray which are not to be acquired, is required within the aforesaid village of Katane.

This declaration is made, under the provisions of section 6 of Act I of 1894, to all whom it may concern.

A plan of the land may be inspected in the office of the Collector of Midnapore.

No. 49.—Notification.—In exercise of the powers conferred on him by sections 78 and 99 of Act III (B.C.) of 1876, the Hon'ble the Lieutenant-Governor of Bengal proposes to fix the following rates for water supplied from the Midnapore Canal to new long leases with effect from 1st April 1905. The new long leases will be current for a period of seven years.

D. B. HORN,
Secy. to the Govt. of Bengal.

Proposed Rates.

Water supplied between 16th June and 30th November, whether by flow or lift, shall be charged as follows:—

(I) For water supplied on a long lease, when the application is received not later than the 31st August, Rs. 2 per acre per annum.

(II) For water supplied on a covering lease, when a permit for a long lease is not subsequently issued, Rs. 3 per acre.

(III) For each single watering Re. 1 per acre, the rate being payable in advance to the Subdivisional Canal Officer.

The rates to be charged for water supplied between the 1st December and 15th June shall be Rs. 2-8 per acre.

For the unauthorised use of canal water a rate of Rs. 5 per acre shall be charged: this rate may, however, be reduced at the discretion of the Deputy Collector.

Existing Rates.

8. The rates to be charged for water supplied between 16th June and 30th November, whether by flow or lift, to lessees on application shall be—

For a term of five years, Re. 1-8 per acre for each season.

For one year or for water supplied on a provisional license for which a permit for a term of years is not subsequently issued, Rs. 3 per acre.

Provided that the leases, whether new or renewals, required for shorter terms than five years in order to develop the system of blocks, shall be charged Re. 1-8 per acre only.

If water is available after the long leases have been irrigated, leases for a single watering may be given at eight annas per acre, the rate being payable in advance.

9. For the supply of water, when available, for winter crops, a rate of Rs. 2-8 per acre per season shall be charged.

10. For the unauthorised use of canal water a rate of Rs. 5 per acre, or such less rate as may be sanctioned by the Deputy Collector, shall be charged.

No. 1344, dated Simla, the 11th August 1904.

NOTIFICATION—By the Government of India, Home Department.

THE following draft of a notification which it is proposed to issue in exercise of the powers conferred by section 8 of the Indian Petroleum Act, 1899 (VIII of 1899), is published for the information of all persons likely to be affected thereby, and notice is hereby given that the said draft will be taken into consideration by the Governor-General in Council on or after the 1st October 1904.

2. Any objection or suggestion which may be received from any person with respect to the draft before the date aforesaid will be considered by the Governor-General in Council:—

DRAFT NOTIFICATION.

IN exercise of the powers conferred by section 8 of the Indian Petroleum Act, 1899 (VIII of 1899), the Governor-General in Council is pleased to direct that to the rule to regulate the transport of petroleum from one Province of British India to any other, published with the notification of the Government of India in the Home Department No. 1795, dated the 12th December 1902, the brackets, figure and words "*(1)* save as otherwise provided in sub-rule *(2)*" be prefixed and the following sub-rule shall be added, namely:—

"*(2)* Nothing in sub-rule *(1)* shall be deemed to limit or otherwise affect the exercise, for the due enforcement of the rules rendered applicable by the said sub-rule, of any powers of inspecting or detaining petroleum in transport, which may be exerciseable by any Magistrate or Police officer under any rules for the time being in force under the Indian Petroleum Act, 1899 (VIII of 1899), in the Province within which the petroleum is being transported."

The 23rd August 1904.

No. 96Marine.—In accordance with the provisions of section 18 of the Indian Explosives Act, 1884 (IV of 1884), the Lieutenant-Governor proposes to make the amendments set forth below in the rules to regulate the transport and importation of explosives in the Port of Calcutta, sanctioned in this Department Notification No. 100Marine, dated the 14th August 1903.

The amendments will be taken into consideration, on the expiry of a month, from the date of its publication in the *Calcutta Gazette.*

Draft Rules 1, 2, and 14.

* * * * * * * * *

1. Except as is hereinafter provided for, no vessel shall have on board, within the limits of the port, any explosive, as defined in section 4, Act IV of 1884, except 15 lbs. of common gunpowder, or in lieu thereof, 15 detonating signals in addition to 12 rockets and 12 blue-lights. All explosives which vessels are by this rule permitted to keep on board shall be stored in a copper magazine out of risk of fire and explosion. Detonators and their friction tubes shall be stored separately.

All explosives which by this rule may be ordinarily retained on board vessels in port shall be discharged before a vessel is taken into dry dock.

2. All inward-bound vessels carrying explosives in excess of 15 lbs. of common gunpowder, or in lieu thereof, 15 detonating signals in addition to 12 rockets and 12 blue-lights, are prohibited from proceeding above Budge-Budge, and the master of any vessel lying within the port which shall have on board any explosive in contravention of these rules shall be liable to a fine which may extend to the sum mentioned in clause *(a)* or clause *(b)*, as the case may be, of the proviso to section 5 of the Indian Explosives Act, 1884.

* * * * * * * * *

14. Masters of vessels outward bound, who may require ship's gunpowder, for their outward voyage, shall not take such powder on board in any part of the river above Budge-Budge, with the exception of a quantity not exceeding 15 lbs. of common gunpowder, or in lieu thereof, 15 detonating signals, in addition to 12 rockets and 12 blue-lights.

NOTIFICATION.

WITH a view to give a further stimulus to the cause of female education, and to encourage girls to continue to read up to comparatively high standards, the following relaxation of the rules in favour of Hindu and Muhammadan girls obtaining Primary or Middle Scholarships has been sanctioned in Government orders No. 1074T.G., dated the 23rd June 1904:—

If a Hindu or Muhammadan girl obtains a Primary or Middle Scholarship and is unable to attend any recognised school, owing to the customs obtaining in Bengal or to the circumstances of the particular class to which the scholar belongs, or to distance from any suitable school, then, if the scholar still prosecutes her studies to a higher stage, the scholarship gained by her will be held to her credit subject to the following arrangements:—If before the expiration of the period for which the scholarship is to be held the girl-pupil in question submits to an examination to be held by an Inspectress of Schools, or by a female teacher for Zenana education, or by an Inspector of Schools, or by a Deputy Inspector of Schools, or by some officer specially selected by the Inspector of Schools for the purpose, and if the scholar is found on such examination to have attained the desired higher stage of education, then the scholarship money, which would under ordinary circumstances have been paid to her in the form of monthly stipends, may be paid to her as a prize.

(*d*) Age of the candidate.

From School-masters.

(*e*) A certificate from the Secretary or Proprietor of the School in which the candidate is serving to the effect that he has been a *bonâ fide paid* teacher of the school in which he teaches, and has been so ever since the 1st June 1904. In case of a school-master who has served *in more than one school*, he must produce certificates from the several schools in proof of his having been a *bonâ fide paid* teacher all along since the 1st June 1904.

Failing to produce the above certificate or certificates, a school-master will be subject to the rules applicable to *bonâ fide* private candidates, as given above.

4. If this office is satisfied that all is in order, the Inspector will countersign and return the application, and this then will be the candidate's passport for admission *to the test-examination.*

5. The Head Master of an institution (one of those named above) should direct private students to appear before him not later than the 2nd January with their applications for admission to the Entrance examination, and in the case of those candidates who have

satisfied the test, he will cause them to sign their applications in his presence, and will grant the necessary certificates, and then forward the application forms to this office for countersignature, after which they will be sent by the Inspector *direct* to the candidates.

6. Expedition is necessary in carrying out all these instructions, and candidates should be *most careful* to give their names and addresses written legibly and distinctly, so that no mistake may be likely to occur.

7. *Under no circumstances should the entrance fee be sent to this office.*

8. Private students will understand that the test-examination of any schools other than those named above will not be accepted by this office.

9. Addresses of private students should be supplied to this office.

JALPAIGURI, *The 26th July 1904.*

C. W. PEAKE,
Offg. Inspector of Schools, Rajshahi Division.

OFFICE MEMO.

Rules for appearing at the F.A. and B.A. Examinations for candidates from the Rajshahi Division, who are not students of any affiliated institution.

DEPUTY INSPECTORS OF SCHOOLS, Sub-Inspectors of Schools and *boná-fide* masters of English schools, who have served as such for the full period of two academical years, or of six months after the examination of the same class last held by the University, in the case of those only who were admitted to a former examination of that class, will be admitted to the abovementioned examinations. The applications of school-masters should be accompanied by certificate of length of service from the Secretaries or Managers of the schools in which they are employed, and should reach this office not later than the 6th January 1905. The application of a school-master for permission to appear at the F.A. or B.A. examination should be signed by him in the *presence* of the Secretary or a Member of the Managing Committee of the School in which he is employed. The application should be forwarded to this office for countersignature, together with the Registrar's certificate, to prove, if this be the case, that the candidate has appeared at the examination in a previous year, and the certificate in proof of his having passed the Entrance or F.A. examination, as the case may be, and it will be sent back to him (the candidate) who will have to send it, together with the examination fee, to the Registrar of the University *direct*. School-masters are not required to pay any fee for getting their application for permission to appear at either of the abovementioned examinations countersigned by this office.

2. Candidates should read carefully the form of the certificate which this office is required to sign, and should be careful to supply all information and documents required, including the Registrar's receipt in the case of those school-masters who have been admitted to a former examination of the same class, without which the Inspector must decline to sign the certificate.

3. By *boná-fide* masters of schools are to be understood masters who hold regularly paid appointments in English schools, teaching at least the M.E. course.

JALPAIGURI, *The 26th July 1904.*

C. W. PEAKE,
Offg. Inspector of Schools, Rajshahi Division.

NOTICE.

ENTRANCE EXAMINATION.

A TEST-EXAMINATION of private students and school-masters for admission to the ensuing Entrance examination will be held at the office of the Inspector of Schools, Presidency Division, 12 Dalhousie Square, Calcutta, on Monday, the 12th, and Tuesday, the 13th, December 1904. Such candidates only as reside in any of the districts of the Presidency Division, including Calcutta, will be admitted to the examination.

2. Candidates who do not appear from any school, *i.e.*, who have not attended any school since the 1st of September next preceding the examination, will be treated as private students. They will be required to furnish satisfactory proof that they have not read in any school from that date. They must also produce certificates of conduct and progress in studies from the authorities of the last school where they read, or, in the case of those who have not been in any school for more than a year, from some other reliable authorities. The transfer certificates granted to them by the authorities of the schools in which they studied last, or the Registrar's receipt for the fee paid in the case of those candidates who previously appeared at the Entrance examination, must be submitted in original along with the application for permission to appear at the test-examination.

3. *Boná-fide* teachers employed in any of the schools in the Presidency Division may be admitted to the examination if they can produce certificates of service and character from their employers, or from the Deputy Inspector of the district concerned.

4. Each candidate should submit to this Office, not later than the 15th November 1904, his application for admission to the test-examination, stating the following particulars:—

(1) Age, (2) residence, (3) father's name, (4) second language besides English, and (5) whether he appeared at any previous Entrance examination.

5. The admission-fee for the examination is Rs. 4 for each candidate, and is to be remitted with the application within the prescribed date, after which a fine of Rs. 2 is to be imposed for each week's delay.

6. No private student will be admitted to the test-examination unless accompanied, for the purpose of identification, by some person known to this Office.

7. Candidates who are sent up by this Office must appear at the Calcutta Examination Centre.

8. Those who reside at a distance from Calcutta may, with special permission, present themselves at the test-examination held by the head-master of the nearest zilla or Government high school within the Presidency Division on condition that they appear at the centre selected by the candidates from that institution. The head-master of such school is hereby authorised to sign the applications, which must afterwards be countersigned by the undersigned. The fees and fines paid by these candidates as per paragraph 5 above should be utilized in meeting the cost of the examination.

9. The Entrance examination in 1905 will be held on the 6th March 1905 and the following days.

10. Applications and fees for admission to the examination must reach the office of the Registrar on or before the 24th January 1905.

F.A. AND B.A. EXAMINATIONS.

Deputy Inspectors, Sub-Inspectors, and *boná-fide* teachers of English schools in the Presidency Division who have served as such for full two academical years, or for six months in the case of those who were admitted to a former examination of the same class, will be admitted to the above examinations on production of certificates of character and length of service (with dates) from their employers. *Their applications must reach this Office on or before the 9th January 1905.*

2. Candidates for the B.A. examination must send their F.A. Certificates, and candidates for the F.A. examination their Entrance Certificates.

3. Candidates should carefully read the printed form of application and supply all the informations required by the University, including the Registrar's receipt in the case of those school-masters who were admitted to a previous examination of the same class.

4. The F.A. and B.A. examinations in 1905 will be held on the 22nd March 1905 and the following days.

5. Applications with the countersignature of the undersigned and fees for admission to the above examinations must be sent to the *office of the Registrar on or before the 7th February 1905* by the candidates direct.

P. MUKERJI,
Inspector of Schools, Presidency Division.

Office Memorandum of the Inspector of Schools, Chota Nagpur Division.

UNIVERSITY ENTRANCE EXAMINATION, 1905.

TEST-EXAMINATION OF PRIVATE STUDENTS.

1. A student who does not appear from any school, or who will have been transferred after the 31st August next without the consent of the Inspector to the school from which he appears, will be treated as a private student. The term "private student" includes *School Masters.*

2. All private students are required to appear at the test-examination of a zilla school. No private student will be admitted to the test-examination unless accompanied for the purpose of identification by some person known to the Head Master of the institution at which he appears.

3. The test-examination in all zilla schools in the Chota Nagpur Division will be held on the 13th December 1904 and following days.

4. Each private student will have to pay a fee of Rs. 2 for permission to appear at the test-examination to the head of the institution at which he appears. The balance of such fees, after payment of expenses (stationery, &c.), will go as remuneration to the Examiners.

5. Candidates for the test-examination should apply to this office not later than the 15th November 1904. They should forward the certificates granted to them under the transfer rules by the Head Master of the school in which they last read. In the case of a candidate who failed at a previous Entrance examination and has not joined a school afterwards, the Registrar's receipt, in original, will be accepted in lieu of the transfer certificate.

6. A student who failed to pass the annual examination for promotion to the first class at the end of Session 1903-1904 and then left his school will not, under any circumstances, be allowed to appear at the Entrance examination of 1905.

7. Each candidate should submit with his application a statement showing—

(1) Age.
(2) Residence.
(3) Father's name.
(4) Second language taken up, besides English.
(5) Whether he appeared at any previous Entrance examination.

8. *Bonâ fide* teachers employed in any of the recognised schools in the Chota Nagpur Division may be admitted to the test-examination on payment of the prescribed fee, provided they can produce certificates of service and good character from their employers or from the Deputy Inspectors of the districts concerned.

9. The forms of application for permission to appear at the Entrance examination will be signed by the Head Master of the zilla school at which the candidates have undergone the test, and will be forwarded by him to the Inspector for countersignature.

10. The applications and fees for admission to the Entrance examination must be forwarded to the Registrar of the Calcutta University by the private candidates themselves, so as to reach his office on or before the 24th January 1905.

11. The Entrance examination in 1905 will be held on the 6th March 1905 and following days.

F.A. AND B.A. EXAMINATIONS, 1905.

1. Deputy Inspectors of Schools, Sub-Inspectors of Schools, and *bonâ fide* teachers of recognised English schools in the Chota Nagpur Division of two years' standing, or of six months' standing in the case of those who were admitted to a former examination of the same class, will be admitted to the above examinations. These latter must have served for six months since the date of the last examination to which they were admitted. School Masters should produce certificates of character and length of service (with dates) from the Managers of the schools in which they are employed. Their applications must reach this office not later than the 16th January 1905.

2. Candidates for the B.A. examination must forward with the applications their F.A. certificates, and candidates for the F.A. examination their Entrance certificates. Candidates plucked at a previous F.A. or B.A. examination may forward, instead, the University Registrar's receipt, in original, for that examination.

3. Candidates should read carefully the form of the certificate which this office will have to sign, and supply all information and documents required, without which the Inspector will decline to sign it.

4. The F.A. and B.A. examinations in 1905 will be held on the 22nd March 1905 and following days.

5. Applications and fees for admission to the above examinations must be forwarded to the Registrar, Calcutta University, by the candidates themselves, so as to reach his office on or before the 7th February 1905.

PURULIA, SASIBHUSHAN DUTT,
The 12th August 1904. *Inspector of Schools, Chota Nagpur Division.*

DACCA DIVISION.

UNIVERSITY ENTRANCE EXAMINATION.

PRIVATE CANDIDATES.

1. A student who has not attended any H. E. School recognised by the University since the 1st September next preceding the Entrance Examination, or who has been transferred after the 1st September to the school from which he appears without the consent of the Divisional Inspector of Schools, will be treated as a private candidate.

2. School-teachers are classed as "Private Candidates."

3. Private candidates desirous of sitting at the ensuing University Entrance Examination must appear at a test examination in one of the undermentioned schools:—

(1) Dacca Collegiate School.
(2) Mymensingh Zilla School.
(3) Faridpur Zilla School.
(4) Barisal Zilla School.

4. The test examinations of the zilla schools will be held on the 14th December 1904 and the following days. The date of examination of the Collegiate School should be ascertained from the Head Master of that school.

5. Every private candidate must submit his application to the Head Master of one of the schools named above at least three weeks before the test examination, and satisfy the following conditions:—

(*a*) that he has not failed at the test examination of any Entrance school during the current session;
(*b*) that he has not left school from any class lower than the first; and
(*c*) that he has left the school in which he last read with a transfer certificate, or (in the case of a candidate who appeared at any previous examination) he is in possession of the Registrar's receipt.

A school-master is required to produce a certificate from the Secretary of the school in which he has served as a *bonâ fide* teacher for a period not less than six months, or if he has served in several schools, he must produce certificates from the Secretaries of each of them to prove that he has served as a *bonâ fide* teacher in all of them.

6. Every private candidate must pay a fee of Rs. 2 to the Head Master of the school at which he appears for examination. After payment of the necessary expenses, the balance of the fees will be paid to the examiners as remuneration.

7. He must be accompanied, for the purpose of identification, by some person known to the officer conducting the examination, and satisfy him as to his character, otherwise he will not be admitted to the test examination.

8. The head masters of the schools named above are requested to send to this office a statement showing the marks gained by each private candidate in each subject at the test examination within a fortnight from the date of the said examination, and are authorised to sign the application forms of eligible candidates, which should be forwarded to this office for countersignature and return in due time.

9. Private candidates should arrange to remit their examination fees, together with the application forms, direct to the Registrar, so as to reach him on or before the 24th January 1905.

10. The next Extrance Examination begins on the 6th March 1905.

F.A. AND B.A. EXAMINATIONS.

1. Deputy Inspectors of Schools, Sub-Inspectors of Schools, and *bonâ fide* teachers of recognised English schools will be admitted to the F.A. and B.A. Examinations as private candidates, provided they have served in their respective capacities for a period of two academical years.

Bonâ fide teachers are those who hold paid appointments in English schools, teaching up to at least the Middle English standard.

2. Exceptions to the above rule will be made in the case of those candidates who, after failure at a previous examination, have served for six months since the date of the last examination held by the University. If, however, a candidate has not completed six months' service at the time of submitting his application, he must give a written guarantee that he will remain in his post until he completes six months' service before the examination.

3. School-masters should submit, with their applications, certificates of character and length of service from the Secretaries of their respective schools, which will be retained, and also the University certificates, in proof of their having passed the Entrance or F.A. Examination, as the case may be. Candidates who have previously failed at the examination should produce the Registrar's receipt in addition.

4. Applications must reach this office on or before the 7th January 1905.

5. Fees should be remitted by the candidates direct to the Registrar of the University of Calcutta, together with the application forms countersigned by the Inspector of Schools, so as to reach the office of the Registrar on or before the 7th February 1905.

THE HON'BLE MR. K. G. GUPTA, I.C.S.

Dated Calcutta, the 10th August 1904.

IN supersession of the Notification, dated the 12th July 1870, published in page 1355 of the *Calcutta Gazette* of the 13th July 1870, the following revised rules, framed under section 9 of the Sea Customs Act, VIII of 1878, for regulating the remuneration of Preventive Officers for overtime work on board ships loading or unloading in the port of Calcutta, are published for general information with the approval of the Lieutenant-Governor:—

(*i*) For all work done by the Preventive Officers before sunrise or after sunset, an overtime fee at the rate of Re. 1 per hour shall be levied from the merchants or ship-owners concerned. If, however, for the purpose of completing the discharge or intake of any particular lot of cargo, it is found necessary to work between sunset and sunrise for a period not exceeding 15 minutes, no fee shall be charged. Should the period of 15 minutes be exceeded, the full fee of one rupee will be charged for any broken period of the hour.

(*ii*) For every hour in excess of 9 on which an officer works between sunrise and sunset, Government will pay him an overtime fee of one rupee, provided that no such fee will be paid unless the officer has worked for a total of 54 hours in the week, or for a number of hours equal to nine times the number of days on which he has been at work during the week.

REFORM OF THE EXAMINATIONS IN THE PERSIAN LANGUAGE.

Nos. 493—505, dated Simla, the 2nd August 1904.

RESOLUTION—By the Government of India, Home Department.

THE Government of India have had under their consideration the question of reforming the examinations in the Persian language, which are at present conducted under the rules contained in the Home Department notification No. 1, dated the 2nd January 1880, so as to give them a more practical character. Experience has shown that the present system of examination is not calculated to ensure such a knowledge of the spoken language as it is essential that officers should have in dealing with Persian-speaking people. The Governor-General in Council attributes the failure of the present system in this respect largely to the fact that most of the existing text-books are antiquated and do not introduce candidates to modern and colloquial Persian. In order to remedy these defects the Government of India were inclined to abolish, so far as the high proficiency and degree of honours examinations are concerned, the requirement that candidates must be examined in certain prescribed text-books, and to leave it to them to acquire the language in their own way and to prepare themselves generally for the tests prescribed. It seems to them that such a reform would, by encouraging a wider reading, conduce to a more healthy knowledge of the language than can be acquired by the constant re-reading of a few selected text-books. With the object of assisting candidates in the choice of their reading, the Governor-General in Council proposed to publish a list of typical books and literature suitable in point of difficulty to the character of the high proficiency and degree of honour examinations respectively. It was intended, not that the examinations should necessarily be confined to the literature indicated in the list, but that the passages set for translation at either examination should be selected from writings of a standard of difficulty as nearly identical as possible with that of the listed books. The Government of India thought that it would be necessary to retain text-books for the higher standard examination, and the only change which they contemplated making in respect of that examination was the substitution of more modern works for the existing text-books.

2. Upon these proposals the Government of India invited the opinion of the Governments of Madras and Bombay, in both of which presidencies examinations in the Persian language are held. Both the Government of Madras and the Government of Bombay have concurred generally in the suggested reform. The latter Government have, however, urged that, in the interests of sound scholarship, candidates for the degree of honour test should be required to read in addition to modern works at least two masterpieces (one prose and one poetry) of ancient classical literature. To secure uniformity of standard the Government of Madras recommend that the new rules should declare, either that there should be two sets of papers, one containing questions taken from the books scheduled as typical, and the other from books outside the list, or that all the questions should be set from books outside the list. Upon consideration of these suggestions the Government of India have decided to modify their original proposals by directing (*a*) that the degree of honour test shall comprise the whole range of the language and demand a knowledge of classical as well as of modern Persian, and (*b*) that half the passages for translation at the high proficiency and degree of honour examinations shall be selected from the listed works and half from works of a similar standard of difficulty.

After consideration of the various suggestions which they have received as to the literature which should be included in the model list, the Government of India have selected those specified in the annexed schedule as representing the most suitable examples of Persian literature for the purpose in view. A list of the grammars which are recommended as most likely to assist students in their reading has also been included in the schedule.

3. An important part of the examination consists of testing the ability of a candidate in reading and translating manuscript fluently. The Government of India understand that candidates have hitherto been hampered in preparing themselves for this portion of the examination by the difficulty of obtaining satisfactory specimens of Persian correspondence, and they therefore obtained specimens of correspondence from Teheran and Bushire, which they have caused to be reproduced by photo-zincography. These specimens can be obtained on an application to the marginally-noted officers. In other respects the Governor-General in Council considers that the present tests should remain unaltered, except that, as regards the high proficiency examination, the passages set for translation, from Persian into English, should not necessarily be in narrative style.

Secretary to the Board of Examiners, Calcutta.
Ditto ditto Madras.
Secretary to the Civil and Military Examination Committee, Bombay.

4. The only change which will be made in respect of the higher standard examination is the substitution of more modern works for the existing text-books. The following are the works which the Governor-General in Council has decided to prescribe in future for this purpose:—

1. A selection (to be made) from the 'Tarikh-i-Sasaniyan.'
2. A selection (to be made) from the 'Safar-Náma-i-Shah-i-Iran.'
3. 'Narrative of Mrs. Hortestet' translated by Itimad-us-Sultana.

ORDER.—Ordered that a copy of the above Resolution be forwarded to the Local Governments and Administrations marginally noted, and to the Military and Foreign Departments of the Government of India.

Madras. Bombay. Bengal. United Provinces. Punjab. Burma. Central Provinces. Assam. Coorg. N.-W. F. Province.

Ordered also that the Resolution be published in the *Supplement to the Gazette of India.*

THE INDIAN LAW REPORTS.

Published in FOUR SERIES, viz. -

CALCUTTA, MADRAS, BOMBAY AND ALLAHABAD.

THE Indian Law Reports, published under the authority of the Governor General in Council, are printed in monthly Parts, which are issued, as soon as possible after the first of each month, at Calcutta, Madras, Bombay and Allahabad, respectively.

The Reports comprise four Series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court.

The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta Series.

The Calcutta Series is distributed by the Bengal Secretariat Book Depôt; and the Madras, Bombay and Allahabad Series are distributed direct from Madras, Bombay and Allahabad, respectively.

Persons desiring to subscribe for or purchase the Reports should apply to—

the Officer in charge, Bengal Secretariat Book Depôt, Calcutta,
or
the Superintendent, Government Press, Madras, or
the Superintendent, Government Central Press, Bombay, or
the Curator of Government Books, United Provinces of Agra and Oudh, Allahabad.

PART VI.

Bills introduced into the Council of the Governor General for making Laws and Regulations, or published under Rule 23.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

The following Bill was introduced in the Council of the Governor General of India for the purpose of making Laws and Regulations on the 12th August, 1904:

NO. 6 OF 1904.

A Bill further to amend the Indian Emigration Act, 1883.

WHEREAS it is expedient further to amend the Indian Emigration Act, 1883; It is hereby enacted as follows: (XXI of 1883.)

Short title.

1. This Act may be called the Indian Emigration (Amendment) Act, 1904.

Amendment of section 108, Act XXI of 1883.

2. In section 108 of the Indian Emigration Act, 1883, after the words and brackets "(if any)" the words and brackets "and on payment of such fees (if any)" shall be inserted.

Insertion of new section after section 112, Act XXI of 1883.

3. After section 112 of the said Act the following section shall be inserted, namely:

Application of Chapter to ports from which emigration is not lawful.

"112A. (1) Notwithstanding anything hereinbefore contained, the provisions of this chapter shall also apply in the case of any port which the Governor General in Council may by notification in the Gazette of India specify in this behalf.

(2) For the purposes of the application of this chapter at any port notified under sub-section (1),—

(a) such port shall be deemed to be a port from which emigration is lawful, and

(b) such officer as the Local Government may appoint in this behalf shall be deemed to be the Protector of Emigrants."

STATEMENT OF OBJECTS AND REASONS.

THE object of this Bill is to remove two difficulties disclosed in the working of the new Chapter XIV, which was inserted in the Indian Emigration Act, 1883, by the Indian Emigration (Amendment) Act, 1902. In the first place, the words "terms and conditions" in section 108 do not permit the imposition of any fee on the registration of natives of India departing by sea for any of the purposes specified in section 107, similar to those levied in the case of emigrants under sections 38 and 73. In the second place, section 107 limits the power to apply the chapter to ports "from which emigration is lawful," whereas it is occasionally desirable, as in the case of Karachi, to permit departure by sea for the purposes in question from a port from which it is not expedient to allow emigration generally. The principal object in such cases is to secure adequate supervision; and this is sufficiently attained by conferring a power to appoint an officer for the performance, at the ports to which the chapter may be specially applied, of the duties which the chapter assigns, at ports "from which emigration is lawful", to the Protector of Emigrants.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

The following Bill was introduced in the Council of the Governor General of India for the purpose of making Laws and Regulations on the 12th August, 1904:

NO. 7 OF 1904.

A Bill further to amend the Indian Articles of War.

WHEREAS it is expedient further to amend the Indian Articles of War; It is hereby enacted as follows:

59.

Short title.

1. This Act may be called the Indian Articles of War (Amendment) Act, 1904.

Addition to article 89A, Act V, 1869.

2. To article 89A, sub-article (*1*), of the Indian Articles of War the following clause shall be added, namely:

V of 1869.

"(*e*) in the case of any person subject to these Articles, who is serving out of India, not under the orders of the Commander-in-Chief in India, in any station beyond the seas as defined in section 190, clause (*25*), of the Army Act, the officer who convenes the court-martial or who has authority to convene such court-martial".

44 & 45 Vi c. 58.

Repeal of part of article 91 and Second Appendix, Act V, 1869.

3. In the said Articles—

(*a*) the brackets and figure "(*1*)" in article 91 and sub-article (*2*) of the same article and

(*b*) the Second Appendix

shall be repealed.

STATEMENT OF OBJECTS AND REASONS.

THE object of this Bill is to provide for the confirmation of findings and sentences of courts-martial in the case of persons subject to the Indian Articles of War (Act V of 1869) who are serving in any place other than India, the United Kingdom, the Channel Islands and the Isle of Man. The Government of India are advised that the power, conferred by the Army Act, section 180, sub-section (*2*), clause (*a*), to convene courts-martial does not include the power to confirm the finding. The opportunity has been utilized for repealing the Second Appendix which, at present, is not strictly in accordance with the Articles and which, with the necessary alterations, can more conveniently be, from time to time, prescribed in the exercise of the rule-making power conferred by article 190. This will be in accordance with the practice under the Army Act and obviates the necessity for legislation every time any alteration in the form for a summary general court-martial is advisable.

The 11th August, 1904.

THE following Notices are published for general information.

D. B. HORN,
Secretary, Marine Department.

CALCUTTA, *the 19th August 1904.*

CEYLON, SOUTH COAST.

Position of uncharted rock.

No. 281 (first publication).—With reference to Notice to Mariners No. 272, dated 9th August, issued by this office, the Master Attendant, Colombo, has given further information, dated 20th July last, that the uncharted rock therein referred to, lies between Weligama and Motara on the south coast of Ceylon, 8 miles west of Dondra Head light-house and about 2¼ from shore.

This Notice affects chart, "Indian Ocean, Ceylon, south coast, No. 813."

BAY OF BENGAL—BURMA COAST.

Bassein river—Changes in the buoyage at the entrance.

No. 282 (first publication).—The Port Officer, Bassein, has given notice, dated 23rd May 1904, that the following changes will take place in the buoyage at the entrance to the Bassein river on or about the 1st October 1904:—

The Fairway buoy will be removed altogether.

A second class spherical buoy, painted with a white horizontal stripe, to be called the "Baroni Rock Buoy," will be moored 3 cables north of the Baroni Rock.

Approximate position—Latitude 15° 52′ 47″ North; Longitude 94° 17′ 12″ East.

The following Admiralty charts will be affected:—Nos. 829, 830, 823, 834, C 136 and the Bay of Bengal Pilot.

Note.—The above to be substituted for Notice to Mariners No. 189 of the 27th May issued by this Office.

BAY OF BENGAL—BURMA COAST.

Rangoon river—Middle Mooring buoy out of position.

No. 283 (first publication).—The Bombay Government has given notice (No. 92 of 1904) that the Middle Mooring Buoy off Syriam point has dragged about S. W. 200 feet.

This Notice affects the following Admiralty Chart:—Rangoon River and Approaches, No. 833.

PACIFIC OCEAN—MARSHALL ISLANDS.

Arhno Atoll—Reef reported to the south-eastward.

No. 284 (first publication) —The British Admiralty has given notice (No. 616 of 1904) that the Master of the Schooner *Neptun* is reported to have seen a reef about 30 miles south-eastward of Arhno Atoll, Marshall islands, and that the natives of that Atoll state that a reef exists in that locality.

Approximate position, lat. 6° 49′ N., long 172° 20′ E.

This Notice affects the following Admiralty Charts:—Atlantic and Indian oceans, No. 2483; Pacific ocean, No. 2683; Pacific ocean, north-west, No. 781; Marshall islands, No. 983: Also, Pacific Islands, vol. II, 1900, page 274.

RED SEA—EGYPT—SUEZ BAY.

Kal ah Kebireh—Beacon re-established—Alteration in buoyage.

No. 285 (first publication).—With reference to Notice to Mariners No. 70, dated 27th February 1904, issued by this office, the British Admiralty has given further notice (No. 619 of 1904) that a pole beacon, about 20 feet high, surmounted by a cage, has been erected on Kal ah Kebireh (Kalaa el Kebireh) on the site of the former beacon, viz., about 20½ cables S. 47° W. from the observation spot at Port Ibrahim.

Also, that the two light-buoys, exhibiting red fixed lights, formerly situated at distances of 2½ cables East, and 4½ cables S. 16° E., respectively, from the above beacon have been withdrawn.

It is intended also to replace the green light exhibited from the spit buoy by *two fixed green* lights, vertically placed, and move the buoy farther to the southward: the two light-buoys, marking the entrance to the canal being moved outwards at the same time.

Approximate position of new beacon, lat. 29° 54½′ N., long. 32° 31¾′ E.

Further Notice will be given when the spit light-buoy has been altered.

(Variation 4° Westerly in 1904.)

This Notice affects the following Admiralty Charts:—Suez Canal, No. 233; Suez bay, No. 734: Also, Red Sea and Gulf of Aden Pilot, 1902, page 89.

COCHIN CHINA—HIN HON APPROACH.

Pulo Gambir (Kambir) Light established.

No. 286 (first publication).—The British Admiralty has given notice (No. 622 of 1904) that, on 20th May 1904, a *white group flashing* light showing groups of *four flashes every fifteen seconds*, elevated 387 feet above high water, and visible in clear weather from a distance of 26 miles, would be established in a cylindrical tower of granite, 52 feet high, constructed on the summit of the eastern point of Pulo Gambir or Kambir, the duration of each flash being under one-tenth of a second. The light is obscured by the land from the bearing of S. 44° E. to S. 79° E.

Approximate position, lat. 13° 36½′ N., long. 109° 20¼′ E.

(Variation 2° Easterly in 1904.)

CHINA SEA—Cochin China.

Pulo Cecir de Terre—Shoal off—.

No. 275 (second publication).—The British Admiralty has given notice (No. 573 of 1904) that the Captain of the Messageries Maritimes S.S. *Ernest Simons* reports having obtained a sounding of 4¾ fathoms to the eastward of Pulo Cecir de Terre, in a position from which the north-east point of that island bore N. 76° W., distant about 2 miles, and Logan point S. 68° W.

Approximate position on Chart No. 1261, lat. 11° 13¼′ N., long. 108° 51¾′ E.

(Variation 2° Easterly in 1904.)

This Notice affects the following Admiralty Chart:—Saigon river to Kamranh bay, No. 1261: Also, China Sea Directory, vol. II, 1899, page 395.

AUSTRALIA, Ross creek.

Townsville.—The old channel closed to navigation.

No. 276 (second publication).—The Port Master, Brisbane, has given notice (No. 9 of 1904) that the old Channel marked by a floating Pontoon carrying a green light by night has been closed to navigation, and the Pontoon and Light removed until further notice.

Vessels navigating Ross Creek may use the cutting along the northern bank, the centre of which is marked by two V-shaped Beacons carrying two green lights by night, and has a minimum depth of 4′ 6″ at L. W. O. S.

Owing to the material lately blasted not having been removed yet, Mariners should exercise the utmost caution when using this cutting.

AUSTRALIA—NORMAN RIVER BAR.

Dredged cutting now open for navigation—Old channel closed.

No. 277 (second publication).—The Port Master, Brisbane, has given notice (No. 10 of 1904) that a new dredged channel through the Outer Banks of the Norman River Bar has been completed, and is now marked for navigation by a line of lights and leading beacons bearing South 62° East and by three (3) black buoys, one (1) red and two (2) black beacons.

The new channel lies two miles north-east of the old bar; the lights, buoys, and beacons of the latter are removed.

The Anchorage buoy (red) now lies in 16 feet at L. W. S. in line of the new lead, and the Fairway buoy in 12 feet, 300 feet east of the lead.

Vessels entering will, after making the Anchorage buoy, pass close to the westward of the Fairway buoy, bringing the new Bar Lead in line ahead and passing three (3) black buoy. and two (2) black beacons on the port hand and one (1) red beacon on the starboard hands The Bar lead is to be kept until the Elbow leading beacons are in line whence rounding another black buoy proceed as hitherto.

The depth in the cutting available for navigation is 10 feet at L. W. S.

Charts affected, Nos. 1807 and 3254; Australia Directory, Vol. II.

AUSTRALIA—GULF OF ST. VINCENT.

Entrance to Port Adelaide river—Certain alteration of lights, &c., to be noted by Masters and others.

No. 278 (second publication).—The President, Marine Board, Port Adelaide, has given notice (No 11 of 1904) that the following alterations, which ha e been found necessary, should be noted by Masters of vessels and others:—

The lights on the beacons which originally formed No. 1 lead have been discontinued In lieu thereof, three beacons, showing green lights, have been placed on the north bank—the first one from sea on the S W. corner of the bank, the second near the present reflecting beacon, and the third near the square-headed black beacon.

Two light beacons (both red) have been placed on the north bank, and these, when in line, will lead through the cutting to abreast of No. 2 light beacon, and will hereafter be termed No. 1 lead.

An improved white light has been placed on the remaining portion of the structure of the old lighthouse at a height of forty-five (45) feet, showing all round the horizon for a distance of ten (10) miles

The positions of all the above lights, as well as of those supplied by the Light's Passage harbour contractors, are shown on a revised chart recently issued, copies of which may be obtained at this office free of cost.

Sailing Directions.—To enter the river, pass the occulting buoy light at a distance of 50 feet, and steer between the white light on a pile abreast of the old lighthouse and the first green light which is placed on S. W. corner of the north bank, on a N. E. by E. course, passing the second and third green lights at a similar distance, until the new lead on the north bank (now termed No. 1 lead) comes in line. Keep them in line until abreast of No. 2, then steer for No. 3 as before.

This affects Admiralty charts Nos. 1750 and 2389 A *and* B.

During the progress of the work at the Light's Passage harbour works Masters of vessels exempt from pilotage may, if they so desire, avail themselves of the services of a Pilot to assist them in passing such works, either in or out, at one-half the usual rates.

If the usual exemption flag is not hoisted, it will be taken as a signal that a Pilot is required. At night, if a Pilot is required, the usual signal for a Pilot should be shown.

N.B.—Owing to the nature of the work in progress, this notice may require to be amended from time to time, and herefore should be treated as tentative only.

INDIA, WEST—BOMBAY COAST.

Bombay harbour approaches—Outer light-vessel—Intended alteration in character and replacement of light.

No. 279 (second publication).—With reference to Notice to Mariners No. 91, dated 18th March last, issued by this office, the Bombay Government has given further notice (No. 86 of 1904) that on or about the 1st of November 1904 the present light-vessel *Bombay* will be removed and a new unattended Light-vessel of *Otter* Rock Type illuminated by the means of Pintsh's gas of about 1,400 candle-power will be placed instead.

The lantern will be fixed to the mast and will exhibit a white occulting light every 15 seconds thus:—10½ seconds light, 4½ seconds eclipse, and will be visible in clear weather at a distance of 11 miles.

The Light-vessel will be fitted with a six cwt. bell which will be rung by an automatic gas ringing arrangement which will actuate the clappers about every 20 seconds; besides this the bell is provided with four swinging clappers which are rung more or less continuously by the rolling of the vessel.

The vessel will be painted red with the words 'Bombay Floating Light' in white on her sides.

This Notice affects the following Admiralty Charts:—Bombay Harbour, No. 2621; Arnala Island to Kundari, No. 737; Kundari to Boria Pagoda, No. 738; Gulf of Kutch to Viziadurg, No. 2736; Karachi to Vengurla, No. 826; and Arabian Sea, No. 1012: Also, west coast of Hindustan Pilot, 1898, page 197, and List of Lights, part VI, 1904, No. 237.

AFRICA, NORTH-EAST—Gulf of Aden.

Ras Marshag (Aden) light—Visibility of.

No. 280 (second publication).—With reference to Notice to Mariners No. 126, dated 5th April last, issued by this office, the Bombay Government has given further notice (No. 87 of 1904) that the light at Ras Marshag is visible in clear weather 20 miles.

EASTERN ARCHIPELAGO—Java, east coast—Surabaya approach.

Sembilangan light—Character altered—Light exhibited from Pilot vessel.

No. 269 (third publication)—The British Admiralty has given notice (No. 553 of 1904) that, on 17th May 1904, the white fixed light on Slimpil point, near Sembilangan, was altered to a *white flashing* light, showing a flash of one second duration *every three seconds.* The new light is of the 2nd order, the illuminant being acetylene.

Approximate position, lat. 7° 3¾′ S., long. 112° 40¼′ E.

Also, that on the same date a *white fixed* light will be exhibited from the pilot vessel moored at a distance of 4½ miles N. 4° W. from the beacon on the head of the breakwater extending from cape Piring. This light should not be considered as a navigational light.

Approximate position, lat. 6° 52′ S., long. 112° 43¾′ E.

(Variation 2° Easterly in 1904.)

This Notice affects the following Admiralty Charts:—Eastern Archipelago, No. 941b; Java, No. 1654; Surabaya strait on Chart No. 934: Also, List of Lights, part VI, 1904, No. 493, and Remarks; Eastern Archipelago, part II, 1893, page 141; and Supplement, 1899, page 13.

KOREA, WEST COAST—Chemulpho approach.

Warren island—Light established.

No. 270 (third publication).—The British Admiralty has given notice (No. 558 of 1904) that the Korean Government has established on Warren island a *group flashing* light, showing groups of four flashes *every forty-two seconds.* This light shows *red* over Chasseriau rock, between the bearings of N. 27° E. and N. 44° E., and *white* in other directions; it is elevated 120 feet above high water, visible in clear weather from a distance of 12 miles, and shown from a building about 28 feet high. Each flash, and eclipse, in the group occupies about seven seconds; and the groups of flashes are separated by an eclipse of fourteen seconds.

Approximate position, lat. 37° 0′ N., long. 126° 21′ E.

(Variation 5° Westerly in 1904.)

This Notice affects the following Admiralty Charts:—Approaches to Seoul, No. 1258; Chemulpho anchorage, No. 1270: Also, List of Lights, part VI, 1904, No. 830; and Sailing Directions for Japan, &c., 1904, page 56.

CHINA, EAST COAST—MIRS BAY—LONG HARBOUR.

Warburg rock—Decreased depth over.

No. 271 (*third publication*).—The British Admiralty has given notice (No. 559 of 1904) that Warburg rock, in Long harbour, having recently been examined by divers, with a view to its removal, was found to consist of a number of boulders, on the shallowest of which the depth was only 3½ fathoms. This was a sharp egg-shaped pinnacle, on which the lead would not rest.

Approximate position, lat. 22° 28′ N., long. 114° 21′ E.

This Notice affects the following Admiralty Charts:—Macao to Pedro Blanco, No. 3026: Mirs bay, No. 1964; Long harbour, No. 3386: Also, China Sea Directory, vol. III, 1904, page 130.

RESOLUTION ON THE ANNUAL REPORT OF THE PORT OFFICER, CALCUTTA, FOR THE YEAR 1903-1904.

No. 1394Marine.

Government of Bengal.

MARINE DEPARTMENT.

Dated Calcutta, the 16th August 1904.

RESOLUTION.

READ—

Letter No. 2708, dated the 13th July 1904, from the Port Officer of Calcutta, submitting the Annual Report of his Department for the year 1903-1904.

At the commencement of the year, the number of Pilots on the list was 49, and there was no change during the year. The sanctioned number of Pilots is 52.

2. During the year a Committee was appointed by Government to consider certain questions connected with the emoluments and discipline of the

Pilot service'; and one of its recommendations was that the number of Pilots should be increased from 52 to 58. This recommendation was accepted by Government; and the Secretary of State has recently sanctioned the increased number.

3. The number of vessels that arrived at the port during the year was 1,367, and of those that sailed from it 1,372; the total number of arrivals and departures having thus been 2,739, or 126 more than that of the previous year. These figures represent a gross tonnage of 4,907,016 inwards and 4,912,310 outwards. The average tonnage of steam and sailing vessels inwards and outwards was 3,585, against 3,466 of the previous year.

4. The pilotage receipts during the year amounted to Rs. 12,23,300, against Rs. 11,53,222 of the previous year. Of the total number of vessels which visited the port, only 27 were sailing vessels.

5. Although there has been an increase in the number of steamers drawing over 21 feet, which were piloted inwards and outwards during the year as compared with that of the preceding year, only one vessel was actually neaped, for want of sufficient depth of water over the bars, as against ten such detentions last year. Some steamers, however, left short of cargo in order to avoid being neaped. This shows a satisfactory improvement in the river. The number of vessels detained at the Sandheads for want of Pilots was 5 as compared with 17 in the previous year. The shortest detention was for 10 hours 25 minutes, the longest for 28 hours 30 minutes, the average detention being 21 hours and 4 minutes.

6. There were 7 collisions during the year and 16 groundings as against 3 collisions and 18 groundings during the last year. In three cases of collision the Pilots concerned were to blame for errors of judgment; and in respect to the groundings, the Pilots were held to blame in five instances.

7. Twenty-eight preliminary enquiries into shipping casualties were held by the Port Officer, of which one was referred to a Departmental Court of Enquiry and five to Special Courts of Enquiry. In eight cases the Pilots were held to blame, and were suitably dealt with. Two other Departmental Courts and a Marine Court, under Act XII of 1859, were also held; the latter being for the trial of a Pilot for unskilfulness and negligence in grounding a vessel.

8. Ninety-four candidates appeared at the examination for Colonial and Home Trade Certificates of Competency, of whom 63 passed; 291 candidates also appeared at the different examinations for Certificates of Competency as Masters, Serangs, Engineers and Engine-drivers under Act VI of 1884. Of these, 117 passed.

9. Mr. G. Robertson performed the duties of First Engineer and Shipwright-Surveyor throughout the year, and Mr. F. Olford, R.I.M., was also at his post as Second Engineer and Shipwright-Surveyor the whole year.

10. The work of the Department was efficiently conducted by Commander E. J. Beaumont, R.I.M.; and Lieutenant C. B. Henley, R.I.M., continued as Assistant Port Officer and Deputy Shipping Master of Calcutta throughout the year.

By order of the Lieutenant-Governor of Bengal,

D. B. HORN,

Secy. to the Govt. of Bengal.

RESOLUTION ON THE REPORT ON THE ADMINISTRATION OF THE POLICE DEPARTMENT IN BENGAL FOR THE YEAR 1903.

RESOLUTION—No. 4169J.

POLICE.

Dated Calcutta, the 19th August 1904.

The Report for the year 1902 and the Resolution of Government thereon.

MR. R. W. CARLYLE, C.I.E., I.C.S., was in charge of the office of Inspector-General of Police for the first eight months and for the last two months of the year; in the interval Mr. R. F. Guise held charge for a few days and Mr. A. V. Knyvett, C.I.E., officiated for three months.

WORKING OF THE POLICE.

2. There was no change in 1903 in the sanctioned strength of the superior staff of the police force. Neither the superior staff nor the subordinates are sufficient for the police work to be done in this Province. Some progress was made during the year in replacing head-constables by Sub-Inspectors. The recruitment of these officers continues, however, to present difficulty, so much so that in the Northern and Western Range the number of qualified candidates who appeared at the competitive examination was not equal to the number of vacancies. About half only of the candidates recruited last year were obtained by competitive examination. With regard to the future recruitment both of the superior staff and of Sub-Inspectors, the Lieutenant-Governor hopes to be able before long to announce revised rules.

The training of probationary police officers both of the superior and subordinate ranks at the Bhagalpur Training School received much attention during the year, the course of training has been made longer, and efforts have been made to render it more practical. The Lieutenant-Governor is glad to observe the praise bestowed by the Inspector-General on the work done by Mr. Swain, the Principal, and Babu Dino Bandhu Bhaumick, the Superintendent of the School.

3. Judged by the return of punishments inflicted, the conduct of the police force in 1903 was, on the whole, satisfactory; judicial and departmental punishments both show a gratifying decrease, the figures being the lowest of the past decade. The Lieutenant-Governor agrees with the Inspector-General that frequent light punishments tend merely to harass without doing much good. Officers should punish with reluctance, but where punishment is necessary it should be sufficiently severe to be deterrent. Charges of torture against the police were 19 as against 8 of the previous year; of these, 15 were declared false, and in no case was a conviction obtained under a graver section than 323, Indian Penal Code (causing hurt). Charges of extortion decreased as compared with preceding years; and punishment was inflicted judicially or departmentally only in 12 cases. Mr. Carlyle remarks with regard to the charges of extortion made against the police:—

"The number of cases proved is, I think, small, considering the number of police in Bengal. Of course many cases must occur in which no complaint is made, but I think, on the other hand, there is no doubt that in some districts charges of extortion are deliberately brought falsely, as a weapon of offence against the police. In Backergunge 15 such cases were brought in 1902, and 12 in 1903. In not a single case was the offence proved, and though some of the cases were doubtful, the majority were false."

It is the clear duty of the Magistrates of Backergunge to sift such charges thoroughly, and, if they are found demonstrably false, to prosecute the complainants. The Magistrates and the police have also a right to expect the co-operation of all legal practitioners in repressing false complaints.

4. The Inspector-General reports unfavourably on the work of the town police generally, and more especially with regard to the town chaukidars. There is little doubt that in towns these latter are unsuitable substitutes for constables,

whose work they are really doing. All the advantages of the chaukidari system are lost when, as in many of the Municipalities in Bengal Proper as distinguished from Bihar, the so-called chaukidars are foreigners and wholly without local knowledge; while, at the same time, they have frequently as hard work to do as ordinary constables, but are paid less, less efficiently trained, and less supervised. Where the available force for night duty is so small that the arrangement of the beats does not permit the town police officer to have at least one night in bed after two nights on duty, it is hopeless to expect efficient work and difficult to punish bad work. Relief may sometimes be given in the rearrangement of the beats and by concentration of the available force on particular points. His Honour accepts in the main the conclusion of the Inspector-General that the employment of town chaukidars should be discontinued, and regards the replacement (more or less gradually) of this class of men by constables throughout the Province, save in those so-called towns which are really villages, as a necessary reform.

5. The importance of continuous attention to the administration of the village watch cannot be exaggerated; and the Lieutenant-Governor welcomes Mr. Carlyle's assurance that the village police are steadily improving. His Honour agrees as to the importance of proper control of the village police and of their proper recruitment. The careful selection of the village panchayets and treatment of them with tact and consideration are as essential. Sir Andrew Fraser regards the development of village government as probably the most important reform that lies before Government in this Province, and he has determined to place an experienced officer on special duty during next cold-weather to examine the subject in all its bearings.

6. One of the observations with regard to chaukidari administration made in last year's Resolution was that it is the duty of Magistrates to limit the number of chaukidars to strict requirements, and to take opportunities, such as those afforded by vacancies, for reducing and amalgamating charges. It is doubtful whether this remark has generally attracted the attention of Magistrates and District Superintendents. It is not noticed by the Inspector-General that the total number of village chaukidars was increased during the year by 1,440 men. The total annual emoluments of the whole force of 153,185 chaukidars are shown to amount to nearly 79½ lakhs; that is a chaukidar on an average receives Rs. 4-4 a month. Only 5,348 of the chaukidars are remunerated by *chakran* lands. The sum of the taxation is considerable though it does not represent as much as two annas a head for the rural population; and it is imperative that the number of chaukidars should not be unduly increased. It is even more necessary that the tax should be fairly assessed, so that it may not be burdensome on the poor. It is unnecessary, however, to discuss these matters further. They will be fully considered in the course of the examination of the subject in the cold weather.

7. The total amount paid in rewards to chaukidars has fallen from Rs. 62,813 to Rs. 60,072; but this decrease is due to the fact that rewards for regular attendance at the thanas have been largely discontinued. The fact that the average reward for the whole Province was only about Rs. 3-8 indicates that there is still a tendency to fritter away the resources of the Reward Funds in petty rewards rather than to concentrate them on substantial rewards for really good work. There are still some districts where the total amount paid in rewards was very small. In Jessore with 4,084 chaukidars only Rs. 624 was distributed in rewards, while in Chittagong, where there are 2,440 chaukidars, only Rs. 109 was distributed. In Pabna, on the other hand, with 2,332 chaukidars, and with a large balance at the credit of the Reward Fund, Rs. 6,343 were distributed. An examination of the statement of the receipts and disbursements of the District Chaukidari Reward Fund discloses anomalies which seem to show that in certain districts the Chaukidari Act is not enforced as it should be. Thus the credits to the Reward Fund under sections other than section 38 of the Act were in Murshidabad only Rs. 12-2-8, in Jessore only Rs. 14-11-6, and in Bhagalpur nothing at all. The receipts under this head in Muzaffarpur amounted to Rs. 1,946. *Primâ facie* it would appear that in the three districts first mentioned care is not taken to see that the Chaukidari Reward Fund is credited with the fines realized from defaulters under section 27 of the Act. The attention of Magistrates is called to this

matter, which is of the more importance in Murshidabad, because at the close of 1903 there was no balance to the credit of the Reward Fund.

8. The remarks of the Inspector-General on the subject of River Police disclose that, as at present constituted, this body is insufficient to cope with the crime committed on the rivers, and the promised scheme for the reorganization of this body is awaited by the Lieutenant-Governor.

CRIME.

9. The total number of cognizable offences reported has been practically stationary for the last three years; an increase last year under the heads of offences against property and against the person is nearly balanced by a decrease under the head of offences against the public tranquillity and in the number of offences against special laws.

Out of 178,436 cognizable offences reported, 4,915 were declared by Magistrates to be maliciously false; but in only 11·5 per cent. of the false cases was prosecution of the complainant ordered. The Lieutenant-Governor is aware how difficult it is to obtain a conviction for bringing a false charge and with what caution the Courts must judge the evidence in such prosecutions. Excessive caution, however, should not operate unduly to restrict the prosecution of persons when there is good ground for believing that this grave offence has been committed. His Honour observes that in the district of Monghyr, in which the largest number of cases declared false was reported, viz., 262, only 13 prosecutions of complainants were instituted, and in Gaya only 17 prosecutions in 258 false cases. From these figures it would appear either that the police were far too ready to return cases as false or that the district authorities showed over-caution in directing prosecutions. The gravity of the offence is not always rightly apprehended, as in one case a Magistrate considered it sufficient to sentence an offender who had brought a false charge of dacoity to two weeks' rigorous imprisonment. The gross inadequacy of the sentence was corrected on a retrial before the Sessions Judge, who sentenced the offender to three years' rigorous imprisonment.

10. The percentage of cases in which the police availed themselves of the provisions of section 157, Criminal Procedure Code, to abstain from enquiry is nearly the same as in 1902, being 35 in the case of burglaries and 21·2 in the case of thefts. The Lieutenant-Governor agrees with the Inspector-General as to the advantage of discreet abstention from enquiry by the police in unimportant cases in which the person injured does not desire that there should be enquiry. Because, however, an offence is not enquired into it does not, therefore, cease to be of interest from the police point of view; and an offence which is not investigated must not be treated as a routine entry. The judicious examination and collation of the reported offences, whether investigated or not, calls for a police officer's best intelligence. A succession of reported offences against property from the same neighbourhood should at once attract the attention of the police and of the Magistrate.

11. The report contains an interesting account of the operations of the newly-developed Criminal Investigation Department, which worked most successfully during the year in bringing to justice large gangs of dacoits in Purnea and Bankura and directed numerous arrests in other districts, including arrests of gangs of criminals from the Upper Provinces who have long made plundering raids in Bengal. The thanks of the Lieutenant-Governor are due to Mr. A. V. Knyvett, C.I.E., for his exertions in this special Department. His Honour hopes to see this Department much strengthened in the near future.

12. In examining the detailed figures for the serious crimes of the Province, two general tendencies can be detected. The first of these is the gratifying decrease in the number of riots, which is the least on record since 1881. This decrease may reasonably be attributed to proper use of the preventive sections of the Criminal Procedure Code. The other tendency, which is unfortunately very unsatisfactory, is the steady rise in the true cases returned under the heads Dacoity, Robbery and Cattle theft. The figures under the last two classes of crimes show an increase not only over the figures for last year, but also when compared with the averages for three periods of five years from 1887 onwards. Dacoities have increased from 346 last year to 361; and though this is below the

average (375) for the five years, 1897—1901, it compares unfavourably with the average for the five years, 1887—1891 and 1892—1896, when the figures were 158 and 279 respectively. A portion of this increase may no doubt be attributed to better reporting. This, however, does not appear to be a complete or entirely satisfactory explanation. The crimes are not of a class in which suppression is easy save with the connivance of the police, and the increase is too decided in its tendency and spread over too long a period to be treated as due to merely temporary causes. With regard to cattle theft, which is very serious in its results to an agricultural community, Sir Andrew Fraser would be glad if the Inspector-General would examine the local incidence of the crime and the results of the attempts to deal with it. It is observed that the increase in serious crimes against property has not been followed by an increase in the use of section 110 of the Criminal Procedure Code. On the contrary, cases under this section have steadily diminished during the last seven years, the actual fall being from 4,854 cases in 1897 to 3,311 in 1903. The Inspector-General directly attributes the increase in the dacoities in Birbhum district to neglect of the bad livelihood section. The number of bad livelihood cases instituted in this district, though greater than that of the preceding year, was far below that of districts where crime is less rife. The crimes of dacoity, robbery and cattle theft are often difficult to detect and more difficult to bring home in the Law Courts. Their frequent occurrence in any locality, however, rarely fails to afford, on careful investigation, evidence of general repute of a nature which a police officer of experience would not fail to use. It is to the discreet use of section 110, with careful supervision so as to prevent oppression, to increased vigilance in the supervision of bad characters. and to the efforts of the new Criminal Investigation Department that the Lieutenant-Governor confidently looks to produce a diminution of the serious crimes against property which are discreditable to the police administration of Bengal. The increase in the provincial percentage of cases of bad livelihood tried locally is satisfactory, but there is room for further improvement in this direction, as without local investigation the provisions of the section are liable to be abused and its object to be defeated.

13. Murders show a slight decrease, there being 387 as against 398 in 1902. Forty-six persons were sent up for trial on charges of murder by poison, and no fewer than 39 were acquitted. Amongst "other murders" the Inspector-General mentions a case of human sacrifice which occurred in the district of Puri. There were 131 cases relating to coins. The cases mentioned in the report show that the police were fairly successful in dealing with the actual coiners who are the persons to be aimed at, and that the Courts as a rule awarded exemplary punishment in cases where the crime was established.

14. The number of cognizable cases found to be true by the Railway Police was 4,833, against 3,918 of the previous year. The increase is attributed to the fact that suspicious cases of missing goods are now treated as cases of theft. Notwithstanding the increase in the number of true cases, however, convictions have fallen. This would seem to show that the investigations in cases of missing goods have not been very successful. The successful result of the Jhanjha gang case, which was commenced in 1902 and ended in the conviction of 14 of the accused, who were members of a gang who committed thefts from running trains, will, it is hoped, check such crime on the East Indian Railway. Thefts of railway materials, a particularly dangerous and troublesome form of crime, show a considerable increase.

15. Some improvement in the number of remands granted by the Courts in the disposal of police cases is noticeable. The percentage of cases disposed of at the first two hearings improved from 48·6 in 1902 to 51·2 in 1903. It is satisfactory to remark that in the district of Monghyr, in which delays were particularly noticeable last year, the percentage of disposals at the first two hearings has risen from 25·4 to 40·2. The district of Noakhali, which is one of the lightest criminal districts in Bengal, shows particularly poor results. Only 28·9 per cent. of the cases were disposed of at the first two hearings, while no fewer than 57 out of 380 A forms were remanded more than six times. In the case of this small district the excuse of heavy work, which would be valid in some of the other Eastern Bengal districts, cannot be accepted, and the figures call for explanation as indicating lack of supervision

of the magisterial work by the District Officer. Sir Andrew Fraser must again insist on the importance of the punctual and expeditious disposal of police cases, on which much stress was laid last year, as there is reason for believing that the provisions of section 344, Criminal Procedure Code, are still frequently abused.

16. The number of absconders on the Police Registers at the close of the year has decreased from 3,184 in 1902 to 2,818. The district of Dacca is still the worst in the Province in this respect, and the district of Noakhali again figures badly, returning no fewer than 100 absconders.

17. The Lieutenant-Governor has pleasure in acknowledging Mr. Carlyle's efficient administration of the Department, and thanks him for an interesting report. His Honour also notices with pleasure the remarks of the Inspector-General on the good work of the officers whose names are mentioned in paragraph 35 of the report, and desires especially to acknowledge Mr. Knyvett's services, and to congratulate him on the honour conferred on him by His Majesty in recognition of these services.

REPORT ON THE WORKING OF TREASURIES IN BENGAL FOR THE YEAR 1903-1904.

FINANCIAL DEPARTMENT—FINANCE.

Calcutta, the 22nd August 1904.

RESOLUTION—No. 4862F.

READ—

A letter from the Accountant-General, Bengal, No. 189T.—M., dated the 1st June 1904, reporting on the working of treasuries in Bengal for the year 1903-1904.

READ AGAIN—

Resolution No. 3805F., dated 13th August 1903, reviewing the working of treasuries in Bengal during the year 1902-1903.

The Lieutenant-Governor has observed with satisfaction the continued improvement in the working of the treasuries in Bengal and the great decline in the number of mistakes committed as compared with the previous year. The actual number was 2,321 against 3,660 in 1902-1903.

2. The improvement has been most marked in the treasuries at Darjeeling, Bogra, Midnapore, Shahabad, Tippera, Darbhanga, Saran, Malda, Hazaribagh, and Dacca, but there were several grave errors in the last-named treasury.

3. The following treasuries are reported to have done particularly well:—Bogra, Tippera, Shahabad, Darbhanga, Saran, Malda, and Hazaribagh. The number of faults was also low in Manbhum (5), Khulna (15), Puri (17), and Mongyhr (19), but they were not entirely free from serious irregularities.

4. The attention of Government has been drawn by the Accountant-General to the names of certain Treasury Officers who are worthy of special notice for the excellence of their work. These are—

(1) Syed Mujibur Rahman	...	... Malda.
(2) Babu Manmatha Kumar Bose	...	... Bogra.
(3) Munshi Nundjee	...	... Darbhanga.
(4) Babu Banka Bibari Singha	...	... Saran.
(5) „ Suresh Chunder Sen	...	... Saran.
(6) Mr. C. Warde-Jones	...	... Hazaribagh.

The Lieutenant-Governor has much pleasure in acknowledging their services.

ORDER—Ordered that a copy of the Resolution be forwarded to all Commissioners of Divisions for information, and communication to the District Officers in their Divisions (and through them to the Treasury Officers), to Babu Manmatha Kumar Bose, retired Deputy Collector, and to the Accountant-General, Bengal, and the Appointment Department, for information.

Ordered also that the Resolution be published in the *Calcutta Gazette.*

By order of the Lieutenant-Governor of Bengal,

L. P. SHIRRES,

Secy. to the Govt. of Bengal.

ANNUAL REPORT ON THE GOVERNMENT CINCHONA PLANTATION AND FACTORY IN BENGAL, FOR THE YEAR 1903-1904.

The 23rd August 1904.—The following extracts from the Annual Report on the Government Cinchona Plantation and Factory in Bengal for the year 1903-1904 are published for general information.

L. P. SHIRRES,
Secy. to the Govt. of Bengal.

No. 3507—111C., dated Sibpur, the 15th July 1904.

From—MAJOR DAVID PRAIN, M.B., I.M.S., Superintendent, Royal Botanic Garden, Calcutta, and of Cinchona Cultivation in Bengal and Government Quinologist,

To—The Secretary to the Government of Bengal, Financial Department.

I HAVE the honour to submit herewith the report of the Cinchona Plantation and Factory for the official year 1903-1904.

Forty-second Annual Report of the Government Cinchona Plantation in Sikkim being that for the financial year 1903-04 and also the Report of the Factory for the same year, by MAJOR D. PRAIN, I.M.S., *Superintendent of Cinchona Cultivation in Bengal, and Government Quinologist.*

1. *Weather and general.*—The weather during the year was normal. The rainfall amounted to 120·07 inches; the average annual rainfall for the preceding 29 years has been 122·53 inches. At Munsong, the outlying division in the Dumsong forest, the rainfall amounted to 74·49 inches; the average for the past three years has been 89·81 inches.

2. *Plantation and Crop.*—The number of plants put out during the year was 495,468. These included 409,143 *Ledgeriana*, 7,754 *Succirubra*, 68,872 *Hybrid No. I*, and 9,699 *Hybrid No. II.*

The area planted at the head-quarters plantation (Mungpoo and Sittong) was 113·58 acres; here 256,143 *Ledgeriana* plants, all the *Succirubra*, and all the *Hybrid No. I* and *Hybrid No. II* plants were put out. At Munsong 56·20 acres were planted with 153,000 *Ledgeriana* plants.

The nursery stock of seedlings, on 31st March 1904, was 47,152, including 1,210 more plants of *Hybrid No. II* but 2,000 fewer *Succirubra* and 107,386 fewer *Ledgeriana* plants than at the corresponding date in 1903. The difference was due to a more advanced planting season than in the preceding year.

The total number of living trees of all kinds in the permanent plantations on 31st March 1904 was 3,306,763. Of these, 2,100,307 were at Mungpoo (including Rungbee and Labdah) and 229,940 were at Sittong. At Munsong, the outlying plantation, there were 976,516. The trees included 2,566,057 *Ledgeriana*, 257,602 *Succirubra*, 2,130 *Officinalis*, 463,075 *Hybrid No. I*, and 17,899 *Hybrid No. II.* The increase, as compared with March 31st, 1903, was 291,163.

The filling up of vacancies recorded in the report for last year as necessary at Munsong has been successfully accomplished. To ensure the satisfactory performance of the work, the first Assistant at head-quarters was deputed to help the Munsong Assistant; in all 208,715 vacancies were filled, and very few of the plants put out have failed. Cultivation has been maintained throughout the plantation on the lines of recent years.

The crop taken from the plantation during the year has been 316,757 lbs. of dry bark. From Mungpoo the quantity taken was 286,508 lbs.; from Sittong, 20,591 lbs.; from Munsong, 9,658 lbs. The crop has been composed of 227,615 lbs. *Ledgeriana*, 20,591 lbs. *Succirubra*, and 68,551 lbs. *Hybrid No. 1.* The whole of the bark thus harvested has been made over to the Quinologist.

3. *Factory and Outturn.*—In addition to the usual working of the factory in connection with the separation of quinine, the separation of cinchonidine was taken in hand; the perfecting of the process by which the latter substance

is obtained is due to Mr. R. Pantling, the Deputy Superintendent of the Plantation. The method of preparing cinchona febrifuge has also been recast.

The raw material worked up during the year included 421,467 lbs. of mixed *Ledgeriana*, *Hybrid No. 1*, and *Officinalis* bark from which 12,314 lbs. 8 oz. of sulphate of quinine and 290 lbs of sulphate of cinchonidine were obtained. The average yield of sulphate of quinine for the year was 2·92 per cent.; the residual alkaloids left over in the process accounted for during the year amounted to 2,025 lbs. In addition to the foregoing quantity of bark 52,400 lbs. of mixed *Succirubra* and *Hybrid No. 1* bark, to which 1,800 lbs. of residual alkaloids were added, yielded 3,070 lbs. of cinchona febrifuge by the old or direct process. By the improved process, which came into working order towards the close of the year, 730 lbs. of cinchona febrifuge were prepared. The total outturn of manufactured products for the year has thus been 16,404 lbs. 8 oz. as compared with 16,275 lbs. 4 oz. for 1902-03. There has been an increased outturn as compared with the preceding year of 387 lbs. 4 oz. quinine and of 290 lbs cinchonidine. Less cinchona febrifuge has been made, the decrease being 548 lbs.; a smaller outturn of this article was necessary owing to the stock being ample.

4. *General Charges.*—The charges debitable against the department as a whole have amounted to Rs. 22,629-1-6 as against Rs. 21,604-6-9. These charges include pay of clerical and menial establishment Rs. 3,323-12; postal and telegraph charges Rs. 652-13; advertising manufactured articles Rs. 872; and taxes (road and public works cesses) Rs. 1,475. They include, besides, the expenditure incurred in adding to factory plant and appliances, the charges under this head amounting to Rs. 8,506-4-6; finally, they include the expenditure incurred in opening up new extensions as opposed to that incurred in maintaining already existing plantations, the charges under this head amounting to Rs. 7,799-4.

5. *Plantation Charges.*—The charges debitable against the plantation have been Rs. 81,612-15-6 as against Rs. 67,431-11-4 for 1902-03. Against this outlay has to be placed the harvest, 316,757 lbs of dry bark, obtained during the year.

6. *Factory Charges.*—The expenditure incurred in connection with the factory was Rs. 1,09,215-2. Of this sum, Rs. 50,000 represents the purchase-money and Rs. 2,002-7-9 the cost of carriage to the factory of 119,561 lbs. of cinchona bark acquired from private growers; the actual working expenses of the factory for the year were therefore Rs. 57,212-10-3, being Rs. 50,016-13-6 incurred in the manufacture of sulphate of quinine, Rs. 1,136 in the manufacture of sulphate of cinchonidine and Rs. 6,059-12-9 in the manufacture of cinchona febrifuge.

In order to produce 12,314 lbs. 8 oz. of sulphate of quinine, 290 lbs. of cinchonidine, and 730 lbs. of febrifuge, 262,193 lbs. of *Ledgeriana* bark, 79,378 lbs. of *Hybrid No. 1* bark and 13,053 lbs. 4 oz. of *Officinalis* bark from the stock held on April 1st, 1903, were used; the value of this bark was Rs. 74,450-1. In addition 66,842 lbs. of *Officinalis* bark purchased during the year for Rs. 27,953 6-6 were employed. The total value of the bark used was thus Rs. 1,02,403-7-6. The bark used in the manufacture of 3,070 lbs of cinchona febrifuge included 39,300 lbs of *Succirubra* and 13,100 lbs. of *Hybrid No. 1*, valued at Rs. 4,298-7, together with 1800 lbs. of residual alkaloids worth Rs. 1,706-4.

7. *Issues of manufactured articles.*—The issues of sulphate of quinine for the year amounted to 12,021 lbs. 7·5 oz., an increase of 1,071 lbs. 2·5 oz. as compared with 1902-03. There was some increase (296 lbs. 15 oz.) in the quantity taken by Government Dispensaries, and (44 lbs.) in the quantity taken by the Inspector-General of Jails, Bengal, but a decrease of 667 lbs. in the quantity required for Medical Depôts. There, was however, an increase of 1,500 lbs. in the quantity required in connection with sale by the pice-packet system in Bengal.

The issues of cinchona febrifuge for the year showed a decrease of 976 lbs., nearly 500 lbs. less being taken by the general public than in the preceding year; over 100 lbs. less being taken by the Inspector-General of Jails. The

demands of recent years from South Africa having ceased accounts for 500 lbs., of the decrease. On the other hand, there was an increase in the demand on the part of the Medical Depôts.

8. *Receipts.*—The receipts for the year have amounted to Rs. 2,15,994-15-3 as compared with Rs. 2,11,784-8-4 for 1902-1903. Cash receipts have amounted to Rs. 82,293-11-3, and include, besides the receipts for manufactured articles (quinine Rs. 52,917-12 and cinchona febrifuge Rs. 27,374-8), the sum of Rs. 1,643-6 as receipts for crude products (bark Rs. 163-6, seed Rs. 180, and residual alkaloids Rs. 1,300), and the sum of Rs. 358-1-3 as receipts for miscellaneous articles (empty drums, old gunny bags, ipecacuanha cuttings, etc.). The book-credits for the year amounted to Rs. 1,33,701-4, and have included Rs. 56,753 for issues in connection with the pice packet system; Rs. 74,693-4 for issues to medical depôts; Rs. 205 for issues to the Inspector-General of Civil Hospitals, Bengal; Rs. 2,050 for issues to the Inspector-General of Jails, Bengal. The outstandings, representing cash transactions uncompleted on 31st March 1904, amounted to Rs. 3,187. The whole of the outstandings on 31st March 1903 were recovered in due course.

9. *Stock-account.*—The manufactured articles in stock on 31st March 1904 consisted of 4,227 lbs. 14·5 oz. of sulphate of quinine, 290 lbs. of sulphate of cinchonidine, 2,647 lbs. 4 oz. of cinchona febrifuge; their respective values were, quinine Rs. 63,418-9-6, cinchonidine Rs. 3,262-8, cinchona febrifuge Rs. 26,472-8. These sums represent, in the casses of quinine and febrifuge, the average price at which stock of similar quality was sold during the year; in the case of cinchonidine the value is taken, in consonance with the order regulating the price of the article, at 75 per cent. of the value of quinine. Raw material and unmanufatured products included 150 lbs. of residual (amorphous) alkaloids in stock at Calcutta, valued at Rs. 142-3 and 1,328,525 lbs. 13 oz. of dry cinchona bark, valued at Rs. 2,64,249-8-10·5. The value of stores in stock was Rs. 12,072-3-6, consisting of oils Rs. 4,162-15-9, chemicals Rs. 7,398-11-9, sundries (charcoal, etc.) Rs. 510-8.

The Deputy Superintendent reports that the re-estimation of the bark stock in store, recorded in the annual report for 1901-02, page 4, proves on actual weighment of the stock not to have been accurate. Careful weighment made during the process of shifting the bark is found by the Deputy Superintendent to show that there is a deficiency of 17,393 lbs. in the quantity of *Succirubra* bark previously reported by him as present. On the other hand, he reports an excess in the stock of *Ledgeriana* bark of 107,730 lbs. and an excess in the stock of Hybrid No. I bark of 37,597 lbs. The necessary additions and deductions have accordingly been made in the stock-account.

10. *Balance Sheet.*—The stocks of bark, quinine and febrifuge are valued, as directed, at the average price at which stock of similar quality was sold during the year. Non-recurrent general charges in connection with the factory, being the cost of additions to machinery and plant, which amounted for the year to Rs. 8,506-4-6, are also, as directed by the Government of India, excluded from the debit side of this account. The balance on the account is thus Rs. 66,320-9-1·5, and even if the sum spent on non-recurring charges be deducted, the surplus on the year's working of the department amounts to Rs. 57,814-4-7·5.

11. *Sale of Quinine at Post Offices.*—The quantity of quinine issued to the Jail Department during 1903-04 was 3,914 lbs., being 1,385 lbs. in excess of the supply during 1902-03.

12. *Miscellaneous (a) Fuel Plantation.*—Eighteen and-a-half acres of the fuel plantation were coppiced during the year. The yield was 22,700 maunds of firewood for factory use, one-half being of Khasia oak, the other moiety of *Betula, Pinus* and *Schima.*

(b) Land Rent.—The revenue collected from settlers within the cinchona reserves for grazing and land rent amounted to Rs. 3,422-12, being practically identical with the revenue of the previous year. This sum was, according to custom, paid into the treasury at Darjeeling, no credit being taken for it in the acounts of the Cinchona Department.

REPORT ON THE STATE OF THE SALT MARKET FOR THE FIRST QUARTER OF 1904-1905.

No. 7844B., dated Calcutta, the 18th August 1904.

From—H. WHEELER, Esq., Secretary to the Board of Revenue, L. P.,

To—The Secretary to the Government of Bengal, Financial Department.

Member in charge:
THE HON'BLE MR. K. G. GUPTA, I.C.S.

I AM directed to submit the following report on the state of the salt market for the first quarter of the year 1904-1905, comprising the months of April, May and June 1904.

2. The quantity of salt of every description cleared during the quarter amounted to 32,52,118 maunds, as compared with 27,85,757* maunds in the previous quarter, and 28,99,901 maunds in the corresponding quarter of the previous year. The net amount of duty levied thereon was Rs. 61,37,272, as against Rs. 52,87,047* in the previous quarter, and Rs. 55,38,184 in the corresponding quarter of the previous year.

* Revised figures.

3. The subjoined Table (I) shows in detail the importations into the port of Calcutta and the total clearances of sea-imported salt during the quarter, as compared with the figures of the corresponding quarters of the two previous years:—

* Revised figures.

Compared with the corresponding quarter of the previous year and the same quarter of 1902-1903, there was a considerable increase both in the importations and clearances of salt, especially in the former.

4. Table II shows the quantity of sea-imported salt remaining in the warehouses at the close of the quarter as compared with the previous four quarters:—

* Revised figures.

Stocks at the close of the quarter were greater than in any of the previous four quarters owing to the heavy importations during the quarter. The inland bonded warehouses at Dacca and Ashuganj have been closed.

5. The despatches of salt from Calcutta by boat and by the several railways passing through the different pass-stations into the interior of the country, both east and west of the river Hooghly, as well as the despatches by steamers and flats during the quarter and the corresponding quarters of the last two years, are shown in Table (III) below:—

SUMMARY OF THE METEOROLOGICAL AND RAINFALL OBSERVATIONS TAKEN IN BENGAL, AND OF THE METEOROLOGICAL OBSERVATIONS TAKEN IN ASSAM, FOR THE MONTH OF JULY 1904.

THE weather during July was characterised by the uniformity in the strength of the monsoon current as well as by the unusual absence of cyclonic storms at the head of the Bay. The storm which was lying at the head of the Bay on the 1st of the month passed speedily inland, moving in a westerly direction into the Central Provinces. It ceased to influence the weather in Bengal on the 3rd. The rainfall which it caused, though well distributed, was only moderate in amount. Pressure rose very sluggishly in the rear of the storm, and was still in moderate defect on the 5th. On that date a fresh and rapid fall commenced, which resulted in the formation of a small depression over South-West Bengal on the 7th. By the morning of the 8th this had developed into a cyclonic storm of considerable intensity, which had already commenced to move in a north-westward direction. The motion was rapid, the centre of the storm having by 8 A.M. on the succeeding day passed into the western districts of South Bihar, while the intensity of the storm had remained practically undiminished. Rainfall which had fallen off slightly during the days immediately preceding the formation of the storm again became general, besides increasing in amount, and it was not till the 10th that the influence of the storm ceased to be felt and rainfall received a check. Mean temperature during the whole of this period was in general defect except in the northern parts of the Province, where it was slightly above the average. This distribution continued with small and unimportant oscillations till the 8th when the rainfall due to the cyclonic storm brought about a general fall and caused the area of deficiency to be extended to all parts of the Province.

With the 10th a temporary change in the weather conditions set in. The monsoon current in the Bay, which up to that date had maintained a strength considerably above the average, now commenced to diminish, and at the same time the pressure distribution in Bengal assumed a character unfavourable to the continuation of rainfall. A rapid rise of pressure set in the west and extended gradually eastwards, so that on the 12th the whole Province was for the first time in July under the domination of high pressure. An equally rapid fall commenced on the 10th, but its influence did not assert itself till the 14th. and consequently for the four or five days under consideration the weather was practically rainless, while high temperature prevailed over the whole Province. This break in the rains was, however, of only a temporary character, as a strong monsoon current had once more established itself on the 15th, and the pressure distribution in the Province had likewise recovered its normal character on the same date, so that the rainfall increased both in amount and extent of area. Moreover, on the 16th, a shallow area of low pressure established itself over Bengal, and with but slight variations maintained its general position unchanged up to the 20th. Small oscillations of pressure occurred during this period, but they were not sufficient to affect the general distribution. Conditions were therefore uniformly favourable for rain, which continued to fall in fair quantity throughout the Province. With the change in the weather temperature likewise began to fall, and was again below normal from the 17th to the 20th. During the 19th and 20th there was a slight check to the rainfall, but on the 20th it again increased both in amount and area; and although the pressure distribution assumed a somewhat abnormal character from the 25th to the 28th, rainfall continued to be copious and well distributed up to the 30th of the month. Though with this exception the distribution itself was favourable for rainfall, the low-pressure conditions which prevailed from the 14th to 20th were reversed by the rise which began on the latter date, and which continuing during the next few days brought about a general excess of pressure over the Province on the 23rd. The rise continued steadily till the 26th. A fall then commenced which brought the barometer practically to normal on the morning of the 29th, so that the subsequent slight rise on the last two days of the month left the pressure on the morning of the 31st in moderate excess over the whole of the Province.

The variations of temperature from the 20th to the 28th were irregular, but inconsiderable in amount, and mean temperature continued to be in defect during the whole of this period except in the extreme south of the Province, where it was slightly above the average from the 25th to the 27th. On the 28th, however, the defect was again universal. Temperature had begun to rise, and at the end of the month was generally above the normal.

On the last day of the month a change in the weather again set in with the formation of a depression at the head of the Bay, in consequence of which rainfall temporarily diminished.

No doubt the most striking feature of the weather in July was the marked absence of storms forming at the head of the Bay. This was of course due to the uniformity of the monsoon current, as it is generally during a slight retrocession of the current that disturbed conditions arise in the north of the Bay area. As the strength of the current was during the greater part of the month above the average, any slight weakening would not amount to the actual temporary retreat of the monsoon winds at the head of the Bay, which is necessary before a cyclonic storm such as is usual at this time can be generated. The same cause will no doubt also account for the fact that the one actual storm in July as well as the later diffused depression had their origins in South-West Bengal itself and not as is usual in the Bay area. There is one other abnormal feature of the weather which deserves notice, and that is the continuance of the rainfall during the conditions which obtained from the 23rd to the 28th. Not only was the barometer high during the whole, and the distribution unusual for the greater part, of that period, but the monsoon current over the centre and south of the Bay had fallen largely in strength. It may, however, in part be accounted for by the fact that the actual gradient of pressure at the head of the Bay and near the Province was very steep, and that the indraught of moist air from the north of the Bay was, notwithstanding the general weakness of the monsoon current, exceptionally strong.

Summary of Pressure.—Pressure was above the average for a short period towards the end of the first half of the month and again for the last eight days of the month. With these exceptions it remained steadily below the normal, so that mean pressure is in slight defect for the whole Province.

Summary of Temperature.—Temperature likewise was low for the greater part of the month. The only period during which high temperature prevailed was during the break in the rains from the 10th to the 18th as well as during the last two days of the month. The defect in the mean temperature for the month is common therefore to the whole Province, and shows itself not only in the average temperature for the day, but also in the mean of the maxima and minima. The greatest defect in the mean maximum is shown at Gaya, where it amounts to nearly 7°. In general, however, the departure from the normal in the various temperatures is not very large.

Summary of Rainfall.—Rainfall, as already indicated, was on the whole well distributed and for the most part plentiful. The only fairly general cessation of rain occurred from the 10th to the 14th, the rainfall during the rest of the month continuing without any marked break. Orissa is the one division which shows a rainfall below the average, and the deficiency there was very slight. In all the other divisions of the Province rainfall was above the average, the greatest percentage excess occurring in Chota Nagpur, where it amounts to 43 per cent.

The following table gives a comparison of the falls in the various divisions during the month of July with the normal fall, the actual being given as a percentage of the normal fall. The table also shows the actual falls for each of the previous months of the year expressed in the same way, and the last column of the table shows the total of the falls of the past seven months of the year in each division expressed as a percentage of the normal fall:—

The mean pressure, temperature, etc., are deduced from the traces of the Barograph and Thermograph, and from eye observations

The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected to those of the standard, Newman's No. 86, formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV and V of the official tables computed in the Meteorological Office, and based on Regnault's modifications of August's formula.

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground. Rainfall reported on any day is for 24 hours preceding 8 A.M. of that day.

A. B. MILLER,
Official Assignee.

Notice.

ON and from the 1st October 1904, the following scale of rates will be charged for goods deposited in the Calcutta Custom House godowns.

No charge for wharf rent will be made until the fourth day after landing, *e.g.*, goods landed on Monday will not be liable to wharf rent if removed before Thursday evening; and no charge for wharf rent will be made for holidays when, owing to the Custom House being shut, consignees are unable, without any fault on their part, to clear their goods. Sundays and holidays will be exempted from rent, unless the goods have already incurred rent, in which case Sundays and holidays are included.

The rates will be those fixed by Government as in the accompanying statement.

MIS. PUB. IMPTS.

The 30th August 1904.

No. 220M.P.I.—Notification.—The following conditions under which electric meters and other instruments will be accepted for testing in the Government Electrical Laboratory, Calcutta, are published for general information:—

A. F. HIGGINS,
Offg. Secy. to the Govt. of Bengal.

Conditions under which Electric Meters and other Instruments will be accepted for testing in the Government Electrical Laboratory, Calcutta.

NOTE.—All communications in connection with the above should be addressed to the Electrical Engineer to the Government of Bengal, 58 Chowringhee, Calcutta.

Disputed meters.

1. Upon an application being received by the Government Electrical Engineer under clause 57 of the Calcutta Electric Lighting Licenses, 1896, 1900, or 1901, in connection with a difference arising between any consumer and the undertakers as to the accuracy of any meter, an appointment will be made with the consumer and the undertakers for an Inspector to attend at the premises of the consumer. The Inspector will take charge of the meter which is not to be disconnected from the circuit except in his presence, and then only by the undertakers.

2. The Inspector will, as far as possible, ascertain before such disconnection takes place, whether the meter is properly fixed and connected with the circuit, and whether it appears to be in good working order, and it will then be removed under the supervision of the Inspector to the Government Electrical Laboratory.

3. If the meter be of a type requiring to be tested for synchronism, it will, if necessary, after disconnection from the circuit and before removal from its position, be sealed up by the Inspector and run for at least 24 hours without current being allowed to pass through the main coils, and at the end of that time or of such longer time as may be convenient, the result will be ascertained by the Inspector and the meter then removed in the manner before indicated.

4. Before removing the meter, the Inspector will ascertain as accurately as possible the total current which may be taken if all the current-consuming devices connected with the installation are put on to the circuit, and also the average and the maximum normal current.

5. If the Inspector considers it desirable, he will also, with the concurrence of the applicant and upon payment of the prescribed fee, test the insulation resistance of the house installation concerned.

6. In the case of meters which can, under certain circumstances, register without current passing through the main coils, the Inspector will make a careful examination to ascertain whether such registration is effected.

7. The tests for accuracy will be made at the Government Laboratory. A meter shall be considered to be "correct" when the registration shown by the dials is within 2½ per cent. of absolute accuracy at all points above one-twentieth load.

8. In the case of meters which before being fixed shall have been tested and sealed by the Government Electrical Engineer and certified as correct meters, the meters will be tested for starting current and at one or more quarter loads, and if the results be approximately the same as those obtained in the previous tests, the meters will be considered correct.

9. In the case of meters which have not been tested and sealed by the Government Electrical Engineer before fixing, the tests will be made at the average load used by the consumer, if this can be ascertained.

10. In cases where the meter has been removed from the consumer's premises before any application for testing is made to the Government Electrical Engineer, it may nevertheless be tested for accuracy; but a note will be attached to the report stating that the meter was removed from the consumer's premises before it was tested, and that the Government Electrical Engineer has no means of ascertaining whether its condition is the same as it was when so fixed.

11. At least one test will be made of every meter by a dial reading.

12. The report of the Government Electrical Engineer, or a copy thereof, will be sent both to the consumer and to the undertakers.

13. Within one week after the completion of the test the meter will be handed at the Government Laboratory to the representative of the owner, unless circumstances shall have arisen which render a further test desirable.

Meters (not disputed) or other instruments.

14. Instruments may be delivered at the laboratory for testing between the hours of 10 A.M. and 4 P.M. on week days. In every case such instruments must be accompanied by a form of application which may be obtained from the Government Electrical Engineer.

15. Instruments will not be received which are not plainly marked with the name of the manufacturer and an identification number.

16. Instruments will not be allowed to leave the laboratory until all money due for fees or other charges incurred has been paid.

17. Every instrument submitted must be provided with suitable terminals or leads, so that it can be readily connected to the testing circuit without soldering.

18. All indicating instruments must have their dials plainly marked with a suitable scale, which may be of equal or of unequal divisions.

19. The points of testing required must be specified in electrical units (volts, amperes, &c.) and not in numbers referring to the scale on the instrument.

20. A certificate of test will be forwarded by post after the instrument has been removed, or will, if ready, be given to the person authorized to remove the instrument.

Responsibility for damage and scale of fees.

21. The Government of Bengal or the Government Electrical Engineer will not be responsible for any damage to any instrument, either in transport or while at the laboratory, nor for any loss sustained in consequence of the time that may elapse before the instrument is taken away.

22. The attached scale of fees for examination or testing of meters (disputed or otherwise) and of electrical instruments for the measurement of resistance, current, or electrical pressure, has been approved by the Government of Bengal.

23. All fees for testing shall be paid by the applicant, in advance, to the Government Electrical Engineer, 58 Chowringhee, Calcutta, who will grant a receipt in the authorised form.

SCALE OF FEES FOR TESTING ELECTRIC METERS AND OTHER INSTRUMENTS.

Class 2.—Meters with shunt coils or requiring to be fixed for testing up to 50 amperes capacity, if sent in in batches of not less than 10 of the same size and make, each ...	6
Ditto from 50 to 100 amperes capacity, each ...	12
Ditto from 100 to 200 ditto ...	15
Class 3.—Meters requiring fixing and synchronising, or adjusting after fixing, up to 50 amperes capacity, if sent in in batches of not less than 10 of the same size and make, each	8
Ditto from 50 to 100 amperes capacity, each ...	14
Ditto from 100 to 200 ditto ...	17

Class 4.—Meters for multiple circuits will be charged for according to the number of circuits.

Class 5.—Meters which require to be tested on a circuit absorbing considerable power will be charged for at special rates.

C.—Inspection or testing in situ.

	Rs.
For examining in position after fixing, and certifying, if found correctly fixed, any single meter which has already been tested for accuracy at the Government laboratory	3
For testing a meter *in situ*, by means of a tested meter, up to 100 amperes	16

D.—Electric Pressure.

For taking a record of "pressure" at any consumer's house within three miles of the testing laboratory, such record extending over 24 hours	10
If such record extends over two or more consecutive periods of 24 hours for each succeeding period	5

E.—Insulation Resistance.

For testing any installation for insulation resistance to earth from the main terminals, where the time occupied is less than two hours	10
For every hour or part of an hour after the first two hours ...	5

F.—Sub-standards.

For an instrument intended to be used as a sub-standard and submitted for special examination and testing	45
If required to be kept under observation for a period longer than one month, for each additional month or part of a month ...	15

G.—Direct-reading Instruments.

For testing at three points—	
Voltmeter for continuous pressure only—	
Not exceeding 200 volts	10
Exceeding 200 and not exceeding 500 volts	12
Ammeter for continuous current only—	
Not exceeding 200 amperes	10
Exceeding 200 and not exceeding 500 amperes	12
Watt-meter continuous current—	
Not exceeding 230 volts or 250 amperes	15
For each point tested beyond three points in any direct-reading instrument an addition of Rs. 3 will be made to the amount of fee.	
In the case of any direct-reading instrument, if arranged to record, and if the accuracy of such record is required to be verified, extra fee for every record verified	3

H.—Zero instruments.

For instruments reading by an adjustment to zero, an increase of 50 per cent. on the fees for similar direct-reading instrument will be charged.

I.—For testing resistances and standard cells.

For a resistance coil of not less than 1 ohm resistance to an accuracy of 0·1 per cent.	5
For a resistance coil of resistance between 1 ohm and $\frac{1}{1000}$ ohm to an accuracy of 0·1 per cent.	5
For a coil of standard form to highest accuracy obtainable, at one temperature	16
For determining the E. M. F. of a Clark's standard cell at one temperature	5
For testing a direct-reading ohm meter with its own generator up to 1 megohm, *per single point tested*	3
For testing a Silvertown or other insulation resistance set, complete with its own battery, up to a 1 megohm, *per point tested* ...	5

D. B. HORN,
Secy. to the Govt. of Bengal.

[Second Publication.]

The 23rd August 1904.

No. 49.—Notification.—In exercise of the powers conferred on him by sections 78 and 99 of Act III (B.C.) of 1876, the Hon'ble the Lieutenant-Governor of Bengal proposes to

fix the following rates for water supplied from the Midnapore Canal to new long leases with effect from 1st April 1905. The new long leases will be current for a period of seven years.

D. B. HORN,
Secy. to the Govt. of Bengal.

Proposed Rates.

Water supplied between 16th June and 30th November, whether by flow or lift, shall be charged as follows:—

(I) For water supplied on a long lease, Rs. 2 per acre per annum.

(II) For water supplied on a covering lease, when a permit for a long lease is not subsequently issued, Rs. 3 per acre.

(III) For each single watering Re. 1 per acre, the rate being payable in advance to the Subdivisional Canal Officer.

The rates to be charged for water supplied between the 1st December and 15th June shall be Rs. 2-8 per acre.

For the unauthorised use of canal water a rate of Rs. 5 per acre shall be charged: this rate may, however, be reduced at the discretion of the Deputy Collector.

Existing Rates.

8. The rates to be charged for water supplied between 16th June and 30th November, whether by flow or lift, to lessees on application shall be—

For a term of five years, Re. 1-8 per acre for each season.

For one year or for water supplied on a provisional license for which a permit for a term of years is not subsequently issued, Rs. 3 per acre.

Provided that the leases, whether new or renewals, required for shorter terms than five years in order to develop the system of blocks, shall be charged Re. 1-8 per acre only.

If water is available after the long leases have been irrigated, leases for a single watering may be given at eight annas per acre, the rate being payable in advance.

9. For the supply of water, when available, for winter crops, a rate of Rs. 2-8 per acre per season shall be charged.

10. For the unauthorised use of canal water a rate of Rs. 5 per acre, or such less rate as may be sanctioned by the Deputy Collector, shall be charged.

RAILWAY DEPARTMENT.

The examinations will begin as stated above, and each private student will pay a fee of Rs. 2 to the head of the institution at which he appears for examination. The balance after payment of expenses (stationery, etc.) will go as remuneration to the examiners.

3. Applications for permission to appear must be sent so as to reach *this office* not later than the 24th November with the following information, etc.—

From Private Candidates proper.

(*a*) The name of the school in which the candidate last studied.

(*b*) The transfer certificate (in original) granted to the candidate from the same ; or

(*c*) In the case of a candidate who previously appeared at the Entrance examination, the Registrar's receipt (in original) for the fee paid.

(*d*) Age of the candidate.

From School-masters.

(*c*) A certificate from the Secretary or Proprietor of the School in which the candidate is serving to the effect that he has been a *bonâ fide paid* teacher of the school in which he teaches, and has been so ever since the 1st June 1904. In case of a school-master who has served *in more than one school,* he must produce certificates from the several schools in proof of his having been a *bonâ fide paid* teacher all along since the 1st June 1904.

Failing to produce the above certificate or certificates, a school-master will be subject to the rules applicable to *bonâ fide* private candidates, as given above.

4. If this office is satisfied that all is in order, the Inspector will countersign and return the application, and this then will be the candidate's passport for admission *to the test-examination.*

5. The Head Master of an institution (one of those named above) should direct private students to appear before him not later than the 2nd January with their applications for admission to the Entrance examination, and in the case of those candidates who have satisfied the test, he will cause them to sign their applications in his presence, and will grant the necessary certificates, and then forward the application forms to this office for countersignature, after which they will be sent by the Inspector *direct* to the candidates.

6. Expedition is necessary in carrying out all these instructions, and candidates should be *most careful* to give their names and addresses written legibly and distinctly, so that no mistake may be likely to occur.

7. *Under no circumstances should the entrance fee be sent to this office.*

8. Private students will understand that the test-examination of any schools other than those named above will not be accepted by this office.

9. Addresses of private students should be supplied to this office.

JALPAIGURI,
The 20th July 1904.

C. W. PEAKE,
Offg. Inspector of Schools, Rajshahi Division.

OFFICE MEMO.

Rules for appearing at the F.A. and B.A. Examinations for candidates from the Rajshahi Division, who are not students of any affiliated institution.

DEPUTY INSPECTORS OF SCHOOLS, Sub-Inspectors of Schools and *boná-fide* masters of English schools, who have served as such for the full period of two academical years, or of six months after the examination of the same class last held by the University, in the case of those only who were admitted to a former examination of that class, will be admitted to the abovementioned examinations. The applications of school-masters should be accompanied by certificate of length of service from the Secretaries or Managers of the schools in which they are employed, and should reach this office not later than the 6th January 1905. The application of a school-master for permission to appear at the F.A. or B.A. examination should be signed by him in the *presence* of the Secretary or a Member of the Managing Committee of the School in which he is employed. The application should be forwarded to this office for countersignature, together with the Registrar's certificate, to prove, if this be the case, that the candidate has appeared at the examination in a previous year, and the certificate in proof of his having passed the Entrance or F.A. examination, as the case may be, and it will be sent back to him (the candidate) who will have to send it, together with the examination fee, to the Registrar of the University *direct*. School-masters are not required to pay any fee for getting their application for permission to appear at either of the abovementioned examinations countersigned by this office.

2. Candidates should read carefully the form of the certificate which this office is required to sign, and should be careful to supply all information and documents required, including the Registrar's receipt in the case of those school-masters who have been admitted to a former examination of the same class, without which the Inspector must decline to sign the certificate.

3. By *boná-fide* masters of schools are to be understood masters who hold regularly paid appointments in English schools, teaching at least the M.E. course.

JALPAIGURI,
The 26th July 1904.

C. W. PEAKE,
Offg. Inspector of Schools, Rajshahi Division.

NOTICE.

ENTRANCE EXAMINATION.

A TEST-EXAMINATION of private students and school-masters for admission to the ensuing Entrance examination will be held at the office of the Inspector of Schools, Presidency Division, 12 Dalhousie Square, Calcutta, on Monday, the 12th, and Tuesday, the 13th, December 1904. Such candidates only as reside in any of the districts of the Presidency Division, including Calcutta, will be admitted to the examination.

2. Candidates who do not appear from any school, *i.e.*, who have not attended any school since the 1st of September next preceding the examination, will be treated as private students. They will be required to furnish satisfactory proof that they have not read in any school from that date. They must also produce certificates of conduct and progress in studies from the authorities of the last school where they read, or, in the case of those who have not been in any school for more than a year, from some other reliable authorities. The transfer certificates granted to them by the authorities of the schools in which they studied last, or the Registrar's receipt for the fee paid in the case of those candidates who previously appeared at the Entrance examination, must be submitted in original along with the application for permission to appear at the test-examination.

3. *Boná-fide* teachers employed in any of the schools in the Presidency Division may be admitted to the examination if they can produce certificates of service and character from their employers, or from the Deputy Inspector of the district concerned.

4. Each candidate should submit to this Office, not later than the 15th November 1904, his application for admission to the test-examination, stating the following particulars:—

(1) Age, (2) residence, (3) father's name, (4) second language besides English, and (5) whether he appeared at any previous Entrance examination.

5. The admission-fee for the examination is Rs. 4 for each candidate, and is to be remitted with the application within the prescribed date, after which a fine of Rs. 2 is to be imposed for each week's delay.

6. No private student will be admitted to the test-examination unless accompanied, for the purpose of identification, by some person known to this Office.

7. Candidates who are sent up by this Office must appear at the Calcutta Examination Centre.

8. Those who reside at a distance from Calcutta may, with special permission, present themselves at the test-examination held by the head-master of the nearest zilla or Government high school within the Presidency Division on condition that they appear at the centre

selected by the candidates from that institution. The head-master of such school is hereby authorised to sign the applications, which must afterwards be countersigned by the undersigned. The fees and fines paid by these candidates as per paragraph 5 above should be utilized in meeting the cost of the examination.

9. The Entrance examination in 1905 will be held on the 1st March 1905 and the following days.

10. Applications and fees for admission to the examination must reach the office of the Registrar on or before the 24th January 1905.

F.A. and B.A. Examinations.

Deputy Inspectors, Sub-Inspectors, and *bonâ-fide* teachers of English schools in the Presidency Division who have served as such for full two academical years, or for six months in the case of those who were admitted to a former examination of the same class, will be admitted to the above examinations on production of certificates of character and length of service (with dates) from their employers. *Their applications must reach this Office on or before the 9th January 1905.*

2. Candidates for the B.A. examination must send their F.A. Certificates, and candidates for the F.A. examination their Entrance Certificates.

3. Candidates should carefully read the printed form of application and supply all the informations required by the University, including the Registrar's receipt in the case of those school-masters who were admitted to a previous examination of the same class.

4. The F.A. and B.A. examinations in 1905 will be held on the 22nd March 1905 and the following days.

5. Applications with the countersignature of the undersigned and fees for admission to the above examinations must be sent to the *office of the Registrar on or before the 7th February 1905* by the candidates direct.

P. Mukerji,
Inspector of Schools, Presidency Division.

Office Memorandum of the Inspector of Schools, Chota Nagpur Division.

UNIVERSITY ENTRANCE EXAMINATION, 1905.

Test-Examination of Private Students.

1. A student who does not appear from any school, or who will have been transferred after the 31st August next without the consent of the Inspector to the school from which he appears, will be treated as a private student. The term "private student" includes *School Masters.*

2. All private students are required to appear at the test-examination of a zilla school. No private student will be admitted to the test-examination unless accompanied for the purpose of identification by some person known to the Head Master of the institution at which he appears.

3. The test-examination in all zilla schools in the Chota Nagpur Division will be held on the 13th December 1904 and following days.

4. Each private student will have to pay a fee of Rs. 2 for permission to appear at the test-examination to the head of the institution at which he appears. The balance of such fees, after payment of expenses (stationery, &c.), will go as remuneration to the Examiners.

5. Candidates for the test-examination should apply to this office not later than the 15th November 1904. They should forward the certificates granted to them under the transfer rules by the Head Master of the school in which they last read. In the case of a candidate who failed at a previous Entrance examination and has not joined a school afterwards, the Registrar's receipt, in original, will be accepted in lieu of the transfer certificate.

6. A student who failed to pass the annual examination for promotion to the first class at the end of Session 1903-1904 and then left his school will not, under any circumstances, be allowed to appear at the Entrance examination of 1905.

7. Each candidate should submit with his application a statement showing—

(1) Age.
(2) Residence.
(3) Father's name.
(4) Second language taken up, besides English.
(5) Whether he appeared at any previous Entrance examination.

8. *Bonâ fide* teachers employed in any of the recognised schools in the Chota Nagpur Division may be admitted to the test-examination on payment of the prescribed fee, provided they can produce certificates of service and good character from their employers or from the Deputy Inspectors of the districts concerned.

9. The forms of application for permission to appear at the Entrance examination will be signed by the Head Master of the zilla school at which the candidates have undergone the test, and will be forwarded by him to the Inspector for countersignature.

10. The applications and fees for admission to the Entrance examination must be forwarded to the Registrar of the Calcutta University by the private candidates themselves, so as to reach his office on or before the 24th January 1905.

11. The Entrance examination in 1905 will be held on the 6th March 1905 and following days.

F.A. AND B.A. EXAMINATIONS, 1905.

1. Deputy Inspectors of Schools, Sub-Inspectors of Schools, and *bonâ fide* teachers of recognised English schools in the Chota Nagpur Division of two years' standing, or of six months' standing in the case of those who were admitted to a former examination of the same class, will be admitted to the above examinations. These latter must have served for six months since the date of the last examination to which they were admitted. School Masters should produce certificates of character and length of service (with dates) from the Managers of the schools in which they are employed. Their applications must reach this office not later than the 16th January 1905.

2. Candidates for the B.A. examination must forward with the applications their F.A. certificates, and candidates for the F.A. examination their Entrance certificates. Candidates plucked at a previous F.A. or B.A. examination may forward, instead, the University Registrar's receipt, in original, for that examination.

3. Candidates should read carefully the form of the certificate which this office will have to sign, and supply all information and documents required, without which the Inspector will decline to sign it.

4. The F.A. and B.A. examinations in 1905 will be held on the 22nd March 1905 and following days.

5. Applications and fees for admission to the above examinations must be forwarded to the Registrar, Calcutta University, by the candidates themselves, so as to reach his office on or before the 7th February 1905.

PURULIA, SASIBHUSHAN DUTT,
The 12th August 1904. *Inspector of Schools, Chota Nagpur Division.*

DACCA DIVISION.

UNIVERSITY ENTRANCE EXAMINATION.

PRIVATE CANDIDATES.

1. A student who has not attended any H. E. School recognised by the University since the 1st September next preceding the Entrance Examination, or who has been transferred after the 1st September, to the school from which he appears without the consent of the Divisional Inspector of Schools, will be treated as a private candidate.

2. School-teachers are classed as "Private Candidates."

3. Private candidates desirous of sitting at the ensuing University Entrance Examination must appear at a test examination in one of the undermentioned schools :—

(1) Dacca Collegiate School
(2) Mymensingh Zilla School.
(3) Faridpur Zilla School.
(4) Barisal Zilla School.

4. The test examinations of the zilla schools will be held on the 14th December 1904 and the following days. The date of examination of the Collegiate School should be ascertained from the Head Master of that school.

5. Every private candidate must submit his application to the Head Master of one of the schools named above at least three weeks before the test examination, and satisfy the following conditions :—

(*a*) that he has not failed at the test examination of any Entrance school during the current session;
(*b*) that he has not left school from any class lower than the first; and
(*c*) that he has left the school in which he last read with a transfer certificate, or (in the case of a candidate who appeared at any previous examination) he is in possession of the Registrar's receipt.

A school-master is required to produce a certificate from the Secretary of the school in which he has served as a *bonâ fide* teacher for a period not less than six months, or if he has served in several schools, he must produce certificates from the Secretaries of each of them to prove that he has served as a *bonâ fide* teacher in all of them.

6. Every private candidate must pay a fee of Rs. 2 to the Head Master of the school at which he appears for examination. After payment of the necessary expenses, the balance of the fees will be paid to the examiners as remuneration.

7. He must be accompanied, for the purpose of identification, by some person known to the officer conducting the examination, and satisfy him as to his character, otherwise he will not be admitted to the test examination.

8. The head masters of the schools named above are requested to send to this office a statement showing the marks gained by each private candidate in each subject at the test examination within a fortnight from the date of the said examination, and are authorised to sign the application forms of eligible candidates, which should be forwarded to this office for countersignature and return in due time.

9. Private candidates should arrange to remit their examination fees, together with the application forms, direct to the Registrar, so as to reach him on or before the 24th January 1905.

10. The next Entrance Examination begins on the 6th March 1905.

F.A. AND B.A. EXAMINATIONS.

1. Deputy Inspectors of Schools, Sub-Inspectors of Schools, and *bonâ fide* teachers of recognised English schools will be admitted to the F.A. and B.A. Examinations as private candidates, provided they have served in their respective capacities for a period of two academical years.

Bonâ fide teachers are those who hold paid appointments in English schools, teaching up to at least the Middle English standard.

2. Exceptions to the above rule will be made in the case of those candidates who, after failure at a previous examination, have served for six months since the date of the last examination held by the University. If, however, a candidate has not completed six months' service at the time of submitting his application, he must give a written guarantee that he will remain in his post until he completes six months' service before the examination.

3. School-masters should submit, with their applications, certificates of character and length of service from the Secretaries of their respective schools, which will be retained, and also the University certificates, in proof of their having passed the Entrance or F.A. Examination, as the case may be. Candidates who have previously failed at the examination should produce the Registrar's receipt in addition.

4. Applications must reach this office on or before the 7th January 1905.

5. Fees should be remitted by the candidates direct to the Registrar of the University of Calcutta, together with the application forms countersigned by the Inspector of Schools, so as to reach the office of the Registrar on or before the 7th February 1905.

THE INDIAN LAW REPORTS.

Published in FOUR SERIES, viz.:

CALCUTTA, MADRAS, BOMBAY AND ALLAHABAD.

THE Indian Law Reports, published under the authority of the Governor General in Council, are printed in monthly Parts, which are issued, as soon as possible after the first of each month, at Calcutta, Madras, Bombay and Allahabad, respectively.

The Reports comprise four Series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court

The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta Series.

The Calcutta Series is distributed by the Bengal Secretariat Book Depôt; and the Madras, Bombay and Allahabad Series are distributed direct from Madras, Bombay and Allahabad, respectively.

Persons desiring to subscribe for or purchase the Reports should apply to—

the Officer in charge, Bengal Secretariat Book Depôt, Calcutta,
or
the Superintendent, Government Press, Madras, or
the Superintendent, Government Central Press, Bombay, or
the Curator of Government Books, United Provinces of Agra and Oudh, Allahabad.

The Calcutta Gazette.

WEDNESDAY, AUGUST 31, 1904.

NOTICES TO MARINERS.

GOVERNMENT OF BENGAL—MARINE DEPARTMENT.

THE following Notices are published for general information.

CALCUTTA, *the 27th August 1904.*

D. B. HORN,
Secretary, Marine Department.

JAPAN, WEST COAST.

Simonoseki strait—Wreck in western entrance removed.

No. 288 (first publication).—With reference to Notice to Mariners No. 297, dated 11th September 1903, issued by this office, the British Admiralty has given further notice (No. 624 of 1904) that the wreck of the sailing vessel *Yebisu Maru*, which sank on the track through the western entrance to Simonoseki strait at a distance of 5 cables S. 44° W. from Maiko jima (Hamo island), has been removed.

Approximate position, lat. 33° 56′ N., long. 130° 52¾′ E.

(Variation 4° Westerly in 1904.)

This Notice affects the following Admiralty Charts:—Approaches to Simonoseki strait, No. 532; Simonoseki strait, No. 1578: Also, Sailing Directions for Japan, &c., 1904, page 514.

EASTERN ARCHIPELAGO—CELEBES, SOUTH COAST.

Bulekomba—Light established.

No. 289 (first publication).—With reference to Notice to Mariners No. 261, dated 30th July 1904, the British Admiralty has given further notice (No. 627 of 1904) that telegraphic information, dated 14th July 1904, shows that the *white group occulting* light showing groups of three occultations *every thirty seconds*, thus:—light, *fifteen seconds;* eclipse, *three seconds;* light, *three seconds;* eclipse, *three seconds;* light, *three seconds;* eclipse, *three seconds;* has been established at Bulekomba; it is elevated 49 feet above high water, visible in clear weather from a distance of 12 miles, and shown from an open ironwork support, 42 feet high, painted white.

Approximate position of Bulekomba on Chart No. 941*b*, lat. 5° 32′ S., long. 120° 12′ E.

This Notice affects the following Admiralty Chart:—Eastern Archipelago, Nos. 942a and 941b: Also, List of Lights, part VI, 1904, page 93; and Eastern Archipelago, part II, 1893, page 345.

CHINA SEA—Banka strait.

Muntok road—Wreck disappeared.

No. 290 (first publication).—With reference to Notice to Mariners No. 218, dated 25th June 1904, issued by this office, the British Admiralty has given further notice (No. 630 of 1904) that the wreck of the native boat, which sank in a depth of 3½ fathoms in Muntok road at a distance of 3¼ cables S. 6° W. from the pier head, has disappeared.

Approximate position, lat. 2° 4½′ S., long. 105° 9¾′ E.

(Variation 1° Easterly in 1904.)

This Notice affects the following Admiralty Chart:—Banka strait, with plan of Muntok road, No. 2597: Also, China Sea Directory, vol. I, 1896, page 415.

PACIFIC OCEAN—The Philippine islands.

Katanduanes—Reef off the north-west coast.

No 291 (first publication).—The British Admiralty has given notice (No. 633 of 1904) of the existence of a reef with five heads on it, awash at low water, off the north-west coast of Katanduanes island, situated with the north-westernmost islet off Palumbanes island bearing S. 9° E., distant 4 miles, and Yog (Iot) point S. 86° E.

This reef is about one mile long in a N. 78° W. and S. 78° E. direction, and is a quarter of a mile wide.

Approximate position, lat. 14° 9′ N., long. 124° 0′ E.

Also, that the two shoals, marked E D. on the Chart, situated at a distance of 5 miles westward of point Pandan, do exist and consist of rocks awash at low water; but that the breakers reported in 1883 at a distance of 5 miles N. 70° W. from Pandan point do not exist.

Approximate position, Pandan point, lat. 14° 6½′ N., long. 124° 10′ E.

(Variation Nil in 1904.)

This Notice affects the following Admiralty Charts:—The Philippine islands, No. 943; St. Bernardino and Mindoro straits, No. 2577: Also, Eastern Archipelago, vol. I, 1902, pages 378, 379.

PACIFIC OCEAN—The Philippines—Mindoro island.

Ilin island and Duyagan point—Shoals off—.

No. 292 (first publication).—The British Admiralty has given notice (No. 634 of 1904) of the existence of a rock, with a depth of 9 feet over it, in the approach to Mangarin. From it the north-eastern point of Ilin island bears S. 50° W., distant three-quarters of a mile, and Manadi N 59° W.

Approximate position, lat. 12° 18¼′ N., long. 121° 4′ E.

Also, of the existence of a shoal, on which a depth of 4 fathoms was obtained, off the east coast of Mindoro, in a position from which Duyagan point bears S. 89° W, distant about 1½ miles. There is probably less water on this shoal.

Approximate position, lat. 12° 37½′ N., long. 121° 34′ E.

(Variation 1° Easterly in 1904.)

This Notice affects the following Admiralty Charts:—St. Bernardino and Mindoro straits, No. 2577; Semirara, Ilin, &c., No. 971: Also, Eastern Archipelago, part I, 1902, pages 75, 232.

AUSTRALIA—Victoria—Port Phillip entrance.

South channel—Dredging in progress.

No. 293 (first publication).—With reference to Notice to Mariners No. 350, dated 31st October 1903, issued by this Office, the British Admiralty has given further notice (No. 636 of 1904) that, on or about 12th June 1904, the dredger which has hitherto been dredging in the South Channel, port Phillip, to the northward of Portsea, would be transferred to the southern edge of the channel near the Pile lighthouse, the area about to be dredged being marked by two red can buoys.

During the operations the dredger will exhibit a ball by day, and by night two *red* lights placed vertically, 6 feet apart, on the side on which vessels should pass. When the ball or *red* lights are carried amidships, vessels may pass on either side. The dredger will also carry anchor lights forward and aft. A punt will be moored near the dredger, which will also carry an anchor light by night.

Mariners are cautioned to keep clear of the buoys, and when passing the dredger to proceed at as slow a speed as possible and to stop the engines when passing her chains.

Approximate position, lat. 38° 20′ S., long. 144° 51′ E

T is Notice affects the following Admiralty Chart :—Port Phillip entrance, No. 2747 : Also, Australia Directory, vol. I, 1897, pages 444, 485.

RED SEA—Western shore.

Khar Nowarat—Reef in southern approach.

No. 294 (first publication).—The British Admiralty has given notice (No. 642 of 1904) that Mr. T. Hughes, Master of the S.S. *Gulf of Trinidad*, reports that, at 9-50 P.M. on 6th June 1904, his vessel, drawing 23 feet, touched lightly, without sustaining damage, on a reef situated in a position about 5¼ miles East from ras Abú Yabis; this position, however, must be considered doubtful, as it was obtained by dead reckoning.

Approximate position, lat. 18° 6¼′ N., long. 38° 38′ E.

A sounding of 4½ fathoms was obtained when the vessel struck, but as it is probable that there is less water over this reef, it has been shown on the Chart as a rock having less than 6 feet over it.

(Variation 4° Westerly in 1904.)

This Notice affects the following Admiralty Chart :—Red Sea, No. 8d : Also, Red Sea, &c., Pilot, 1900, page 176.

NEW ZEALAND—South island, east coast.

Jacks point light—Amended particulars given.

No. 295 (first publication).—With reference to Notice to Mariners No. 232, dated 8th July 1904, issued by this office, the British Admiralty has given further notice (No. 645 of 1904) that a *white fixed* light, elevated 94 feet above high water, and visible in clear weather from a distance of 14 miles, would be established in an iron octagonal tower, 29 feet high, painted white, erected on a point known as Jacks point, situated about 3 miles southward of Timaru. The light is dioptric of the 4th order, and visible from approximately, the bearing of North, through west, to S. 12° W. : it has been placed on the Chart on the rocky point situated 2½ miles S. 12° W. from Patiti point.

Approximate position, lat. 44° 26¾′ S., long. 171° 17½′ E.

(Variation 16° Easterly in 1904.)

This Notice affects the following Admiralty Chart :—Ninety miles beach to Otago, No. 2532 : Also, List of Lights, part VI, 1904, page 279 ; and New Zealand Pilot, 1901, page 287.

NEW ZEALAND—North island, west coast.

Kaipara North head—Semaphore signals.

No. 296 (first publication).—The British Admiralty has given notice (No. 646 of 1904) that the undermentioned signals will be made by the semaphore on North head, Kaipara harbour, for the use of vessels desiring to enter the harbour :—

Semaphore.	Signification.
Arms horizontal	Tug not available.
North arm horizontal, South arm upwards ...	Keep handy, tug is coming.
North arm upwards, South arm horizontal ...	Tug will not be out to-day.
Both arms upwards	You are standing into danger.
North arm upwards, South arm downwards ...	Little or no wind inside bar.
Both arms downwards	Wait for flood tide.

The terms "upwards" and "downwards" are taken to mean at an angle of 45° to the horizontal line.

Approximate position of semaphore, lat. 36° 23′ S., long. 174° 8¼′ E.

Although not stated in the Notice, it is presumed these signals are in addition to the flags signifying the state of the bar.

This Notice affects the following Admiralty Chart :—Kaipara harbour, No. 2614 : Also, New Zealand Pilot, 1901, page 243 ; and Supplement, 1903, page 24.

CEYLON, SOUTH COAST.

Position of uncharted rock.

No. 281 (second publication).—With reference to Notice to Mariners No. 272, dated 9th August, issued by this office, the Master Attendant, Colombo, has given further information, dated 20th July last, that the uncharted rock therein referred to, lies between Weligama and Motara on the south coast of Ceylon, 8 miles west of Dondra Head light-house and about 2¼ from shore.

This Notice affects chart, "Indian Ocean, Ceylon, south coast, No. 813."

BAY OF BENGAL—BURMA COAST.

Bassein river—Changes in the buoyage at the entrance.

No. 282 (second publication).—The Port Officer, Bassein, has given notice, dated 23rd May 1904, that the following changes will take place in the buoyage at the entrance to the Bassein river on or about the 1st October 1904:—

The Fairway buoy will be removed altogether.

A second class spherical buoy, painted with a white horizontal stripe, to be called the "Baroni Rock Buoy," will be moored 3 cables north of the Baroni Rock.

Approximate position—Latitude 15° 52′ 47″ North; Longitude 94° 17′ 12″ East.

The following Admiralty charts will be affected:—Nos. 829, 830, 823, 834, C 136 and the Bay of Bengal Pilot.

Note.—The above to be substituted for Notice to Mariners No. 189 of the 27th May issued by this Office.

BAY OF BENGAL—BURMA COAST.

Rangoon river—Middle Mooring buoy out of position.

No. 283 (second publication).—The Bombay Government has given notice (No. 92 of 1904) that the Middle Mooring Buoy off Syriam point has dragged about S. W. 200 feet.

This Notice affects the following Admiralty Chart:—Rangoon River and Approaches, No. 833.

PACIFIC OCEAN—MARSHALL ISLANDS.

Arhno Atoll—Reef reported to the south-eastward.

No. 284 (second publication)—The British Admiralty has given notice (No. 616 of 1904) that the Master of the Schooner *Neptun* is reported to have seen a reef about 30 miles south-eastward of Arhno Atoll, Marshall islands, and that the natives of that Atoll state that a reef exists in that locality.

Approximate position, lat. 6° 49′ N., long 172° 20′ E.

This Notice affects the following Admiralty Charts:—Atlantic and Indian oceans, No. 2483; Pacific ocean, No. 2683; Pacific ocean, north-west, No. 781; Marshall islands, No. 983: Also, Pacific Islands, vol. II, 1900, page 274.

RED SEA—EGYPT—SUEZ BAY.

Kal ah Kebireh—Beacon re-established—Alteration in buoyage.

No. 285 (second publication).—With reference to Notice to Mariners No. 70, dated 27th February 1904, issued by this office, the British Admiralty has given further notice (No. 619 of 1904) that a pole beacon, about 20 feet high, surmounted by a cage, has been erected on Kal ah Kebireh (Kalaa el Kebireh) on the site of the former beacon, viz., about 20½ cables S. 47° W. from the observation spot at Port Ibrahim.

Also, that the two light-buoys, exhibiting red fixed lights, formerly situated at distances of 2¼ cables East, and 4½ cables S. 16° E., respectively, from the above beacon have been withdrawn.

It is intended also to replace the green light exhibited from the spit buoy by *two fixed green* lights, vertically placed, and move the buoy farther to the southward: the two light-buoys, marking the entrance to the canal being moved outwards at the same time.

Approximate position of new beacon, lat. 29° 54½′ N., long. 32° 31¾′ E.

Further Notice will be given when the spit light-buoy has been altered.

(Variation 4° Westerly in 1904.)

This Notice affects the following Admiralty Charts:—Suez Canal, No. 233; Suez bay, No. 734: Also, Red Sea and Gulf of Aden Pilot, 1902, page 89.

COCHIN CHINA—Hin Hon approach.

Pulo Gambir (Kambir) Light established.

No. 286 (second publication).—The British Admiralty has given notice (No. 622 of 1904) that, on 20th May 1904, a *white group flashing* light showing groups of *four flashes every fifteen seconds*, elevated 387 feet above high water, and visible in clear weather from a distance of 26 miles, would be established in a cylindrical tower of granite, 52 feet high, constructed on the summit of the eastern point of Pulo Gambir or Kambir, the duration of each flash being under one-tenth of a second. The light is obscured by the land from the bearing of S. 44° E. to S. 79° E.

Approximate position, lat. 13° 36½′ N., long. 109° 20¼′ E.

(Variation 2° Easterly in 1904.)

This Notice affects the following Admiralty Charts:—China sea, Nos. 1263, 2661a; Fang rang bay to Tong King gulf, No. 1342: Also, List of Lights, part VI, 1904, No. 672c; and China Sea Directory, vol. II, 1899, page 412.

CEYLON—SOUTH COAST.

Caution—Existence of an uncharted rock.

No. 272 (third publication).—The Master Attendant, Colombo, reports by telegram, dated 8th August, the existence of an uncharted rock in latitude 5° 55′ 15″ North, longitude 80° 27′ 15″ East.

Mariners are accordingly warned.

EASTERN ARCHIPELAGO—Celebes, north coast.

Kwandang bay—Prohibited anchorage—Light.

No. 273 (third publication).—The British Admiralty has given notice (No. 561 of 1904) that the shore end of the telegraph cable has been laid in the eastern part of Kwandang bay, vessels are therefore prohibited from anchoring within a distance of $2\frac{7}{10}$ miles from the cable house in an area included between the bearings of S. 17° E., through south, and S. 6° W.

The cable house is situated at a distance of about 3 cables S. 66° E. from the Eastern end of Katialada, and a *red fixed* light has been established on it.

Approximate position, lat. 0° 51½′ N., long. 122° 55′ E.

(Variation 2° Easterly in 1904.)

This Notice affects the following Admiralty Chart:—Penang to Pulo Motuo, No. 3195: Also, List of Lights, part VI, 1904, page 94; and Eastern Archipelago, part II, 1893, page 383; and Supplement, 1899, page 60.

CHINA—MANCHURIA.

Yen toa bay—Rock reported.

No. 274 (third publication).—The British Admiralty has given notice (No. 563 of 1904) of the existence of a rock, which dries 11 feet at low water in Yen toa bay, to the northward of Terminal head, situated in a position from which Matsuoza (Matuoza) summit bears S. 36° W., distant about 1¼ miles, and Lump island summit S. 71° E.

Approximate position, lat. 39° 13½′ N., long. 122° 11¼′ E.

There are two shoal heads which form part of this danger to the southward of the above rock.

(Variation 4° Westerly in 1904.)

This Notice affects the following Admiralty Charts:—Gulf of Pechili and Liau tung, No. 1256; Terminal head to Hai yung tau, No. 3388: Also, China Sea Directory, vol. III, 1904, page 584.

CHINA SEA—COCHIN CHINA.

Pulo Cecir de Terre—Shoal off—.

No. 275 (third publication).—The British Admiralty has given notice (No. 573 of 1904) that the Captain of the Messageries Maritimes S.S. *Ernest Simons* reports having obtained a sounding of 4¾ fathoms to the eastward of Pulo Cecir de Terre, in a position from which the north-east point of that island bore N. 76° W., distant about 2 miles, and Logan point S. 68° W.

Approximate position on Chart No. 1261, lat. 11° 13½′ N., long. 108° 51¾′ E.

(Variation 2° Easterly in 1904.)

This Notice affects the following Admiralty Chart:—Saigon river to Kamranh bay, No. 1261: Also, China Sea Directory, vol. II, 1899, page 395.

AUSTRALIA, ROSS CREEK.

Townsville.—The old channel closed to navigation.

No. 276 (third publication).—The Port Master, Brisbane, has given notice (No. 9 of 1904) that the old Channel marked by a floating Pontoon carrying a green light by night has been closed to navigation, and the Pontoon and Light removed until further notice.

Vessels navigating Ross Creek may use the cutting along the northern bank, the centre of which is marked by two V-shaped Beacons carrying two green lights by night, and has a minimum depth of 4′ 6″ at L. W. O. S.

Owing to the material lately blasted not having been removed yet, Mariners should exercise the utmost caution when using this cutting.

AUSTRALIA—NORMAN RIVER BAR.

Dredged cutting now open for navigation—Old channel closed.

No. 277 (third publication).—The Port Master, Brisbane, has given notice (No. 10 of 1904) that a new dredged channel through the Outer Banks of the Norman River Bar has been completed, and is now marked for navigation by a line of lights and leading beacons bearing South 62° East and by three (3) black buoys, one (1) red and two (2) black beacons.

The new channel lies two miles north-east of the old bar; the lights, buoys, and beacons of the latter are removed.

The Anchorage buoy (red) now lies in 16 feet at L. W. S. in line of the new lead, and the Fairway buoy in 12 feet, 300 feet east of the lead.

Vessels entering will, after making the Anchorage buoy, pass close to the westward of the Fairway buoy, bringing the new Bar Lead in line ahead and passing three (3) black buoys and two (2) black beacons on the port hand and one (1) red beacon on the starboard hands The Bar lead is to be kept until the Elbow leading beacons are in line whence rounding another black buoy proceed as hitherto.

The depth in the cutting available for navigation is 10 feet at L. W. S.

Charts affected, Nos. 1807 and 3254; Australia Directory, Vol. II.

AUSTRALIA—GULF OF ST. VINCENT.

Entrance to Port Adelaide river—Certain alteration of lights, &c., to be noted by Masters and others.

No. 278 (third publication).—The President, Marine Board, Port Adelaide, has given notice (No. 11 of 1904) that the following alterations, which have been found necessary, should be noted by Masters of vessels and others:—

The lights on the beacons which originally formed No. 1 lead have been discontinued In lieu thereof, three beacons, showing green lights, have been placed on the north bank—the first one from sea on the S. W. corner of the bank, the second near the present reflecting beacon, and the third near the square-headed black beacon.

Two light beacons (both red) have been placed on the north bank, and these, when in line, will lead through the cutting to abreast of No. 2 light beacon, and will hereafter be termed No. 1 lead.

An improved white light has been placed on the remaining portion of the structure of the old lighthouse at a height of forty-five (45) feet, showing all round the horizon for a distance of ten (10) miles

The positions of all the above lights, as well as of those supplied by the Light's Passage harbour contractors, are shown on a revised chart recently issued, copies of which may be obtained at this office free of cost.

Sailing Directions.—To enter the river, pass the occulting buoy light at a distance of 50 feet, and steer between the white light on a pile abreast of the old lighthouse and the first green light which is placed on S. W. corner of the north bank, on a N. E. by E. course, passing the second and third green lights at a similar distance, until the new lead on the north bank (now termed No. 1 lead) comes in line. Keep them in line until abreast of No. 2, then steer for No. 3 as before.

This affects Admiralty charts Nos. 1750 and 2389 A *and* B.

During the progress of the work at the Light's Passage harbour works Masters of vessels exempt from pilotage may, if they so desire, avail themselves of the services of a Pilot to assist them in passing such works, either in or out, at one-half the usual rates.

If the usual exemption flag is not hoisted, it will be taken as a signal that a Pilot is required. At night, if a Pilot is required, the usual signal for a Pilot should be shown.

N.B.—Owing to the nature of the work in progress, this notice may require to be amended from time to time, and therefore should be treated as tentative only.

INDIA, WEST—BOMBAY COAST.

Bombay harbour approaches—Outer light-vessel—Intended alteration in character and replacement of light.

No. 279 (third publication).—With reference to Notice to Mariners No. 91, dated 18th March last, issued by this office, the Bombay Government has given further notice (No. 86 of 1904) that on or about the 1st of November 1904 the present light-vessel *Bombay* will be removed and a new unattended Light-vessel of *Otter* Rock Type illuminated by the means of Pintsh's gas of about 1,400 candle-power will be placed instead.

The lantern will be fixed to the mast and will exhibit a white occulting light every 15 seconds thus:—10½ seconds light, 4½ seconds eclipse, and will be visible in clear weather at a distance of 11 miles.

The Light-vessel will be fitted with a six cwt. bell which will be rung by an automatic gas ringing arrangement which will actuate the clappers about every 20 seconds; besides this the bell is provided with four swinging clappers which are rung more or less continuously by the rolling of the vessel.

The vessel will be painted red with the words 'Bombay Floating Light' in white on her sides.

This Notice affects the following Admiralty Charts:—Bombay Harbour, No. 2621; Arnala Island to Kundari, No. 737; Kundari to Boria Pagoda, No 738; Gulf of Kutch to Vizindurg, No. 2736; Karachi to Vengurla, No. 826; and Arabian Sea, No. 1012: Also, west coast of Hindustan Pilot, 1898, page 197, and List of Lights, part VI, 1904, No. 237.

AFRICA, NORTH-EAST—GULF OF ADEN.

Ras Marshag (Aden) light—Visibility of.

No. 280 (third publication).—With reference to Notice to Mariners No. 126, dated 5th April last, issued by this office, the Bombay Government has given further notice (No. 87 of 1904) that the light at Ras Marshag is visible in clear weather 20 miles.

RESOLUTION REVIEWING THE COMMISSIONERS' REPORTS ON THE WORKING OF THE PURI LODGING-HOUSE ACT DURING THE YEAR 1903-1904.

MUNICIPAL DEPARTMENT—SANITATION.

Calcutta, the 25th August 1904.

RESOLUTION—No. 3025S.

READ—

The Reports from the Commissioners of Divisions on the working of the Puri Lodging-house Act IV (B.C.) of 1871, as amended by Acts II (B.C.) of 1879 and I (B.C) of 1884 during the year 1903-1904 in the various places to which it has been extended.

The Resolution reviewing the Commissioners' Reports on the working of the Act during the year 1902-1903.

Towards the close of the year 1902-1903, the Puri Lodging-house Act was withdrawn from Uluberia in the Burdwan Division. With this exception it was in force in the same towns and areas during the year under review as in the preceding year.

2. The year showed a marked decline in the number of lodging-houses licensed and to a less extent in the accommodation for pilgrims. The number of lodging-houses fell from 3,038 to 2,045 or by 33 per cent., and the number of pilgrims for whom accommodation was provided fell from 72,426 to 67,863

or by 6 per cent. The decrease is due to the large influx of pilgrims to Puri in 1902-1903, which led to the licensing of a considerable number of additional lodging-houses with scanty accommodation. In 1903-1904 the pilgrim traffic reverted to its normal condition. At Sitakund in the district of Chittagong, however, for which the year was auspicious, the gathering of pilgrims was large. The number of lodging-houses consequently rose to 280 and accommodation was provided for 7,016 pilgrims, the figures for the preceding year being 25 and 2,430 respectively.

3. The total income of the year (excluding the opening balance of Rs. 66,364) was Rs. 1,03,375 as compared with Rs. 94,487 in 1902-1903. The rise does not, however, represent a real increase in ordinary income, as it includes a sum of Rs. 33,648 which was the balance of a special donation given by Babu Kanai Lal Bogla of Calcutta for the construction of a rest-house at Puri. If this is excluded, the total income comes to Rs. 69,727 which is very little above the income of the year 1901-1902, and much below that of the year 1902-1903. The total expenditure amounted to Rs. 1,11,708, but this includes a sum of Rs. 35,000 which was invested in Government three-half per cent. promissory notes to the credit of the Puri Lodging-house Fund, so that the actual expenditure was Rs. 76,708. The reduction in ordinary income was due to the decline in the number of pilgrims at Puri. There was some increase in expenditure, but the closing balance of the fund remains very high. It is likely however that the Fund will have to meet heavy expenditure on sanitation in the near future.

4. The health of the pilgrims was generally satisfactory, and in every case there was an improvement on the figures of the previous year. The total number of deaths from all causes was 528 against 1,034 in 1902-1903. At Puri the largest number of deaths was from cholera, but the outbreak was not a serious one.

5. The sanitation of Puri engaged the earnest attention of Government during the year. On the occasion of the Lieutenant-Governor's visit to Puri in November 1903, he held a Conference with the local officers for the purpose of settling the main lines on which improvement should proceed. The most important decision arrived at by the Conference was that an expert should be placed on special duty to work out a complete system of drainage for the town, to make experiments for devising a good system of water-supply by means of tube wells or otherwise, and to provide means for the periodical cleansing of the sacred tanks. Mr. C. B. Lines, an Assistant Engineer, was deputed to carry out the work, and his report is now awaited by Government. Enquiries were also instituted in order to secure the improvement of the lodging-houses by means of an improved type of private latrine, and the adoption of a standard plan for new lodging-houses. The introduction of radical schemes of sanitary reform will involve heavy expenditure, and it has been suggested that the necessary funds may be found either from an increase in the lodging-house tax or from a tax on pilgrims. The consideration of the financial aspect of the schemes has however been deferred until the details of the schemes themselves are settled; and the Lieutenant-Governor is therefore not in a position to express any opinion on this point at present.

6. The Act has worked satisfactorily during the year in all the places in which it was in force, and the local officers generally have taken an interest in its administration.

ORDER.—Ordered that a copy of the Resolution be submitted to the Government of India in the Home Department, and that copies be forwarded to the Commissioners of the Burdwan, Presidency, Chittagong, Patna, Bhagalpur and Orissa Divisions for information.

Ordered also that a copy of the Resolution be communicated to the Sanitary Commissioner and to the Sanitary Board, Bengal, and that it be published in the *Calcutta Gazette* for general information.

By order of the Lieutenant-Governor of Bengal,

L. P. SHIRRES,

Secretary to the Govt. of Bengal.

No. 131G.M., dated Garden Reach, the 4th July 1904.

From—The Chairman, Garden Reach Municipality,

To—The Magistrate of the 24-Parganas, Alipore.

WITH reference to your Circular No. 22M., of the 25th ultimo, I have the honour to submit the following report on the working of the Bengal Jute Warehouse and Fire-Brigade Act in the Municipality for the year 1903-1904.

2. The annexed statement will show the number of warehouses within the Municipality and the amount of fees received from them during 1903-1904. The Municipality contributed Rs. 2,106 towards the maintenance of the Metropolitan Fire-Brigade. The amount of fees levied was not equal to the amount of the contribution made, owing to the fact that some of the wood and straw depôts ceased to exist, and that the Bon-Accord Rope Works were stopped for the whole of the year under report.

3. There were two cases of fire within the Municipality during 1903-1904, in both of which some huts were burnt down with some loss of property.

List of Warehouses within Garden Reach Municipality for the year 1903-1904.

No. 306, dated Calcutta, the 30th June 1904.

From—R. D. MEHTA, ESQ., C.I.E., Chairman, Maniktala Municipality,
To—The Magistrate of the 24-Parganas, Alipore.

WITH reference to your letter Circular No. 22M., dated the 25th June 1904, calling for a report on the working of the Bengal Jute-Warehouse and Fire-Brigade Act in this Municipality for the year 1903-1904, I have the honour to report that the share of expenditure allotted to this Municipality by the Commissioner of Police was Rs. 1,263. This was discharged by two instalments.

2. Our revenue—

4. License fees on jute warehouses were levied in the same manner as was done in 1902-1903 at 4 and 6 per cent. on the annual value of holdings as assessed for municipal taxes, and at 10 per cent. on trades of other descriptions mentioned above and the fees were duly paid off.

5. The jute godowns and firewood, packing-case, hay and straw depôts, etc., are mostly situated near the Circular Canal, which forms the western boundary of this Municipality. Surah Jute Mills is the only mill within the Municipality for the manufacture of gunny-bags, situated on the north of Narikeldanga main road.

6. There were five fires in this Municipality during the year under review, of which two occurred in large busties at Beliaghata—one in February and the other in March 1904—destroying about 100 huts each time. Fire-Brigade from the Palmer Bridge branch helped in putting out the fire.

The mean pressure, temperature, etc., are deduced from the traces of the Barograph and Thermograph, and from eye observations.

The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected to those of the standard, Newman's No. 86, formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV and V of the official tables computed in the Meteorological Office, and based on Regnault's modifications of August's formula.

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground. Rainfall reported on any day is for 24 hours preceding 8 A.M. of that day.

o, overcast; g, gloomy; d, drizzling rain; p, passing temporary showers; t, thunder; △, dew.

No. 1730T.R.—The 31st August 1904.—Whereas certain land was acquired by the Bengal Government, under the provisions of Act I of 1894 and Act XVIII of 1885, for a public purpose, viz., for the Damuda branch line of the East Indian Railway, and the Kiska, Kustore, Nayadih and Phillip's assisted sidings, and whereas coal mines are situate under the said land, and whereas the Raniganj Coal Association, Limited, have given notice to the Government of Bengal, in accordance with the provisions of Act XVIII of 1885, that the said Company intend to work the minerals belonging to them in mauzas Alkusa Kiska, Kustore and Nayadih, lying beneath the said branch line and assisted sidings, and whereas the mines have been inspected by the officer appointed by the Bengal Government for the purpose under section 5 (1) of Act XVIII of 1885, and whereas it appears to the Bengal Government that the working of the minerals which underlie the said land is likely to cause damage to the surface of the said land and to the works constructed thereon, and whereas the said Raniganj Coal Association, Limited, have agreed not to work the minerals underlying the land acquired for their sidings, or the land of any branch connecting the said sidings with the main line, in such a manner as to endanger the safety of the Railway for the passage of trains, nor to claim any compensation for any restricted working:

Now, therefore, the Lieutenant-Governor of Bengal is pleased to declare, under section 5, sub-section (2), clause (*b*) of the abovementioned Act, XVIII of 1885, that the workings shall be made by the said Raniganj Coal Association, Limited, in the manner and subject to the restrictions below specified, viz.—

(1) that the new straight incline does not exceed 8 feet in width and 8 feet in height and a brick wall 15 inches thick is built from floor to roof from where the straightening commences down to the top side of the lowest level under the railway limits, and that the new slope road does not exceed 8 feet in width and 8 feet in height, and a brick pillar is built at the corner between the straight dip and the slope, from floor to roof, being 2 feet in width at the corner, increasing to 4 feet in width, and being 3 feet in depth;

(2) that the new straight road in No. 3 incline does not exceed 8 feet in width and 8 feet in height, and a brick pillar 3 feet square is built from floor to roof at the upper side of the packing of the old road, and a brick wall 15 inches thick is built from floor to roof across the lower side of the packing of the old road;

(3) that the pillar and galleries in Nos. 11 and 12 seams, under the railway limits, are exactly above and below each other, pillars above pillars, and galleries above galleries, and that there is no overlapping and that under the area in which this condition has already been violated, viz, under and on each side of the centre line of the Damuda branch from mile 171 furlong 7 feet 250 to mile 172 furlong 0 feet 200, the existing workings under which are shewn in plan LAA 1885, No. 18D, no more galleries shall be made, and no more coal shall be removed from the roof or floor of the existing excavations, the actual height of which is recorded on the aforesaid plan;

(4) that in extending the workings generally, in all seams, galleries, under the railway limits, shall not be driven exceeding 12 feet in width, and in No. 12 seam not exceeding the height of the seam and in No. 11 seam not exceeding 18 feet in height and that to a vertical depth of 60 feet from the surface to the top of the coal, the pillars under the railway limits shall not be smaller than 50 feet (centre of gallery to centre of gallery) in every direction, and from a vertical depth of 60 feet to a vertical depth of 300 feet from the surface to the top of the coal, the pillars under the railway limits shall not be smaller than 60 feet (centre of gallery to centre of gallery) in every direction; and

(5) that when the vertical depth from the surface to the top of the coal exceeds 300 feet, new restrictions, upon inspection and report, be imposed.

Plan LAA 1885, No. 18D, showing the workings of the Alkusa Colliery under the Damuda branch line may be seen in the office of the Chief Inspector of Mines in India.

Proposed Rates.

Water supplied between 16th June and 30th November, whether by flow or lift, shall be charged as follows:—

(I) For water supplied on a long lease, Rs. 2 per acre per annum.

(II) For water supplied on a covering lease, when a permit for a long lease is not subsequently issued, Rs. 3 per acre.

(III) For each single watering Re. 1 per acre, the rate being payable in advance to the Subdivisional Canal Officer.

The rates to be charged for water supplied between the 1st December and 15th June shall be Rs. 2-8 per acre.

For the unauthorised use of canal water a rate of Rs. 5 per acre shall be charged: this rate may, however, be reduced at the discretion of the Deputy Collector.

Existing Rates.

8. The rates to be charged for water supplied between 16th June and 30th November, whether by flow or lift, to lessees on application shall be—

For a term of five years, Re. 1-8 per acre for each season.

For one year or for water supplied on a provisional license for which a permit for a term of years is not subsequently issued, Rs. 3 per acre.

Provided that the leases, whether new or renewals, required for shorter terms than five years in order to develop the system of blocks, shall be charged Re. 1-8 per acre only.

If water is available after the long leases have been irrigated, leases for a single watering may be given at eight annas per acre, the rate being payable in advance.

9. For the supply of water, when available, for winter crops, a rate of Rs. 2-8 per acre per season shall be charged.

10. For the unauthorised use of canal water a rate of Rs 5 per acre, or such less rate as may be sanctioned by the Deputy Collector, shall be charged.

CALCUTTA UNIVERSITY

NOTICE.

IN exercise of the powers conferred by section 12, clause (*a*), of the Indian Universities Act, 1904 (VIII of 1904), and with reference to the election of Ordinary Fellows to be held within the period of one year after the commencement of the said Act, His Excellency the Chancellor of the Calcutta University is pleased to direct that of the ten Ordinary Fellows who, under section 6, sub-section (I), clause (*a*), are, after the expiration of the said period, to be be elected by registered Graduates, five shall be elected by Masters or holders of a higher degree in some Faculty or Bachelors who graduated before the year 1867.

As regards eligibility for election, His Excellency the Chancellor considers that the electors would do wisely to make their choice from among Masters or holders of a higher degree in some Faculty or Bachelors who graduated before the year 1867.

The election will take place at the Senate House, College Square, on Monday, the 26th September 1904.

Every candidate for election must be nominated by a Master or holder of a higher degree in some Faculty or a Bachelor who graduated before the year 1867, and no person will be allowed to nominate more than one candidate. The nomination of a candidate shall be made in writing, which shall be signed by the person making the nomination. No special form is provided for the purpose. Nomination in any form will be accepted provided that it gives the name, degree and year of graduation, of the person who is nominated, and also of the person who nominates. The nomination should be, on the face of it, addressed to the Registrar, Calcutta University, and must reach the office of the Registrar on or before the 10th September 1904.

On and after the 12th September, voting papers containing the names of the candidates nominated will, on application, be supplied by the Registrar. An application for a voting paper will not, for obvious reasons, be attended to, unless it contains the full name of the applicant written legibly, his degree, the year in which it was obtained and his present address. The voting paper must be filled up and signed in the presence of the Registrar at the Senate House on the 26th September 1904, between the hours of 10 A.M. and 5 P.M.; but Graduates who will not be able to appear in person before the Registrar may fill up and sign their voting papers in the presence of a Magistrate, a Judge, a Subordinate Judge or a Munsif (excluding Village Munsifs). In the absence of a Magisterial or Judicial officer of the rank aforesaid in a Native State, the signature must be acknowledged before the Chief Minister or the Chief Magisterial officer of the State. The officer before whom such acknowledgment is made, or the Registrar, as the case may be, shall then countersign the

voting paper as having been signed before him by the person whose signature it bears. A voter exercising the functions of a Magisterial or Judicial officer of the rank aforesaid will not be competent to countersign his own voting paper. Each voter shall be entitled to vote for five candidates, but no voter shall be allowed to give more than *one* vote in favour of any one candidate. All voting papers duly signed and countersigned as aforesaid must reach the Registrar not later than 3 P.M. on Monday, the 26th September, after which no voting paper, which is not signed in the presence of the Registrar, will be accepted. Graduates who are not known to the officer in whose presence they intend to fill up and sign their voting papers must bring with them their Diplomas or other satisfactory proof of identity.

K. C. BANURJI, *Registrar, Calcutta University.*

SENATE HOUSE, *the 1st September 1904.*

UNIVERSITY ENTRANCE EXAMINATION.

PRIVATE STUDENTS.

1. *Private students* are those who do not appear from any school or who have been transferred from one school to another after the 31st August without the consent of the Inspector. The term "private student" includes *school-masters.*

2. Private students must appear at the test-examination of one of the following institutions:—

Those from the	At the test-examination of	Date of test-examination.
1	2	3
1. Rajshahi district ...	Rajshahi Collegiate School (with the Principal's permission).	On the dates fixed by the Principal of the Rajshahi College.
2. Pabna „ ...	Pabna Zilla School	12th December 1904.
3. Bogra „ ...	Bogra ditto	12th December 1904.
4. Rangpur „ ...	Rangpur ditto	12th December 1904.
5. Dinajpur „ ...	Dinajpur ditto	12th December 1904.
6. Jalpaiguri „ ...	Jalpaiguri ditto	12th December 1904.
7. Darjeeling „ ...	Darjeeling High School ...	12th December 1904.

The examinations will begin as stated above, and each private student will pay a fee of Rs. 2 to the head of the institution at which he appears for examination. The balance after payment of expenses (stationery, etc.) will go as remuneration to the examiners.

3. Applications for permission to appear must be sent so as to reach *this office* not later than the 24th November with the following information, etc.—

From Private Candidates proper.

(*a*) The name of the school in which the candidate last studied.
(*b*) The transfer certificate (in original) granted to the candidate from the same; or
(*c*) In the case of a candidate who previously appeared at the Entrance examination, the Registrar's receipt (in original) for the fee paid.
(*d*) Age of the candidate.

From School-masters.

(*e*) A certificate from the Secretary or Proprietor of the School in which the candidate is serving to the effect that he has been a *bonâ fide paid* teacher of the school in which he teaches, and has been so ever since the 1st June 1904. In case of a school-master who has served *in more than one school*, he must produce certificates from the several schools in proof of his having been a *bonâ fide paid* teacher all along since the 1st June 1904.

Failing to produce the above certificate or certificates, a school-master will be subject to the rules applicable to *bonâ fide* private candidates, as given above.

4. If this office is satisfied that all is in order, the Inspector will countersign and return the application, and this then will be the candidate's passport for admission *to the test-examination.*

5. The Head Master of an institution (one of those named above) should direct private students to appear before him not later than the 2nd January with their applications for admission to the Entrance examination, and in the case of those candidates who have satisfied the test, he will cause them to sign their applications in his presence, and will grant the necessary certificates, and then forward the application forms to this office for countersignature, after which they will be sent by the Inspector *direct* to the candidates.

6. Expedition is necessary in carrying out all these instructions, and candidates should be *most careful* to give their names and addresses written legibly and distinctly, so that no mistake may be likely to occur.

7. *Under no circumstances should the entrance fee be sent to this office.*

8. Private students will understand that the test-examination of any schools other than those named above will not be accepted by this office.

9. Addresses of private students should be supplied to this office.

JALPAIGURI,
The 26th July 1904.

C. W. PEAKE,
Offg. Inspector of Schools, Rajshahi Division.

OFFICE MEMO.

Rules for appearing at the F.A. and B.A. Examinations for candidates from the Rajshahi Division, who are not students of any affiliated institution.

DEPUTY INSPECTORS OF SCHOOLS, Sub-Inspectors of Schools and *bonâ-fide* masters of English schools, who have served as such for the full period of two academical years, or of six months after the examination of the same class last held by the University, in the case of those only who were admitted to a former examination of that class, will be admitted to the abovementioned examinations. The applications of school-masters should be accompanied by certificate of length of service from the Secretaries or Managers of the schools in which they are employed, and should reach this office not later than the 6th January 1905. The application of a school-master for permission to appear at the F.A. or B.A. examination should be signed by him in the *presence* of the Secretary or a Member of the Managing Committee of the School in which he is employed. The application should be forwarded to this office for countersignature, together with the Registrar's certificate, to prove, if this be the case, that the candidate has appeared at the examination in a previous year, and the certificate in proof of his having passed the Entrance or F.A. examination, as the case may be, and it will be sent back to him (the candidate) who will have to send it, together with the examination fee, to the Registrar of the University *direct*. School-masters are not required to pay any fee for getting their application for permission to appear at either of the abovementioned examinations countersigned by this office.

2. Candidates should read carefully the form of the certificate which this office is required to sign, and should be careful to supply all information and documents required, including the Registrar's receipt in the case of those school-masters who have been admitted to a former examination of the same class, without which the Inspector must decline to sign the certificate.

3. By *bonâ-fide* masters of schools are to be understood masters who hold regularly paid appointments in English schools, teaching at least the M.E. course.

JALPAIGURI,
The 26th July 1904.

C. W. PEAKE,
Offg. Inspector of Schools, Rajshahi Division.

NOTICE.

ENTRANCE EXAMINATION.

A TEST-EXAMINATION of private students and school-masters for admission to the ensuing Entrance examination will be held at the office of the Inspector of Schools, Presidency Division, 12 Dalhousie Square, Calcutta, on Monday, the 12th, and Tuesday, the 13th, December 1904. Such candidates only as reside in any of the districts of the Presidency Division, including Calcutta, will be admitted to the examination.

2. Candidates who do not appear from any school, *i e.*, who have not attended any school since the 1st of September next preceding the examination, will be treated as private students. They will be required to furnish satisfactory proof that they have not read in any school from that date. They must also produce certificates of conduct and progress in studies from the authorities of the last school where they read, or, in the case of those who have not been in any school for more than a year, from some other reliable authorities. The transfer certificates granted to them by the authorities of the schools in which they studied last, or the Registrar's receipt for the fee paid in the case of those candidates who previously appeared at the Entrance examination, must be submitted in original along with the application for permission to appear at the test-examination.

3. *Boná-fide* teachers employed in any of the schools in the Presidency Division may be admitted to the examination if they can produce certificates of service and character from their employers, or from the Deputy Inspector of the district concerned.

4. Each candidate should submit to this Office, not later than the 15th November 1904, his application for admission to the test-examination, stating the following particulars:—

(1) Age, (2) residence, (3) father's name, (4) second language besides English, and (5) whether he appeared at any previous Entrance examination.

5. The admission-fee for the examination is Rs. 4 for each candidate, and is to be remitted with the application within the prescribed date, after which a fine of Rs. 2 is to be imposed for each week's delay.

6. No private student will be admitted to the test-examination unless accompanied, for the purpose of identification, by some person known to this Office.

7. Candidates who are sent up by this Office must appear at the Calcutta Examination Centre.

8. Those who reside at a distance from Calcutta may, with special permission, present themselves at the test-examination held by the head-master of the nearest zilla or Government high school within the Presidency Division on condition that they appear at the centre selected by the candidates from that institution. The head-master of such school is hereby authorised to sign the applications, which must afterwards be countersigned by the undersigned. The fees and fines paid by these candidates as per paragraph 5 above should be utilized in meeting the cost of the examination.

9. The Entrance examination in 1905 will be held on the 1st March 1905 and the following days.

10. Applications and fees for admission to the examination must reach the office of the Registrar on or before the 24th January 1905.

F.A. AND B.A. EXAMINATIONS.

Deputy Inspectors, Sub-Inspectors, and *boná-fide* teachers of English schools in the Presidency Division who have served as such for full two academical years, or for six months in the case of those who were admitted to a former examination of the same class, will be admitted to the above examinations on production of certificates of character and length of service (with dates) from their employers. *Their applications must reach this Office on or before the 9th January 1905.*

2. Candidates for the B.A. examination must send their F.A. Certificates, and candidates for the F.A. examination their Entrance Certificates.

3. Candidates should carefully read the printed form of application and supply all the informations required by the University, including the Registrar's receipt in the case of those school-masters who were admitted to a previous examination of the same class.

4. The F.A. and B.A. examinations in 1905 will be held on the 22nd March 1905 and the following days.

5. Applications with the countersignature of the undersigned and fees for admission to the above examinations must be sent to the *office of the Registrar on or before the 7th February 1905* by the candidates direct.

WITHDRAWAL OF THE ORDERS DIRECTING THE SUPERSESSION OF THE SANTIPUR MUNICIPALITY, IN THE DISTRICT OF NADIA.

MUNICIPAL DEPARTMENT—MUNICIPAL.

Ranchi, the 31st August 1904.

READ—

Resolution No. 2057T.—M., dated 29th August 1903.

ORDER.—In the above Resolution the Commissioners of the Santipur Municipality were superseded for a period of one year under section 65 of the Bengal Municipal Act, 1884; and the Government ordered, under section 66, that all their powers and duties should during that period be exercised and performed by the Subdivisional Officer of Ranaghat.

2. That period will now expire on 2nd September 1904. The Lieutenant-Governor is of opinion that the number of members of the Municipality as hitherto existing is too large for so small a town and that the Municipal Committee is consequently an unwieldy and ineffective body. The Subdivisional Officer of Ranaghat has submitted a proposal under section 9 (c) of the Act that the number should be reduced from twenty-five to nine; and the Lieutenant-Governor is pleased to direct that a Notification to that effect be published in the next issue of the *Calcutta Gazette*.

3. The Lieutenant-Governor is also of opinion that it is desirable for the present, in the interests of the town, that the Chairman and the Commissioners shall be appointed by the Local Government. His Honour trusts that it will be possible soon to restore to this Municipality its former privileges and the question will be considered on the expiry of another year. Meanwhile the Lieutenant-Governor is pleased to direct, under section 66 of the Act, that this Municipality be entered in both the first and second schedules of the Bengal Municipal Act, 1884.

By order of the Lieutenant-Governor of Bengal,

L. P. SHIRRES,
Secretary to the Govt. of Bengal.

Monghyr, the 27th August 1904. (1086—1) MOTI LAL HALDAR, Subordinate Judge.

Notice.

ON and from the 1st October 1904, the following scale of rates will be charged for goods deposited in the Calcutta Custom House godowns.

No charge for wharf rent will be made until the fourth day after landing, *e.g.*, goods landed on Monday will not be liable to wharf rent if removed before Thursday evening; and no charge for wharf rent will be made for holidays when, owing to the Custom House being shut, consignees are unable, without any fault on their part, to clear their goods. Sundays and holidays will be exempted from rent, unless the goods have already incurred rent, in which case Sundays and holidays are included.

The rates will be those fixed by Government as in the accompanying statement.

THE INDIAN LAW REPORTS.

Published in FOUR SERIES, viz.:

CALCUTTA, MADRAS, BOMBAY AND ALLAHABAD.

THE Indian Law Reports, published under the authority of the Governor General in Council, are printed in monthly Parts, which are issued, as soon as possible after the first of each month, at Calcutta, Madras, Bombay and Allahabad, respectively.

The Reports comprise four Series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court.

The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta Series.

The Calcutta Series is distributed by the Bengal Secretariat Book Depôt; and the Madras, Bombay and Allahabad Series are distributed direct from Madras, Bombay and Allahabad, respectively.

Persons desiring to subscribe for or purchase the Reports should apply to—

the Officer in charge, Bengal Secretariat Book Depôt, Calcutta,
or
the Superintendent, Government Press, Madras, or
the Superintendent, Government Central Press, Bombay, or
the Curator of Government Books, United Provinces of Agra and Oudh, Allahabad.

APPENDIX TO

The Calcutta Gazette.

WEDNESDAY, SEPTEMBER 7, 1904.

NOTICES TO MARINERS.

GOVERNMENT OF BENGAL—MARINE DEPARTMENT.

The following Notices are published for general information.

D. B. Horn,
Secretary, Marine Department.

Calcutta, *the 3rd September 1904.*

JAPAN, WEST COAST.

Simonoseki strait—Wreck in—.

No. 297 (*first publication*).—The British Admiralty has given notice (No. 650 of 1903) that the wreck of the S.S. *Katsuno Maru*, with masts and funnel above water, lies sunk north-eastward of Ganryu jima, Simonoseki strait, in a position from which Hane Ishi bears N. 60° W., distant 2½ cables, and the north-western extremity of Ganryu jima S. 46° W.

Approximate position, lat. 33° 56½′ N., long. 130° 55¾′ E.

(*Variation 4° Westerly in 1904.*)

This Notice affects the following Admiralty Charts:—Approaches to Simonoseki strait, No. 532; Simonoseki strait, No. 1578: Also, Sailing Directions for Japan, &c., 1904, page 504.

CHINA, EAST COAST—Shangtung promontory.

Caution—Yung Ching bay—Rock in—.

No. 298 (*first publication*).—The British Admiralty has given notice (No. 651 of 1904) of the existence of a pinnacle rock in Yung Ching bay, situated with Joss house point bearing N. 68° E., distant 4 cables. The depth on the rock is not stated, but H.M.S. *Leviathan* touched on it.

Caution.—As the survey of this part of the coast is on a scale of only one inch to the mile, it is necessary to be cautious in taking up anchorages, as it is quite possible other pinnacles may exist, and it is advisable to sound around the vessel, when anchored.

Approximate position, lat. 37° 22½′ N., long. 122° 40½′ E.

(*Variation 4° Westerly in 1904.*)

This Notice affects the following Admiralty Chart:—Shangtung promontory, No. 1255: Also, China Sea Directory, vol. III, 1904, page 553.

EASTERN ARCHIPELAGO—SUMATRA—SUNDA STRAIT.

Flat cape light—Normal character resumed.

No. 299 (first publication).—With reference to Notice to Mariners No. 142, dated the 25th April 1903, issued by this office, the British Admiralty has given further notice (No. 652 of 1904) that telegraphic information has been received that the *white group flashing* light exhibited at Flat cape (Vlakke Hoek) has been re-established, and the temporary white fixed light discontinued.

Approximate position, lat. 5° 55½′ S., long. 104° 33′ E.

Flat cape light shows the characteristics given in the Admiralty List of Lights, part VI, 1904, No. 466.

This Notice affects the following Admiralty Charts:—Tyingkok bay to Sunda strait, No. 2761; Sunda strait, No. 2056: Also, List of Lights, part VI, 1904, No. 466; China Sea Directory, vol. I, 1896, page 357; Eastern Archipelago, part II, 1893, page 46; and Supplement, 1899, page 6.

EASTERN ARCHIPELAGO—SUMATRA, WEST COAST.

Kroé—Light established.

No. 300 (first publication).—With reference to Notice to Mariners No. 262, dated the 30th July 1904, issued by this office, the British Admiralty has given further notice (No. 653 of 1904) that telegraphic information has been received that a *white group occulting* light, showing groups of three occultations *every thirty seconds*, thus:—light, *fifteen seconds*; eclipse, *three seconds*; light, *three seconds*; eclipse, *three seconds*; light, *three seconds*; eclipse, *three seconds*; has been established at Kroé: it is elevated 115 feet above high water, visible in clear weather from a distance of 16 miles, and shown from an open ironwork frame support, 42 feet high, and painted white.

Approximate position, lat. 5° 11½′ S., long. 103° 56′ E.

This Notice affects the following Admiralty Charts:—Eastern archipelago, No. 941a; Tyingkok islands to Sunda strait, No. 2761; plan of Kroé road on Chart No. 866: Also, List of Lights, part VI, 1904, page 75; China Sea Directory, vol. I, 1896, page 315; and Supplement, 1899, page 22.

EASTERN ARCHIPELAGO—JAVA, EAST COAST.

Surabaya—Wreck in anchorage dispersed.

No. 301 (first publication).—With reference to Notice to Mariners No. 101 of the 18th April 1902, issued by this office, the British Admiralty has given further notice (No. 659 of 1904) that the wreck of the S.S. *Jomina*, which sank in Surabaya roadstead, in a depth of 10 fathoms N. 22° W., about 5 cables from the green light on the extremity of the eastern Mole, has been partially dispersed; but as there is a depth of only 5 fathoms over the remains, vessels are prohibited from anchoring in the position.

The wreck light-buoy, exhibiting a white occulting light every twenty seconds, which marked the position, has been withdrawn.

Approximate position, lat. 7° 11½′ S., long. 112° 44′ E.

This Notice affects the following Admiralty Charts:—Java, No. 1654; Surabaya strait, No. 934: Also, Eastern Archipelago, part II, 1893, page 145; and Supplement, 1899, page 16.

EASTERN ARCHIPELAGO—JAVA, EAST COAST.

Surabaya strait—Light-buoy established.

No 302 (first publication).—With reference to Notice to Mariners No. 46, dated the 7th February 1903, issued by this office, the British Admiralty has given further notice (No. 660 of 1904) that a light-buoy, painted black and red in horizontal stripes, and exhibiting a *white occulting* light *every twenty seconds*, thus:—light, *ten seconds*; eclipse, *ten seconds*, has been established to mark the shoal extending from Kamal, in Surabaya harbour, in a position from which the western mole head at Kamal bears N. 21° E., distant one mile, and the eastern jetty head of Surabaya port S. 80° E.

Approximate position, lat. 7° 11½′ S., long. 112° 43′ E.

(Variation 1° Easterly in 1904.)

This Notice affects the following Admiralty Chart:—Surabaya strait, No. 934: Also, Eastern Archipelago, part II, 1893, page 145; and Supplement, 1899, page 16.

AUSTRALIA, SOUTH.

Port Adelaide river, north side of entrance—Beacon light established.

No. 303 (first publication).—With reference to Notice to Mariners No. 131, dated 14th April 1904, issued by this Office, the British Admiralty has given further notice (No. 662 of 1904) that a *green fixed* light, visible from a distance of 5 miles, has been established on a black pile beacon erected in a depth of 11 feet off the southern point of the northern bank, at the entrance of Port Adelaide river, at a distance of about 1½ cables N. 62° W. from the old lighthouse.

Approximate position, lat. 34° 48′ S., long. 138° 27¾′ E.

(Variation 5° Easterly in 1904.)

This Notice affects the following Admiralty Chart:—Port Adelaide, No. 1750: Also, List of Lights, part VI, 1904, page 206; and Australia Directory, vol. I, 1897, page 331.

RED SEA—EGYPT—SUEZ BAY.

Kal ah Kebireh—Spit buoy altered.

No. 304 (first publication).—With reference to Notice to Mariners No. 285, dated 19th August 1904, issued by this Office, the British Admiralty has given further notice (No. 668 of 1904) that the green light exhibited from the spit buoy has been replaced by *two fixed green* lights, vertically placed, and the buoy moved 4½ cables S. 23° W. from its former position; it is now moored in a depth of 4¾ fathoms in a position from which Kal ah Kebireh beacon bears N. 68° W., distant 9½ cables, and Newport rock light S. 4° E.

Approximate position of new beacon, lat. 29° 54½′ N., long. 32° 32¾′ E.

(Variation 4° Westerly in 1904.)

This Notice affects the following Admiralty Chart:—Suez bay, No. 734: Also, Red Sea and Gulf of Aden Pilot, 1902, page 89.

Approximate position, lat. 2° 4½′ S., long. 105° 9¾′ E.

(Variation 1° Easterly in 1904.)

This Notice affects the following Admiralty Chart:—Banka strait, with plan, of Muntok road, No. 2597: Also, China Sea Directory, vol. 1, 1896, page 415.

PACIFIC OCEAN—THE PHILIPPINE ISLANDS.

Katanduanes—Reef off the north-west coast.

No. 291 (second publication).—The British Admiralty has given notice (No. 633 of 1904) of the existence of a reef with five heads on it, awash at low water, off the north-west coast of Katanduanes island, situated with the north-westernmost islet off Palumbanes island bearing S. 9° E., distant 4 miles, and Yog (Iot) point S. 86° E.

This reef is about one mile long in a N. 78° W. and S. 78° E. direction, and is a quarter of a mile wide.

Approximate position, lat. 14° 9′ N., long. 124° 0′ E.

Also, that the two shoals, marked E D. on the Chart, situated at a distance of 5 miles westward of point Pandan, do exist and consist of rocks awash at low water; but that the breakers reported in 1883 at a distance of 5 miles N. 70° W. from Pandan point do not exist.

Approximate position, Pandan point, lat. 14° 6½′ N., long. 124° 10′ E.

(Variation Nil in 1904.)

This Notice affects the following Admiralty Charts:—The Philippine islands, No. 943; St. Bernardino and Mindoro straits, No. 2577: Also, Eastern Archipelago, vol. I, 1902, pages 378, 379.

PACIFIC OCEAN—THE PHILIPPINES—MINDORO ISLAND.

Ilin island and Duyagan point—Shoals off—.

No. 292 (second publication).—The British Admiralty has given notice (No. 634 of 1904) of the existence of a rock, with a depth of 9 feet over it, in the approach to Mangarin. From it the north-eastern point of Ilin island bears S. 50° W., distant three-quarters of a mile, and Manadi N. 59° W.

Approximate position, lat. 12° 18¼′ N., long. 121° 4′ E.

Also, of the existence of a shoal, on which a depth of 4 fathoms was obtained, off the east coast of Mindoro, in a position from which Duyagan point bears S. 89° W., distant about 1½ miles. There is probably less water on this shoal.

Approximate position, lat. 12° 37½′ N., long. 121° 34′ E.

(Variation 1° Easterly in 1904.)

This Notice affects the following Admiralty Charts:—St. Bernardino and Mindoro straits, No. 2577; Semirara, Ilin, &c., No. 971: Also, Eastern Archipelago, part I, 1902, pages 75, 232.

AUSTRALIA—VICTORIA—PORT PHILLIP ENTRANCE.

South channel—Dredging in progress.

No. 293 (second publication).—With reference to Notice to Mariners No. 350, dated 31st October 1903, issued by this Office, the British Admiralty has given further notice (No. 636 of 1904) that, on or about 12th June 1904, the dredger which has hitherto been dredging in the South Channel, port Phillip, to the northward of Portsea, would be transferred to the southern edge of the channel near the Pile lighthouse, the area about to be dredged being marked by two red can buoys.

During the operations the dredger will exhibit a ball by day, and by night two *red* lights placed vertically, 6 feet apart, on the side on which vessels should pass. When the ball or *red* lights are carried amidships, vessels may pass on either side. The dredger will also carry anchor lights forward and aft. A punt will be moored near the dredger, which will also carry an anchor light by night.

Mariners are cautioned to keep clear of the buoys, and when passing the dredger to proceed at as slow a speed as possible and to stop the engines when passing her chains.

Approximate position, lat. 38° 20′ S., long. 144° 51′ E.

This Notice affects the following Admiralty Chart :—Port Phillip entrance, No. 2747 : Also, Australia Directory, vol. I, 1897, pages 444, 485.

RED SEA—WESTERN SHORE.

Khar Nowarat—Reef in southern approach.

No. 294 (second publication).—The British Admiralty has given notice (No. 642 of 1904) that Mr. T. Hughes, Master of the S.S. *Gulf of Trinidad*, reports that, at 9-50 P.M. on 5th June 1904, his vessel, drawing 23 feet, touched lightly, without sustaining damage, on a reef situated in a position about 5½ miles East from ras Abú Yabis; this position, however, must be considered doubtful, as it was obtained by dead reckoning.

Approximate position, lat. 18° 6¼′ N., long. 38° 38′ E.

A sounding of 4½ fathoms was obtained when the vessel struck, but as it is probable that there is less water over this reef, it has been shown on the Chart as a rock having less than 6 feet over it.

(Variation 4° Westerly in 1904.)

This Notice affects the following Admiralty Chart :—Red Sea, No. 8d : Also, Red Sea, &c., Pilot, 1900, page 176.

This Notice affects the following Admiralty Chart:—Rangoon River and Approaches, No. 833.

PACIFIC OCEAN—Marshall islands.

Arhno Atoll—Reef reported to the south-eastward.

No. 284 (third publication).—The British Admiralty has given notice (No. 616 of 1904) that the Master of the Schooner *Neptun* is reported to have seen a reef about 30 miles south-eastward of Arhno Atoll, Marshall islands, and that the natives of that Atoll state that a reef exists in that locality.

Approximate position, lat. 6° 49′ N., long 172° 20′ E.

This Notice affects the following Admiralty Charts:—Atlantic and Indian oceans, No. 2483; Pacific ocean, No. 2683; Pacific ocean, north-west, No. 781; Marshall islands, No. 983: Also, Pacific Islands, vol. II, 1900, page 274.

RED SEA—EGYPT—SUEZ BAY.

Kal ah Kebireh—Beacon re-established—Alteration in buoyage.

No. 285 (third publication).—With reference to Notice to Mariners No. 70, dated 27th February 1904, issued by this office, the British Admiralty has given further notice (No. 619 of 1904) that a pole beacon, about 20 feet high, surmounted by a cage, has been erected on Kal ah Kebireh (Kalaa el Kebireh) on the site of the former beacon, viz., about 20½ cables S. 47° W. from the observation spot at Port Ibrahim.

Also, that the two light-buoys, exhibiting red fixed lights, formerly situated at distances of 2¼ cables East, and 4¼ cables S. 16° E., respectively, from the above beacon have been withdrawn.

It is intended also to replace the green light exhibited from the spit buoy by *two fixed green* lights, vertically placed, and move the buoy farther to the southward: the two light-buoys, marking the entrance to the canal being moved outwards at the same time.

Approximate position of new beacon, lat. 29° 54½′ N., long. 32° 31⅗′ E.

Further Notice will be given when the spit light-buoy has been altered.

The mean pressure, temperature, etc., are deduced from the traces of the Barograph and Thermograph, and from eye observations.

The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected to those of the standard, Newman's No. 86, formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV and V of the official tables computed in the Meteorological Office, and based on Regnault's modifications of August's formula.

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground. Rainfall reported on any day is for 24 hours preceding 8 A.M. of that day.

⌓, dew; o, overcast; d, drizzling rain; p, passing temporary showers; t, thunder.
